INDICATIONS.

FAIR TONIGHT AND PROBABLY FRIDAY.

The Fort Wayne Sentinel

SUGGESTION.
"It is not what a man puts into his pocket but what he takes out of it that makes life worth livin."

ESTABLISHED 1833. FORT WAYNE, IND., THURSDAY, SEPT. 5, 1901. PRICE TWO CENTS

PRESIDENT'S DAY AT BUFFALO

McKinley the Guest of Honor at the Pan-American ---Received With Great Enthusiasm and Delivers an Address.

Buffalo, N. Y., Sept. 5.—President's day at the Pan-American exposition dawned bright and clear, with the temperature sufficiently low to make the day all that could be desired.

It was evident from the crowds on the streets early in the morning that the attendance would be large. Business houses and private residences were gaily decorated with flags and bunting and banners were

PRESIDENT M'KINLEY.

Guest of Honor at the Pan-American Exposition Today.

stretched from windows and across streets, bearing words of welcome to the president and expressive of the sentiment which the great fair is designed to foster, "Peace to Pan-America."

Although the time announced for the departure of the president from the home of Mr. Milburn, in Delaware avenue, was 10 o'clock, crowds began to assemble in front of the house as early as 9 o'clock. A detail of police kept the crowd back from the sidewalk in front of the house, but those most eager to catch a glimpse of the president and Mrs. McKinley indiscriminately invaded the beautiful lawns of the adjoining residences and some went so far as to climb upon the verandas.

GREETED BY CHEERS.

Promptly at 10 o'clock the president emerged from the home of Mr. Milburn, Mrs. McKinley accompanying him, walking by his side without assistance. A great burst of cheers greeted them, which the president acknowledged by bowing and raising his hat.

The president and Mrs. McKinley entered the first carriage and Mr. Milburn, president of the exposition, and Mrs. William Hamlin, of the board of woman managers, the second. An escort of twenty mounted police and twenty members of the signal corps surrounded the two carriages and the cavalcade set out at a brisk trot for the Lincoln Park way entrance to the exposition grounds. The two carriages were followed by a number of carriages and tally-hos, their occupants blowing fanfares and adding animation to the scene.

At the entrance to the exposition

TRIED TO ROAST HIMSELF TO DEATH

New York, Sept. 5.—Frederick Ring, awaiting trial for highway robbery, attempted today to roast himself to death by setting fire to his bed in the Essex county jail in Newark. He is now in the jail hospital under close guard. The prisoner, who is known as a desperado, had received a visit from his mother. During the interview he had wept bitterly. Shortly after she left and before his attempt at self-destruction Ring sat down and wrote out a long letter of confession. This was found today by the warden when he searched Ring's cell. In the letter Ring confessed to having committed a murder in South Jersey about two years ago. Since then, he declared, the fear of arrest and hanging made his life a torment.

MANY SOLDIERS POISONED

FORT M'PHERSON HOSPITAL HAS 226 CASES.

Illness Caused By Ptomaine Poisoning in Food—Col. French Orders Investigation.

Atlanta, Ga., Sept. 5—Two hundred and twenty-six enlisted men of the Twenty-seventh infantry, stationed at Fort McPherson, are in the post hospital on account of illness, caused, presumably, by ptomaine poisoning. Of the 416 men enrolled in Companies A, B, C and D only 190 were on duty today. The physicians say the sickness was caused by ptomaine poisoning in the food served Tuesday evening. The cooks say nothing was prepared and left standing over night for breakfast and attribute the trouble to the ice. The cooks also claim that no canned goods have been used for six months and that nothing has been cooked in copper since last March.

Col. J. W. French, of the Eleventh infantry, post commander, has ordered a rigid investigation.

WELL KNOWN LAWYER DEAD.

Cleveland, Ohio, Sept. 5.—Major Emerson H. Eggleston, a well known lawyer, died today as the result of a surgical operation. He was sixty-two years old and had served a term as United States district attorney.

Arwid Polster has returned from an outing at Lake George.

WERE CAPTIVES ON BARREN ISLE

Abducted Leaders of Tampa Strikers Make Their Escape and Return With Startling Story of Hardship and Cruelty.

New York, Sept. 5.—A special to the Herald from Key West says:

The thirteen abducted leaders of the striking cigarmakers of Tampa, Fla., have returned from exile. The men who composed the central committee of Resistencia union, of Tampa, arrived here on a small fruit schooner, the Gertrude, of this port. Marooned on a barren, uninhabited isle off the coast of Honduras, they had, by an unexpected turn of fortune, escaped death from exposure and starvation and made their way to civilization and safety.

They believe it was the intention of their captors that they should never return from exile. The authorities of Washington have instructed the United States district attorney at Jacksonville, Fla., to make an investigation of the matter. Sworn depositions of the men taken before federal officials have been mailed to Washington.

EVIDENCE OF HARDSHIP.

The party consisted of six Spaniards, six Cubans and one Englishman. The Cubans and the Englishman, however, are naturalized American citizens. The men all bear evidence of the hardships encountered during their forced exile and present a pitiful appearance. The stories they tell are substantially the same, differing only in minor details as to the violence resorted to by their abductors. One of the men, Luis Barcia, who was taken at midnight from the bedside of his wife, whose accouchment had taken place three days before, and whose death has since been reported as a result of the shock incident to her husband's disappearance, says he was forced into a closed carriage and taken to the railroad station, where he was put into an electric car, of which the lights were out, the current having been shut off. Eight of his comrades, who had been similarly captured, were put with himself into the rear compartment of the car and taken to Ballast Point, a few miles west of Tampa, on Hillsborough bay.

Four other members of Resistencia union had previously been taken through the woods in a wagon to the same place, where a tug was steamed up awaiting them. Several of the guards on the car, the men say, were prominent citizens of Tampa and well known to them. After a brief conference at Ballast Point the thirteen men were dragged aboard the tug and the start was made, amid derisive farewells from the abductors on the dock. The tug headed for the schoner Marie Cooper, which was riding at anchor in the stream with all sails set. The men were transferred to the schooner under heavy guard. This was on Tuesday night, Aug. 6.

KEPT IN IGNORANCE.

A stiff breeze soon carried them down the bay and out to sea. As day followed day in dull monotony, without any indication that a landing was contemplated, the kidnaped men, who had been kept in ignorance, not only of their fate, but of their probable destination, became uneasy and requested to know where they were being taken. They were told they would be landed on English soil, far enough away to prevent a return to the United States for a long time. On the seventh day land was sighted and the captives were informed that their destination had been reached. Nearer approach revealed a long, low

(Continued on Second Page.)

THOUSANDS IN ATTENDANCE

PICNIC AT REFORMED CHURCH ORPHANS' HOME.

Eighteenth Anniversary of the Institution is Celebrated—Many Visitors There.

The annual picnic of the orphans' home of the Reformed church is being held this afternoon on the grounds of the home east of the city, and the crowd in attendance is the largest in the history of the institution. Since early morning incoming trains have brought delegations from surrounding cities, and a conservative estimate this afternoon placed the number of people on the grounds at over 3,000.

The program of the day commenced at 2:30 o'clock with an address in English by Rev. S. Mayers, of Youngstown, Ohio, after which Rev. J. Bachmann, D. D., of New Knoxville, Ohio, president of the home, delivered an address in German. Other speakers who were to make addresses were Rev. J. F. Winter, of Terre Haute; Rev. A. Becker, of Cleveland, Ohio; Rev. John Bosch, pastor of St. John's Reformed church, this city and treasurer of the home, and Supt. B. Ruf.

A special car service was put on the Spy Run avenue and Driving park lines this afternoon, and every car carried a full quota of passengers. At the Driving park the cars were met by 'buses and wagons and the passengers conveyed to the grounds. During the afternoon the Golden Eagle band gave a concert, and they will give another program this evening.

The orphans' home in this city is supported by all the Reformed churches in the United States, and at present there are nearly a hundred inmates. The home is a model in every way and the fine farms around it, cultivated by the inmates, are among the best in the county. Many improvements have been made at the institution within the past year, bringing it up in the front rank of institutions of the kind in the United States.

HERE TO SEE COURT HOUSE.

George Little, Henry Barber, A. Wickershop, John Fudge, John B. Stevenson, W. Ferguson and Lewis Smith, of Xenia, O., and A. A. Ohmer, a furniture manufacturer of Dayton, O., are in the city taking a look at the Allen county court house. They come as a committee to see the latest thing in court houses and court house furnishings with a view of recommending something to the people of their own town. They were shown about the county building by Custodian Scherer and were received and entertained by the board of commissioners. Like all other official visitors they say without reserve that Fort Wayne has the finest county building they have ever seen.

THERE WILL BE A CROWD.

At noon today the Journal-Gazette had given out over 3,000 tickets to today's ball game at League park. As early as 1 o'clock streams of boys were seen flowing toward the ball grounds, and the outlying districts had not yet been heard from. The parochial schools mostly closed at noon, although some of them remained in session until 3 o'clock, still giving the boys plenty of time to get to the grounds.

OLD BOAT CHOSEN

COLUMBIA WILL AGAIN DEFEND AMERICA'S CUP.

CONSTITUTION IS OUT OF IT

MANAGER DUNCAN IS BADLY DISAPPOINTED.

RACING AT NEWPORT ENDED

ENGLISH BY NO MEANS SURE OF WINNING CUP.

Newport, R. I., Sept. 5.—The yacht Columbia, champion of 1899, has been chosen to race against the Shamrock II. in defense of the America's cup. This decision was reached today after a conference, lasting two hours, between the members of the challenge committee. All the committee were present. Commodore Lewis Cass Ledyard presided.

The discussion was exhaustive. The performances of the two boats were gone over systematically and critically compared. The conclusion was that the behavior of the Columbia was far more consistent than that of the Constitution and that under the circumstances there was no alternative but to name her as the defender of the cup. It was held that, while the decision might be disappointing to the syndicate which owns the Constitution, the committee was compelled to choose the Columbia, whose races have shown none of the erratic form manifested by her rival.

The formal notice announcing the selection of the Columbia was posted at the yacht club station shortly after 12 o'clock. It read as follows:

"At a meeting of the committee on challenge of the Royal Ulster Yacht club, held on the flagship at 11:30 a. m., the Columbia was selected to represent the New York Yacht club.

"J. S. V. Oddie, Secretary."

DUNCAN DISAPPOINTED.

W. Butler Duncan, jr., manager of the Constitution, expressed disappointment that his boat had not been selected as the cup defender. He said everything possible had been done to get the best speed out of her and he had no fault to find with the officers or crew. He said that Captain Rhodes had been both skillful and faithful.

Mr. Duncan laid much blame on the sails of the boat for her erratic racing. He said that it was a mistake to change the first mainsail while she was doing such good work in her early performances.

The announcement of the selection of the Columbia was received here with expressions of approval among yachtsmen. She has shown herself such a reliable all-around yacht that the decision of the challenge committee is held to be strictly just and impartial.

As interested yachtsmen view the situation the Columbia has tuned up to the point of perfection. Her crew are enthusiastic believers in her capabilities. Their drill and discipline are beyond praise and nobody who has watched them has any doubt that they will make a gallant defense of the cup.

At the same time it is pointed out that Mr. Duncan, manager of the Constitution, has had a great deal to contend with. It is the opinion of many of his friends that if Nat Herreshoff had not been confined to his room by illness he could have remedied the faults of the Constitution and brought her out a winner.

After the challenge committee's meeting today it was learned that there will be no more racing for the ninety-footers at Newport. The time between now and the international cup race at Sandy Hook on September 21 will be spent in putting the Columbia in the best possible condition to defend the cup.

BETTING STORY A FAKE.

New York, Sept. 5.—The Evening World prints an interview with Walter J. Kingsley, the alleged commissioner for an English betting syndicate, to the effect that the story of wagers between him and Pittsburg capitalists, aggregating $400,000, was a skillfully devised "fake." Kingsley, according to the Evening World, said that he merely acted the part of a press agent, for which service he was paid.

ENGLISH NOT SO SURE.

London, Sept. 5.—While a section of the English press has been printing sensational New York specials lately, representing that all America despairs of keeping the America's cup and that even the New York club managers are betting on the Shamrock II., the stories give little real encouragement in English yachting circles. The feeling there is reflected by the Yachtsman, which says today:

"Why the fears of our cousins should be excited or the hopes of Sir Thomas Lipton's friends be raised by the turn of events, is not very easy to see. Of course, if the Columbia has been consistently beaten by the Constitution all through the season we should know that Herreshoff had improved on his design, but the fact that this is not proved to be the case indicates that the old design is perfect.

"It simply shows that the Columbia is a very difficult boat to beat, and anyone who has seen her will be quite prepared to admit that fact. Of one thing we are quite certain, and that is that whatever boat may be selected as the defender, the chances are altogether in her favor, though the Shamrock may make a close fight for the cup."

MEETING AFTER MANY YEARS

BRITISH NAVAL OFFICER ARRIVES IN THE CITY.

Harry Geake is the Guest of His Cousin, Contractor William Geake —A Long Separation.

William Geake, the contractor, this afternoon received as his guest Harry Geake, of the British navy, a first cousin, whom he has not seen for over forty-two years. Mr. Geake and his cousin were boys together in Bristol, England, and shortly after Mr. Geake's parents moved to America his cousin's folks moved to Australia. From Australia Harry Geake entered the service of her majesty in the navy department, where he has been for the past twenty-six years, but in the meantime all communication between the two families was lost. Several years ago Mr. Geake visited England and among other places, his old home, Bristol, and Brighton. At the latter place, through accident, he learned of the whereabouts of his cousin, Harry, who was then and now is stationed at Vancouver, B. C., being an officer in the engineer's department of the British navy. On his return home Mr. Geake opened a correspondence with his cousin, which has been kept up ever since. The cousin, Harry Geake, has just received a three months' leave of absence to visit England, and William Geake persuaded him to come by way of Fort Wayne, en route to New York, from where he will sail for England on the steamer Majestic, next Wednesday. The gentleman arrived in the city this afternoon, via the Nickel Plate, at 3 o'clock, and will be the guest of his cousin until probably about Sunday night.

COTTAGERS' TRAIN TO QUIT.

One week hence the cottagers' train, which has been in service between Fort Wayne and Rome City, will be taken off until next year. The final run will be made Thursday morning, September 12.

OFFICIALS HERE.

Officials of the Fort Wayne and Southwestern Traction company arrived in the city at noon today for a business meeting and an inspection of the territory. In the party were Sumner Wallace, of New Hampshire; G. E. Macomber, of Maine; W. B. McKinley, of Illinois, and General Manager S. L. Nelson, who makes his headquarters in this city. This afternoon the gentlemen are driving over the city to make decisions in regard to the proposed street car line extensions and the new entrance asked for the Fort Wayne and Southwestern road from the west. Nothing will be decided upon until after this inspection is completetd. The party will also drive over the territory adjacent to Fort Wayne with a view of establishing other lines than the one now under construction. Tomorrow morning they will take a trip over the road from here to Huntington, traveling on the steam engine which has been used in the construction of the road, and return in the afternoon. By that time some decision of importance will probably have been reached.

TO OPERATE IN INDIANA.

Dover, Del., Sept. 5.—The Indiana Long Distance Telephone and Telegraph company of Kentucky, with a capital of $1,000,000, was incorporated here today. The company is to construct and operate telegraph and telephone lines in Indiana, Ohio and Kentucky.

STRIKERS' RANKS MELTING AWAY

Increased Numbers Return to Work---Schwab's Demands at Peace Conference Would Reduce Association's Strength One-Half.

Pittsburg, Pa., Sept. 5.—Further breaks in the ranks of the striking steel workers occurred at McKeesport today. Five hundred men, or 100 more than yesterday, went to work at the National Tube company's plant, and nearly 100 men reported for duty at the Demmler Tin Plate works, which was to resume this morning under the protection of deputy sheriffs. A start was not made during the early hours of the day, however, but everything was in readiness for resumption. The fires were lighted in the furnaces and a start was expected before the close of the day.

The mill property was surrounded by a large force of deputies, but there was no disorder, although quite a crowd of strikers were loitering in the vicinity of the plant. The Boston Rolling mill was the scene of great activity this morning, and the strikers are closely watching it, as they fear an attempt is to be made soon to resume operations. A force of men were at work cleaning up and preparing the plant for work.

AGAIN DISCUSS PEACE.

Probable early peace is again being discussed here as the result of yesterday's conference in New York between President C. M. Schwab, of the United States Steel corporation, and members of the National Civic Federation. Hope was revived yesterday afternoon that the meeting might result in something tangible on which to base a settlement proposition, and disappointment was general over the the failure to reach an agreement. The hope was expressed on all sides that the conferess not having left New York, would get together again today and arrange a settlement before final adjournment.

SCHWAB'S STIFF DEMANDS.

The proposition from Mr. Schwab, said to have been communicated to President Shaffer, of the Amalgamated association, through President Gompers, of the American Federation of Labor, virtually demands a concession of the Clark, Painter, Lindsay & McCutcheon and Monessen Hoop mills. The plants were non-union when the strike started, and all are now running partially or in full. The association would also lose by the acceptation of the proposition the Crescent Tin Plate plant at Cleveland, the Star Tin Plate works in this city, the Canal Dover mills, and the works at Demmler. These have been union for a long time.

The tube plants at McKeesport, in this city and at Benwood, W. Va., would also be exempted.

The acceptance of the terms, it is said, would reduce the strength of the Amalgamated association nearly 50 per cent.

BOARD HELD MEETING.

Pittsburg, Sept. 5.—Five members of the advisory board of the Amalgamated association went into session this morning at Amalgamated headquarters, it is said, for the purpose of discussing the proposition received from New York regarding a settle-

(Continued on Second Page.)

ECUADOR MAY MIX IN THE TROUBLE

Washington, Sept. 5.—A cablegram was received here today from an authoritative source in Colombia, near the Ecuadorian border, stating that Ecuador had intervened as against Colombia with an army well equipped and with vessels of war. Under these circumstances the cablegram states that it will be necessary to meet the move of Ecuador by having Colombian war vessels in Pacific waters near the Colombian Ecuador frontier.

The information in the cablegram is considered clear evidence of Ecuador's intention to join forces with the rebellious element on the Isthmus of Panama. Until now Ecuador has maintained strict neutrality, but the cablegram received today indicates that the first overt move against Colombia has been made.

MARRIED THIS MORNING.

Miss Jessie Elizabeth McAllister, daughter of G. W. McAllister, was this morning united in marriage to Dr. Albert M. Shaw, a prominent physician of Ottawa, Ill. The officiating clergyman was Rev. J. Webster Bailey, pastor of Plymouth Congregational church. The ceremony was performed at 10 o'clock, in the presence of about twenty relatives and near friends. There were no attendants. Following the ceremony Caterer Lacklin served an elaborate wedding breakfast and at noon Dr. and Mrs. Shaw went to Chicago. They will be at home to friends in Ottawa after October 15th.

DIRECTORS' MEETING.

The regular monthly meeting of the board of directors of the Indiana School for Feeble Minded Youth was held at the home today. No important business was up for consideration and a few minor business matters were disposed of. The plans for the new building for adult females, which were to have been submitted today by the architect, were not forthcoming, and a special meeting will be called later to pass upon the drawings.

WHEELMAN'S NARROW ESCAPE.

Frank Friedman, residing on Holton avenue, while riding on Harrison street, near Main, Wednesday, collided with a team driven by William Preece. Friedman was thrown violently to the ground and badly bruised and cut. His wheel was ruined. Preece was driving on the wrong side of the road and was obliged to settle for the damage.

ADMIRAL SCHLEY SENDS PROTEST

Objects to Navy Department's Course and Wants Available Witnesses Summoned---Capt. Forsyth Squares Himself.

Washington, Sept. 5.—The navy department today received two letters from Admiral Schley, relating to the coming court of inquiry. One of these was in reply to Acting Secretary Hackett's note of yesterday, which stated that if Admiral Schley would furnish a list of the important witnesses he desired to have brought to Washington at once his request would be acceded to as rapidly as the interests of the service would permit, by bringing several of the witnesses at a time. Although the reply of Admiral Schley was not made public it is understood that it is in the nature of a respectful remonstrance against the course suggested, coupled with a specific request that all of the witnesses easily available shall be summoned for purposes of conference. The other communication is understood to relate to a formal detail of the trial.

HEAR FROM FORSYTH.

Washington, Sept. 5.—A reply has been received at the navy department from Captain Forsyth to the letter calling his attention to an alleged interview published on the subject of the Schley court of inquiry. An earlier letter of the department to Captain Forsyth, it appears, did not reach him. The following statement of the character of the reply was made at the department:

"Captain Forsyth, while coming east, was detained over Sunday at Kansas City, Mo. He declined to talk with a reporter. It seems, however, that he fell into private conversation with some person in the hotel, with no idea what he said would be repeated in any form.

"His remarks were distorted and were used to form the substance of the alleged interview. Captain Forsyth has made such disclaimer, and has so frankly avowed his deep regret at any indiscretion in the premises, that the department is satisfied there was no intention on his part of violating the order of the department to refrain from public statement.

"No action will be taken by the department further than to inform Captain Forsyth that his explanation is satisfactory, and that the incident will not be treated as affecting his excellent record."

ASK YOUR NEIGHBOR

HUNDREDS OF FORT WAYNE CITIZENS CAN TELL YOU ALL ABOUT IT.

Home endorsement, the public expression of Fort Wayne people should be evidence beyond dispute for every Fort Wayne reader. Surely the experience of friends and neighbors, cheerfully given by them will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

Doan's Kidney Pills for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases—Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address, Foster-Milburn Co., Buffalo, N. Y.

PEOPLE.....
Who Want Money
Should Read This

This company is organized for the special purpose of loaning money to persons momentarily embarrassed and who wish to avoid delay in obtaining a loan.

We advance you $10, $15, $25, $75, or any amount on your furniture, piano, horses and wagons, warehouse receipts or any like personal security. All property is left in your possession and you have the use of both the money and the goods.

Don't go to your friends—be independent and come to us, then your affairs are sure to be kept private. All our business is strictly confidential.

You can have from 1 month to 1 year to repay your loan. By borrowing here you save money. Full particulars given by calling at our office.

Indiana Mortgage Loan Co.,

Room 3, Arcade, upstairs. Home 'phone 995.

Open Saturday evenings from 7 to 8:30.

Money to Loan to Salaried People.

Salaried people holding permanent positions with responsible and well established concerns or corporations can get money on their own name without endorsement. All business confidential and private.

PIONEER WOMAN IS CALLED

MRS. MARY G. BUETER GOES TO HER REWARD.

Death Came Suddenly as a Result of Paralysis—Other Mortuary Matters.

Mrs. Mary G. Bueter, one of the pioneer women of Allen county, died at the home of her daughter, Mrs. Milla J. Violand, 160 East Washington street, Wednesday afternoon. She was nearly seventy-seven years old, and enjoyed rugged health up to Monday night, when she suffered a stroke of paralysis, which resulted fatally. She was able to be about every morning to attend religious services at St. Mary's Catholic church. Monday morning she attended mass as usual and later in the day stood on the sidewalk while watching the Labor day parade. No ill effects of the exertion were felt until Monday evening, when she was suddenly stricken.

Mrs. Bueter was born at Meppin, Hanover, Germany, and had she lived until next Sunday she would have been seventy-seven years old. Her maiden name was Abeln. She came to America in 1849, being one of a party of seven persons who left their birthplace and came to Fort Wayne. They landed in New York in April after a nine weeks' voyage, and started for Fort Wayne by way of Albany, Buffalo and Toledo. From Toledo they were brought here on the Wabash and Erie canal, arriving on July 5. Of the seven who formed that party but one is now living, H. H. Schnelker, of New Haven, who was then a little child. Two weeks ago Mrs. Bueter attended the annual reunion of the family at the Sunflower club house on Herman Bueter's farm near New Haven. Mrs. Bueter was married on April 2, 1852, to Bernard H. Bueter in the St. Augustine's Catholic church that stood on the present site of the Cathedral. For ten years they lived at the corner of Washington and Clay streets, and then moved to a farm in Adams township, where there children were reared. Bernard Bueter died eight years ago and then the widow came to live with her daughter, Mrs. Violand. Four children survive her; Barney Bueter, trustee of Adams township; Frank H. Bueter, a merchant at New Haven; Herman Bueter, of Adams township, and Mrs. Violand. There are twenty-two grandchildren, one of whom is Deputy County Clerk John Bueter. Henry Schone, the funeral director, is a nephew. Mrs. Bueter was the last of a family of six children. She was one of the founders of the St. Mary's church, and her husband helped to build the first church, which was destroyed by an explosion in 1886. She was a member of the rosary society, the Altar society and the school society, to which she gave much of her time.

The funeral will be held Saturday morning at 9 o'clock from the residence, and at 9:30 from the St. Mary's church. Rev. J. H. Oechtering will officiate.

The pall bearers will be the grandsons and nephews of the deceased.

BLEKE.

Edward Bleke died Wednesday afternoon at the residence of his brother, in Marion township, with whom he had made his home for a long time. Death was due to a complication of diseases with which he had been a sufferer for months. He was a member of the Lutheran church on the Piqua road. Surviving him are one brother, Charles Bleke, and two sisters, Mrs. John Schwehn, of New Haven, and Mrs. Samuel Heiber, of Adams township.

The time of the funeral will be announced later.

The funeral services will be held Saturday morning at 9:30 o'clock from the residence, and at 10 o'clock from Franke's Lutheran church, on the Piqua road.

STOUT.

Mrs. Elizabeth Stout died at her home in Wells county Tues[illegible] ing of paralysis. She was the mother of Mrs. Alice Masterson, of Fort Wayne.

WELLMAN.

Edward Wellman died at noon Wednesday at the home of his sister, in Knoxville, Tenn., of consumption, at the age of 21 years. He was born and reared in Fort Wayne and was compelled to leave here about a year and a half ago on account of failing health. Previous to that time he was employed as a clerk at the wholesale iron house of Edwin M. Coombs. After giving up his work, Mr. Wellman went to Colorado, and not finding relief there, went to Knoxville, Tenn., where he made his home with his sister until his death. While a boy he was a carrier for The Sentinel. He leaves a sister, Mrs. John Myers, of Knoxville, Tenn., and two brothers, Fred, of the Fort Wayne Electric works, and Theodore. Mr. Wellman's parents are dead. The remains will arrive here Friday afternoon at 4 o'clock and be taken to the residence of his uncle, Henry Wellman, 237 Broadway, where the funeral will be held Saturday afternoon at 2 o'clock. Rev. Wambsganss will officiate. The pall bearers will be Herman Kraft, Brown Wood, Ed Mannock, Gust Strieder, Harry Pranger and George Bittler.

FUNERAL ANNOUNCEMENTS.

Johnston.—The remains of Mrs. Johanna Johnston will be shipped to Roanoke for interment tomorrow morning. There will be a funeral service at 8:30 a. m., conducted by Rev. J. W. Lake.

WERE CAPTIVES ON BARREN ISLE

(Continued from First Page.)

stretch of sand beach, without sign of human habitation. The men were landed at night, each one receiving $5. A box of soda crackers, two small hams, three cans of beef and about a gallon of water were placed on the beach. The boats then returned to the schooner, which immediately set sail and disappeared in the distance.

PROVISIONS GAVE OUT.

For days they wandered along the beach, husbanding their meagre supplies, and without encountering a human being or sighting a sail. The small supply of provisions finally gave out, the water supply was exhausted, their hands and faces were burned by the tropical sun and their feet blistered by long marches. They began to despair of ever reaching home and had almost given up the fight, when they were discovered by an Indian. He brought aid, took them to the mainland and guided them to a plantation of a Mr. Bruno, where they were well received. Their immediate wants were supplied and they procured a small boat to take them to Truxillo.

They were told by Mr. Bruno that from the description they gave of the island they had evidently been landed near the mouth of Plantation river. At Truxillo they had the good fortune to meet two Cubans, formerly residents of Florida, and now engaged in fruit culture there, who supplied funds and hired a schooner to take them to Bonaccion, where they were equally fortunate to find the schooner Gertrude seeking a cargo of fruit for this market. They chartered her and sailed for Key West.

IN THE JUSTICES' COURTS.

The provoke case filed by Paul Kirbach against his brother Frank was dismissed by Justice Huser Wednesday before it was fairly under way. The justice said that he saw the suit was a simple case of getting even and that he did not propose to have his court made a vehicle for such proceedings.

Julia Scott today filed an affidavit for assault and battery against John A. Scott. The affidavit was filed in Huser's court, and Mr. Scott, through his attorney, at once moved for a change of venue. Before the affidavit was completed Attorney J. R. Bittenger, representing the state, dismissed the case, saying he would refile it in the municipal court, from which court no change of venue could be taken, saying as he did so that he believed the venue was asked for simply to harrass and embarrass the prosecuting witness.

Justice Bullermann this morning performed a marriage ceremony in his office with much eclat and other customary trimmings. The high contracting parties were Louis and Mary Guillaume, not related, but both highly respected citizens of St. Joseph township.

ABOUT THE CITY HALL.

The board of works will meet this evening in regular session, when the confirmation of the assessment rolls for the pavements on Hanna street and Fairfield avenue will come up and will be the principal item of business. So far as now known there will be few objections to the assessments as they have been made out.

City Attorney Shambaugh and wife left last night for a ten days' vacation, to be spent at Petoskey.

The clerks in the engineer's office at the city hall are engaged now in filling out the notices to property owners notifying them of the change in the street numbers on their properties, to conform to the new system just completed. The work is an arduous job and with the present force will require a month or two for completion.

C. F. Pfeiffer has filed a plat for a sub-division of Lillie's out-lot No. 25, abutting Hayden street. The board of works will consider the matter at tonight's meeting.

Mrs. Barney Weismantle and daughter are visiting friends in Bluffton.

ROBBERY CASE IS CLEARED

DETECTIVE COLING NABS MAN WHO CONFESSES.

Boys Suspected of Petty Thieving Are Released—Other Doings in Police Circles.

Several days ago D. N. Foster reported to the police department that several mattresses had been stolen from his factory and he asked the assistance of the department in locating the thief. Detective Coling went to work on the case and this morning arrested Charles Trowbridge for the theft, secured his confession and recovered the stolen property. Trowbridge is a driver of Foster's delivery wagon, and when Mr. Foster was notified he said he did not care to prosecute the offender if the goods were returned. Trowbridge was once before in the employ of Mr. Foster and stole a lot of property for which theft he was sent to the penitentiary. After he returned from the prison north Mr. Foster again employed him and he repaid his benefactor by stealing again. Some time ago while delivering a load of goods to a private residence he stole $3 from a pocketbook which he found on a dressing case in a room where he delivered part of his load. He was nabbed by Coling, but the fellow begged so piteously and returning the money there was no prosecution in that case.

BOYS ARE RELEASED.

At police court this morning Judge Louttit had a ticklish proposition to unravel. Yesterday afternoon Detective Coling arrested three boys, John, Bennett and Jesse Downey, lads aged 14, 11 and 9 respectively, for the alleged burglary of the residence of Frank K. Safford at 450 Fairfield avenue. Articles of only nominal value were taken, but the house was turned upside down from cellar to garret on the inside. The boys are the smoothest lot of youngsters that have ever been in police court and they told a story so smooth that it was difficult to catch them on any question. Although the stolen property, or at least a part of it, was found in their possession, they accounted for it by saying that some boy whom they do not know, had given it to them. It could not be proven that they had actually entered the house, although the circumstances pointed to them as the marauders without any question. The mother of the children was there and pleaded for them in tears. The boys are evidently bad, but Judge Louttit was loath to send them to jail and proposed first to send them to the circuit court to be dealt with by Judge O'Rourke, and possibly be sent to the reform school. After consultation with the prosecutor, Judge Louttit concluded to continue the hearing of the case until Saturday and in the meantime keep the boys locked up in the police station in separate cells, and then on Staurday dismiss them with a reprimand, considering their punishment by that time would have been sufficient. It was then learned that there was no funds to feed the lads and finally after the mother and father both promised to endeavor to take better care of the children in the future they were allowed to go.

MINOR POLICE NOTES.

A gang of tramps congregated near Lindenwood cemetery was reported to police headquarters last night. Several officers and deputy sheriffs went to the place in the patrol wagon, but when they arrived the gang had dispersed, evidently having received a tip from some source.

The patrol wagon was called to the corner of Sixth and Cass streets last night to quell a family disturbance. When the wagon arrived the white-winged dove of peace had spread her wings and no arrests were made.

A new saloon was opened in Bloomingdale on Wells street last Saturday night and last night had its first exciting time. A woman armed with a club appeared at the place and threatened to Carrie Nationize the store unless her husband was delivered to her forthwith. The husband objected to the delivery, but being assured that he would not be trounced if he went home at once the incident was closed by the woman walking off with her better half in triumph.

It was reported at the city hall this morning that Deel's saloon at Williamsport, this county, was destroyed by fire on Monday night. Whether by accident or incendiary is not known.

A stray boy 4 years old was quartered at Hottendorf's grocery at the corner of Wallace and Hanna streets for several hours last night. The parents finally got track of their youngster and took him home to bed.

POWERS OUT OF DANGER.

Frankfort, Ky., Sept. 5.—Former Secretary of State Caleb Powers, one of the men in jail here, in connection with the shooting of Governor Goebel and who was hit with an iron inkstand last night by James Howard, another Goebel prisoner, was slightly improved today and is believed to be out of danger. Howard today expressed great sorrow over his display of temper.

STRIKERS' RANKS MELTING AWAY

(Continued From First Page.)

ment of the strike.

There were present President T. J. Shaffer, Secretary John Williams, Business Manager Benjamin I. Davis, Assistant Secretary M. F. Tighe and Trustee John Pierce.

The absentees were Trustees John H. Morgan and Elias Jenkins. Morgan is in Niles, Ohio, at work, and Jenkins is at Youngstown.

Trustee Pierce, when seen during the morning said that the officials could not agree to the proposition submitted by the corporation. A note was sent to President Shaffer, but he announced that he had nothing to say.

It was reported about headquarters that a counter proposition was in preparation, which would be referred to the corporation, but this could not be confirmed.

It was also said that Trustees Morgan and Jenkins had been sent for and might be here later in the day.

Manager Lauck, of the Demmler plant, announced this afternoon that work would not be resumed before tomorrow.

The strikers claim that the reason for the delay in starting is that the management was disappointed in the number of men reporting for work.

The advisory board adjourned for lunch about 1 o'clock and an hour later resumed the conference. None of the officials would talk except Trustee Pierce, who reiterated his previous statement that they would not accept the proposition made by the United States Steel corporation, adding that no counter proposition had been made and while they still insist on the terms made, they were willing to arbitrate the differences. The committee that visited President Schwab, he said, had no authority from the Amalgamated association to settle the dispute and the strike was in the same position today as it was before the conference.

WERE SOME LIVELY SCENES

IN LONDON CONFERENCE OF METHODISTS TODAY.

Progress of Methodism in America Occupied Much Time—American Ministers Speak.

London, Sept. 5.—The Ecumenical Methodist conference today unanimously declined to hear the secretary read the message of Archbishop Canterbury in which he expressed a hope that some day the Methodists would be united with the Episcopalians.

Bishop Hartzell, missionary bishop of the Methodist Episcopal church in Africa, said the present time was the beginning of another empire of Anglo-Saxon civilization. The war was merely an incident.

Dr. Leonard, of New York, tanked God for what Great Britain was doing in South Africa and expressed the hope that the war would soon end with the Union Jack floating.

Most of the time of today's conference was taken up by reports on the progress of Methodism in the United States, Canada, Mexico and South America. The proceedings were enlivened by an ardent pro-English speech delivered by Rev. Joseph Gibson, of Ingersoll, Canada, who defended the action of the British in South Africa. Frequent interruptions arose from the English delegates, one of whom finally declared that if Mr. Gibson proceeded he would have to be answered in a controversial strain, as he was voicing sentiments by no means shared by many present, whereupon the chairman ruled Mr. Gibson out of order.

Rev. J. F. Goucher, of Baltimore, read a paper on "The Present Position of Methodism in the Western Section." Rev. J. D. Hammond, of Nashville, Tenn., reported on Methodism in the south, and Rev. Johnson, of Bellville, reported for Canada. Among the other speakers were Rev. J. P. Brushingham, of Chicago, and J. W. Butler, of Mexico City.

A picnic given at Parnin's grove, four and a half miles northeast of Monroeville, by Father Dandurand's congregation, of Monroeville, was largely attended by Fort Wayne people. Ed Nicodemus, Joe Mason, Mike Walsh and a number of other candidates for office next year were present in force.

The People's Store.

Our Advanace Showing Of....

New Fall Goods

Is attracting everybody's attention. For the past few weeks there has been a constant incoming of everything that is new and desirable in fall and winter merchandise, and we extend to one and all a cordial invitation to call and inspect the LARGEST, BEST and MOST COMPLETE EXHIBIT of seasonable merchandise ever shown in this locality. Of the immense variety we would call your attention especially to the following lines:

New French Flannels.

An endless variety of all the new and popular shades and patterns for fall wear—an elegant waist material—at 50c, 69c, 75c yard.

Tricot Cloths, 27 inch wide, all the new shades, as nile green, pearl grey, cadet blue, royal blue, navy, red etc., the very material you are looking for, for a medium priced all-wool waist. Call and inspect this line.

PIXLEY-LONG BLOCK.

NEWSPAPERARCHIVE.com

DIRT CLEARANCE.

IT is a good plan for every bather to know something of the soap he uses. There is a well-founded objection to using a floor-cleaning soap upon the human body. Ivory Soap is the bather's soap. It costs more than common soaps, but the difference is in the ingredients and making. Why not treat yourself with a little respect. Is not the human skin with its marvellous delicacy entitled to pure soap? Ivory Soap—it floats.

COPYRIGHTED BY THE PROCTER & GAMBLE CO. CINCINNATI

PRINCIPLE IS NEW.

(The Motor Age.)

Franz Burger, of Fort Wayne, Ind., a man who has done a vast amount of gasoline engine work, has lately designed one which is based on quite different principles from those in general use. In this new engine compression of the vapor in the usual way is obviated. An air tank is provided in which air is compressed to about 100 pounds pressure.

The plan of the designer is to admit air and gasoline vapor during about two-thirds of the stroke, and to consume them in the cylinder, obtaining power by comparatively gradual expansion of the air rather than by the sudden explosion which commonly occurs. The application of the motor to automobiles is among the remote possibilities.

John Wessel, Howard Muhler, Michael Shea, John Sullivan and Paul Welch leave Monday to resume their studies at St. Joseph college, Rensselaer.

Miss Hattie LaMar has resigned her position in the Home telephone offices. Miss LaMar is visiting her sister, Mrs. Percy Osborn, in Grand Rapids.

Nattie and Clara Bendure, the son and daughter of Mr. and Mrs. W. H. Bendure, of East Wayne street, went to Bellevue, Ohio, last night to visit Mr. and Mrs. C. W. Zeigler a few days.

Columbia City Post: "Hon. James M. Robinson, congressman of this district, drove to this city last evening from Fort Wayne to attend to some business matters and shake hands with his many friends."

Mr. and Mrs. Wells, of Garrett, Ind., who have been the guests of Mr. and Mrs. William Sargent, of East Wayne street, have returned home. Mr. Wells is a conductor on the Baltimore and Ohio railroad.

Columbia City Post: "Dr. Alice Williams accompanied Mrs. Anna Manor and her two-year-old son, who reside in Noble county north of Loon lake, to Fort Wayne Wednesday noon. Some four months ago the child drank some ash lye and since then has been unable to retain food on its stomach. They went to the Summit City with the expectation of entering a hospital so that an operation could be performed."

Columbia City Post: "Marion Kaufman, of Jefferson township, who has been shipping stock from Whitley county over the Nickel Plate road ever since it was first built, is shipping regularly from Raber, Dunfee and Prairie Switch. Mr. Kaufman has moved his family to Fort Wayne for the winter to give his children a chance to go to school. Mr. Kaufman's brother, Web, remains here to look after the Whitley county trade."

Miss Lizzie Crow, of East Wayne street, was pleasantly surprised by a company of friends last evening in honor of her birthday anniversary. Progressive pedro and music were the features of the evening and in the games first prizes were won by Miss Anna Ray and Will Webber, while the consolations went to Miss Mary Palmer and Joe Raby. Miss Crow received a number of beautiful presents and at a late hour an elaborate luncheon was served.

Ask Him

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows the formula, so ask him if there is anything better for purifying the blood, strengthening the digestion, and building up the nerves. Follow his advice, whatever it may be.

"I have taken Ayer's Sarsaparilla every spring since 1848. As a blood-purifying and nerve-strengthening medicine it cannot be equalled."
S. T. Jones, Wichita, Kans.

$1. All druggists. J. C. AYER CO., Lowell, Mass.

LOCAL LINES.

Bishop Alerding is transacting business in Chicago.

Mrs. John Davey, of Toledo, is visiting the Misses Geake.

Miss Alice Hall has returned from an extended visit in Chicago.

Mr. and Mrs. J. B. Pellens and children have gone to Petoskey.

Rev. John Noll, of Kendallville, was a visitor in the city yesterday.

A. J. Detzer and family leave this evening for a three weeks' visit in Leland, Mich.

A NEW SUPERINTENDENT.

C. M. Armstrong, of Cleveland, O., has been appointed to the superintendency of the branch offices of the International Correspondence schools of Scranton, Pa., in this city, to succeed Mr. Harris, who has returned to Buffalo. Mr. Armstrong is a man of ability and energy and will push the interests of the schools in this vicinity. Offices have been opened in room 1, Arcade.

THE JEWISH NEW YEAR.

The Jewish New Year begins on Friday evening, Sept. 13th, and special services will be held in Achduth Veshalom temple, this city, in observation of the day. Rabbi Cohn will preach special sermons on Friday evening and on Saturday, and the church choir will render a special musical program. According to the Jewish calculation, September 13th will begin the year 5,662, reckoning from the time of the creation of the world. Yom Kippur will be celebrated commencing Sunday evening, Sept. 22, and continuing over Monday.

WORK GOES RAPIDLY.

Work on the Fort Wayne and Southwestern at the Huntington end of the line is being pushed rapidly. The Huntington Herald says: "Men are engaged in stringing the cross wires on the trolley poles in the city. The steel poles are originally set so they can be sprung somewhat when the crosswire is attached and the spring thus afforded will always keep a good tension in the wire. The poles and wire will soon be ready. The track is the next essential."

UNNATURAL FLESH.

Reduced by Leaving Off Coffee and Using Postum Food Coffee.

"I have used coffee many years; in fact, ever since I was a child, until a few months ago I became satisfied that it hurt me—caused the miserable drowsy feeling and the bloated condition of my body. I was very fleshy all the time, unnaturally fleshy.

Since I left off drinking coffee and use Postum Food Coffee the effect has been wonderful. I feel like a different person. The bloating has all gone. I am very much thinner and more natural in shape, have a better appetite and do not feel sleepy and drowsy as before. I shall never use any more regular coffee.

When I first tried Postum I was not satisfied with it, but decided that the fault must be my own, for so many people used Postum and liked it that I knew there was some trouble in my preparation of it, so I examined the directions carefully and found that I should boil it long enough to bring out the flavor and the food value. When I prepared it right, it was elegant and I am more than pleased with the delicious beverage I have for breakfast every morning." Mrs. E. M. Pope, 1158 23d St., Detroit, Mich.

Life's Period.

Old Age is Robbed

of its terrors, and renewed youth and regal figures are gained through

MOTHER'S FRIEND.

There is no reason in the world why every woman should not be pleasant to look upon. A famous woman once said: "There are no ugly women; there are only women who do not understand how to make themselves beautiful."

Mother's Friend is a valuable aid to any wife. It is a liniment for external application, and relieves all suffering due to pregnancy. Morning sickness is prevented if this remedy is rubbed into the skin throughout the whole period of pregnancy.

Women never get old or lose their shape from child-bearing if Mother's Friend is regularly applied. The child too, is beneficially influenced by its use, and usually health and vigor are characteristic of both mother and child at birth. Get a bottle of your druggist for $1.00, and write to us for our free booklet, "Motherhood."

Roosevelt declines to talk politics and politicians retaliate by a manifest indisposition to talk Roosevelt.

If in response to Turkey's appeal Germany should suggest the unusual experiment of paying the claims, the "Sick Man" is due to have a severe relapse.

If Abdul Hamid gets into a fight and has to pay damages, he must not look to Uncle Sam to go on his indemnity bond. Abdul is not in good standing at the treasury department.

As an evidence that Mr. Cleveland is not an avaricious man who exacts every penny due him, there still is due to him at the treasury of the United States an unpaid balance of one cent.

When various politicians are unanimous in declaring each that he does not know anything about the political situation, the public begins to suspect that they may all be telling the truth.

So many senators and representatives spent their vacation abroad this year that at the next session of congress the country may expect to hear a great deal about how things are done in foreign parts.

Galveston has had a great business year in spite of the calamity of September, 1900. Its cotton receipts have been 467,720 bales greater than they were last year and its bank clearances increased from $339,000,000 to $360,000,000. In its commerce Galveston has gone ahead of former figures, regardless of the hurricane that in a city of less vitality might have been an overwhelming blow. But the chief port of Texas and the southwest recuperated with wonderful rapidity. More than one-fourth of the cotton crop of the country passed through the port this season.

National spites and enmities are usually short-lived so far as their effects upon business are concerned. There is very little sentiment or patriotism in commercialism. People make their purchases wherever they can do so to the best advantage, and they sell their own goods wherever they can. As a rule this is proper. Probably no people in recent times ever hated another more bitterly than the Spaniards did the Americans for a time prior to the late war and for a considerable period after the conflict was over. Our late antagonists do not love us much yet. But they are trading with us just the same, the trade being reported as normal, both as to exports and imports.

President McKinley made a good speech at Buffalo today. It is not only entertaining, but very interesting, showing the wonderful growth and prosperity of our country. It will be found in full in our telegraph columns, and should be carefully read by all our readers.

The crop movement from the west is now well under way and more money than usual is being put into circulation. The authorities at Washington report that shipments of money from the treasury to the south and west for the movement of crops have been much heavier this season than ever before. And the cash sent from the treasury is but a small portion of the total used in this manner. The funds supplied by local banks and from private sources swell the aggregate to enormous proportions.

All that the people ask of Mayor Berghoff, the board of works and the city council in their dealings with the Fort Wayne Traction company is to treat them in a fair and honorable manner. It will not pay the city to load upon this company a burden too heavy to bear. Neither should the traction company ask the city to grant them privileges that would in any manner be unfair to the city or interfere in any way with the properity and growth of the many interurban railway companies that are so earnestly knocking at our gates for admission. Let the proper persons get together at once and come to some fair conclusion. Only a broad and liberal policy will keep our city going forward.

COMMITTEE MAKES PROGRESS

REV. DR. MOFFAT TALKS TO NEW YORK REPORTER.

Churchmen Who Are to Revise Westminster Confession Will Meet in Washington.

The committee appointed by the last general assembly of the Presbyterian church to revise the Westminster confession of faith will meet at Washington in December. A session of the committee, of which Rev. Dr. W. D. Moffat, of this city, is a member, was held a few days ago at Saratoga, N. Y., and in an interview in the New York Sun Dr. Moffat is quoted as follows:

"All I am authorized to say is that the committee made progress and will meet in Washington on December 4. It has been decided that nothing will be given out for publication at this time. We came to this decision because we didn't want the report of what we had done distorted in the newspapers."

"Were the sessions of the committee harmonious?" Dr. Moffat was asked.

"It all depends on what you mean by harmonious," was the reply. "There were no fights, but if it had been supposed for a moment that we would all have been of one mind on the question of revision, there would have been no use of appointing more than one on the committee. There was no fighting, no fighters."

"But some Presbyterians hold that there is no need of revision, that in fact it would be almost a breach of faith to revise the confession. Was any such motion expressed at meetings of the committee?"

"I would like to tell you," said Dr. Moffat, "but I am not authorized to do so, nor is any other member of the committee. There were no fights. You'd better just say that the committee made progress and may have something to make public after the meeting next December."

A REMEDY FROM NATURE'S LABORATORY.

KILLED AT A FAIR

ANDERSON MAN MEETS DEATH ON RACE TRACK.

KOKOMO THUG VICTIM DIES

YORKTOWN POSSE GOES AFTER FOUR DESERTERS.

AGED COUPLE ELOPES TO WED

VARIED GRIST OF HAPPENINGS IN HOOSIERDOM.

Anderson, Ind., Sept. 5.—Slavin Graham, aged sixty years, a farmer who lived south of the city, was killed on the race track at the fair grounds yesterday afternoon. While crossing the track at the quarter turn he was struck by a running horse ridden by Jocky Horn. Graham's leg was broken and his skull fractured. He was taken to the hospital unconscious and died about 6 o'clock in the evening. Horn was exercising his horse when the accident occurred.

HER HOME WAS GONE.

Hartford City, Ind., Sept. 5.—Mrs. Emmanuel Tipple, of this city, who deserted her family and eloped with Isaac Boyle, has returned to the city, Boyle having deserted her at Sandusky, Ohio. Her husband, when he learned of the elopement, immediately started out on foot to overtake the pair. Letters have been received from him at various points in Ohio, stating that he was close on their trail. Mrs. Tipple returned to find two of her children in the feeble minded school at Fort Wayne, her husband gone and the house in which they lived torn down. Only a small payment had been made on the lot, and the house, which was ill constructed, was removed soon after the elopement.

ROBBED IN A HOTEL.

Valparaiso, Ind., Sept. 5.—W. C. Carleton, of this city, while returning to his work at Bourbon last evening, was followed by two men. Carleton went to the hotel early in the morning and was suddenly awakened by two men who pointed revolvers at him and demanded his money. Carleton had about $125 with which to pay some railroad employes, and this the robbers obtained. The men then escaped through the window, where they had entered by means of ropes and pulleys. Carleton describes them as one tall and the other short. It is presumed they are men discharged by Carleton, as he has a number of men in his employ and is forced to make changes often.

ROPE CUT HIS THROAT.

Winchester, Ind., Sept. 5.—Frank Hart, living northeast of Spartansburg, this county, is lying at his home in an unconscious condition from what is likely to prove a fatal accident. In the morning he drove out to a clover field with his team and a mower for the purpose of harvesting his seed clover. A few hours later he was found near his barn, his throat cut from ear to ear, it is thought from the action of a rope which must have become fastened in some manner about his neck. His team had made its way back to the barn lot with the machine.

INSANE MAN IS CAPTURED.

Huntington, Ind., Sept. 5.—James McCune, giving Port Huron, Mich., as his home, carrying a heavy stone in each hand and imagining that men are pursuing him, was overcome by officers in a cornfield east of the city yesterday. His frantic actions and his wild ravings had terrified people in that neighborhood several hours. How he reached the county is a mystery. He is being confined in the county jail awaiting developments.

FRANCHISE GRANTED.

Winchester, Ind., Sept. 5.—The county commissioners were in session yesterday and granted the franchise to the Eastern Indiana Traction company for the right-of-way through the county for the proposed line between Richmond and Portland. The commissioners met with no opposition. Work will begin on the line at once.

DOTTERER IS DEAD.

Kokomo, Ind., Sept. 5.—Benjamin Dotterer, who was assaulted and shot last Monday midnight by a gang of robbers, in his own home, six miles north of this city, died yesterday. Dotterer and his wife spent Labor day in this city, and while here sold a piece of land, for which he received $600 in part payment. It is thought that the burglars were after this money. There is not the slightest clew to the identity of Dotterer's assailants, but it is believed that they live in this city and had knowledge of the land transaction following the Dotterers to their home. There is great indignation in Howard county because of the crime, and summary vengeance may be dealt to the scoundrels if they are captured. Sheriff Harness and Police Superintendent Taylor, accompanied by a posse, have scoured the country in every direction, but they have no trace of the murderers.

HUNTERS GET PERMITS.

Columbus, Ind., Sept. 5.—State Fish Commissioner Sweeney is issuing permits to Indiana hunters for killing squirrels, ducks and other game between October 1 and November 10. About 1,000 permits have been issued and several hundred are on file. The commissioner is buried under the mass of inquiries as to the new hunting laws. He says twenty-five dynamiters will be tried in the courts this fall. He thinks the new laws are working well and gaining in favor with the people.

WOOD ADVANCES IN PRICE.

North Manchester, Ind., Sept. 5.—The scarcity of firewood in northern Indiana was illustrated at a public sale near here, where a quantity of fifty cords or more of ordinary stove wood sold to the highest bidder for $2.15 a cord on the ground, the purchaser doing the hauling. This price is about double what has been charged heretofore.

TEACHERS IN SESSION.

Lagrange, Ind., Sept. 5.—The county teachers' institute is in session here, with a good attendance. The instructors are J. C. Hartzler, of Newark, Ohio, and Miss Adelaide S. Baylor, of Wabash.

MEND OSTRICH'S NECK.

Indianapolis, Sept. 5.—Two local physicians performed an unusual surgical operation yesterday with great difficulty. A giant ostrich, one of a carload of fifteen birds en route from the east to Hot Springs, injured its neck and was threatened with death. The doctors were called and hurried to the Big Four freight yards at Brightwood. A professionel wrestler, the two physicians and a keeper, after a hard fight, overpowered the injured bird, threw it to the floor of the freight car and the wound was stitched. When the bird was allowed to rise it sent out a foot with such force as to tear the trousers of the wrestler, whose leg was severely lacerated.

POSSE SEEKS DESERTERS.

Muncie, Ind., Sept. 5.—Claude McDowell, who has escaped from the military authorities three times after being arrested for deserting from Philippine army service, is hiding in the woods between Yorktown and Gilman. A posse of farmers will try to run him down. He has ventured out of his hiding place a few times to see friends at Yorktown. The posse will be headed by Samuel Leonard, marshal of Yorktown, and will be prepared for resistance. With McDowell are said to be three other deserters who escaped with him from Fort Thomas.

LOOKING INWARD

COULD YOU LOOK INSIDE YOURSELF YOU WOULD SEE WHY THE NERVES HAVE SUCH A WIDE INFLUENCE OVER HEALTH.

The influence of Nerve Control over health was never so fully recognized as now. It is clearly illustrated in the thousands of cures made by Dr A. W. Chase's Nerve Pills—a medicine that has leaped into public favor solely on its wonderful Nerve restoring properties. The reason Nerve Pills break down the barriers of ill health, is because they restore Nerve Energy—the main spring of Health They supply the something that is wanting which makes the human machinery run smoothly, they act through that great network of human organism, reaching every part of the body—the Nerves. Dr. A. W. Chase's Nerve Pills do not act as a momentary stimulant that excites and whips up the Nerves for the time being only—they first stop the wasting process and then build up Nerve Energy by replacing Nerve waste with active, responsible tissue—the kind that vibrates health to mind and muscle.

Mrs. E. Shadle, of No. 34 Baker street, Fort Wayne, Ind., says: "I think A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s Drug Store No. 14 Calhoun street, are an excellent nerve tonic. I found them capable of making my nerves strong and of giving me good sound natural sleep—two things I lacked, consequently I am pleased with the medicine."

Dr. A. W. Chase's Nerve Pills, 50 cents a box at druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

MISHAWAKA COUPLE ELOPES TO WED.

Mishawaka, Ind., Sept. 5.—Albert L. Zimmerman, aged 75 years, a prominent citizen of Goshen, and Mrs. E. H. Chamberlain, a wealthy widow of Bristol, Ind., came here yesterday and were married. The bride is nearly 80. The couple left for a bridal tour in the east. It is alleged the pair came to Mishawaka to thwart the opposition of relatives.

DIES IN LOVER'S ARMS.

Brazil, Ind., Sept. 5.—Mrs. William Jameson, residing near Ehrmanndale, Tuesday purchased a wedding outfit for her daughter, Ella, and aided in selecting the furniture, as her daughter was to have been married this evening. The bride-elect ate what she supposed were mushrooms for supper Tuesday evening and a few hours later was taken violently ill, dying in the arms of her lover yesterday. The physicians think she ate toadstools instead of mushrooms.

BOTH WILL DIE.

Muncie, Ind., Sept. 5.—There was a fierce riot at Daleville last night. William Leonard, of Muncie, and Sims Steers, of Daleville, were mortally wounded. Steers was attacked by Leonard with a butcher knife, which was plunged into his back repeatedly. Leonard was shot in turn by Steers and Sheriff Paschal in effecting his capture. Both men will die.

OFFER REWARD FOR SLAYER.

Laporte, Ind., Sept. 5.—Sheriff Elliott, of Elkhart county, is in the city working on clews which may solve the mystery surrounding the murder of Rufus Hulwick, the Goshen saloonkeeper whose body was found in a Lake Shore gondola car near Toledo Saturday. There is an entire absence of motive for the crime. Hulwick left for Chicago Friday and was seen alive near Chesterton. The body was stripped of its clothing, slashed in a dozen different places and then thrown into the car. A reward of $200 has been offered for evidence which will uncover the murderer.

SUES HIS MOTHER-IN-LAW.

Wabash, Ind., Sept. 5.—Stephen Kemp, for some years manager of the Tremont house, yesterday afternoon began an action for $20,000 damages against Mrs. Mary Newman, proprietress of the hotel and among the wealthiest residents of Wabash. The basis of action is interference in the relations between him and his wife, Katherine, daughter of Mrs. Newman. For the last two years Kemp has not been connected with the hotel on account of differences with his wife's relatives. Recently Mrs. Kemp commenced divorce proceedings against him, charging him with failure to provide and cruelty. He decided to oppose the suit. Mrs. Newman asserts that Kemp was so offensive that she could not tolerate him around the house. There are two paragraphs to Kemp's complaint, one reciting that Mrs. Newman estranged the pair and the other that she is harboring Mrs. Kemp and will not permit her to return to her husband.

EPIDEMIC IN A CONVENT.

Indianapolis, Ind., Sept. 5.—Secretary Hurty, of the state board of health, returned yesterday from the convent at Oldenburg, where he was called several days ago by the local health officer to investigate a peculiar epidemic of typhoid fever. He found that there are more than 200 nuns in the convent, and that thirty of these are now in bed with well-developed cases of typhoid fever, while many others have all the symptoms that precede the disease. The attending physician stated that the disease first appeared about six weeks ago, and that there had been an average of nearly five cases a week since.

An investigation of the convent showed that all the rooms and the grounds surrounding were scrupulously clean, and have always been kept so, and that the sewage was carried away so effectively that it would be practically impossible for disease to result from that cause. There are four wells on the grounds, and it was finally decided that the disease was the result of drinking the water, but this cannot be determined positively till an analysis is made. Several of the nuns are so low that no hope is entertained of their recovery.

A POCKET COLD CURE.

Krause's Cold Cure is prepared in capsule form and will cure cold in the head, throat, chest or any portion of the body in 24 hours. You don't have to stop work either. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Chemical Cathartics.

Scrape, Irritate and Derange the Stomach and Intestines.

The most expert chemists in the world can at best do no more than imitate nature and in most cases even these painstaking scientists make a very crude job of it.

In a state of nature man goes to nature herself for his medicines. Roots and herbs and the waters of inherent springs provide him with his tonics and laxatives, his curatives and correctives.

But most of us live very far away from a state of nature and in trying to prepare substitutes for her remedies we very seldom catch her formulas.

With laxatives and tonics we are all very apt to go wrong. We can, of course, remove dirt from our skin by scraping it off with a knife, but we know that soap and water are vastly better. We can also scrape out our stomach and bowels by means of chemical cathartics—pills, tablets, powders, etc.—but the effect is even worse than scraping off the dirt from the skin with a knife: and you can never remove all the dirt with either method.

Nature, in her own way, deep down in the earth, stored up centuries ago all the elements needed by humanity for the preservation of health and the elimination of disease. Many years ago the storehouse of health was discovered, more than half a mile below the surface at Alma, Mich., and the waters coming from this wonderful spring have been used for more than ten years in thousands of different cases at the Alma Sanitarium—of which everyone knows the fame. From this water by means of evaporation alone, are produced Alma-Bromo Salts in just the form which nature intended her remedy to be used. Effervescent, cooling, pleasing to the taste, Alma-Bromo Salt acts as a gentle laxative, thoroughly cleansing the stomach and bowels, increasing the action of the liver and the kidneys and toning up the whole nervous system through the form of bromide which it contains.

Cures Indigestion and Constipation; gives a healthy appetite.

The D. D. D Remedy

Read what the most prominent Attorney of Rush Co., Indiana, says of it:

RUSHVILLE, IND., July 24, 1901.

D. D. D. Co., Chicago, Ill.:

For eight or ten years I suffered the most excruciating torture from what my physicians said was incurable, chronic weeping, Eczema, that's the combination name. I counseled Allopaths, Homeopaths, Christian Science, Faith Curists, Barber's Old Women and Cranks, took all their doses from "Soda to Hoe" but still kept scratching, itching and suffering. I was a solid sore. In March, 1898, whilst being blistered with a mud bath at West Baden, I was recommended to try the three D's. I had no faith that anything but death would relieve me, but I had so far tried everything suggested and I ordered a bottle; the first application allayed the pain and I supplemented my order with six more bottles as there was considerable territory to cover, and Eczema and I parted forever. I have since recommended the remedy to twenty or more of my friends and a cure has been effected in every case. Yours truly,

BEN L. SMITH.

If you have a skin disease of any kind, write the Medical Department, D. D. D. Company, Chicago, Ill.

PRESIDENT'S DAY AT BUFFALO

(Continued From First Page.)

grounds the president was met by detachments of the United States marines and the sea coast artillery, and the Sixty-fifth and Seventy-fourth New York national guard regiments under Gen. S. M. Wech.

CROWD WAS QUIET.

A president's salute of twenty-one guns was fired. The president was at once escorted to the stand erected in the Esplanade, where probably the greatest crowd ever assembled there greeted him with ringing cheers. The vast assemblage overflowed to the Court of Fountains. In the stand on each side of the president were seated many distinguished men and women, among them representatives of most of the South American republics.

There was almost absolute quiet when President Milburn arose and introduced the president as follows:

"Ladies and Gentlemen—The president."

The great audience then broke out with a mighty cheer, which continued as President McKinley arose, and it was some minutes before he was able to proceed. When quiet was restored the president spoke as follows:

PRESIDENT'S ADDRESS.

"President Milburn, Director General Buchanan, Commissioners, Ladies and Gentlemen: I am glad to be again in the city of Buffalo and exchange greetings with her people, to whose generous hospitality I am not a stranger and with whose good will I have been repeatedly and signally honored. Today I have additional satisfaction in meeting and giving welcome to the foreign representatives assembled here, whose presence and participation in this exposition have contributed in so marked a degree to its interests and success. To the commissioner of the dominion of Canada and to the British colonies, the French colonies, the republics of Mexico and of Central and South America, and the commissioners of Cuba and Porto Rico, who share with us in this undertaking, we give the hand of fellowship and felicitate with them upon the triumphs of art, science, education and manufacture which the old has bequeathed to the new century.

TIMEKEEPERS OF PROGRESS.

Expositions are the timekeepers of progress. They record the world's advancement. They stimulate the energy, enterprise and intellect of the people and quicken human genius. They go into the home. They broaden and brighten the daily life of the people. They open mighty storehouses of information to the student. Every exposition, great or small, has helped to some onward step. Comparison of ideas is always educational, and as such instructs the brain and hand of man. Friendly rivalry follows, which is the spur to industrial improvement, the inspiration to useful invention and to high endeavor in all departments of human activity.

"It exacts a study of the wants, comforts and even the whims of the people and recognizes the efficacy of high quality and new prizes to win their favor. The quest for trade is an incentive to men of business to devise, invent, improve and economize in the cost of production. Business life, whether among ourselves or with other people, is ever a sharp struggle for success. It will be none the less so in the future. Without competition we would be clinging to the clumsy and antiquated processes of farming and manufacture and the methods of business of long ago and the twentieth would be no further advanced than the eighteenth century. But though commercial competitors we are, commercial enemies we must not be. The Pan-American exposition has done its work thoroughly, presenting in its exhibits evidences of the highest skill and illustrating the progress of the human family in the western hemisphere. This portion of the earth has no cause for humiliation for the part it has performed in the march of civilization.

AMERICAN ACCOMPLISHMENT.

"It has not accomplshed everything; far from it. It has simply done its best and without vanity or boastfulness, and recognizing the manifold achievements of others, it invites the friendly rivalry of all the powers in the peaceful pursuits of trade and commerce and will co-operate with all in advancing the highest and best interests of humanity. The wisdom and energy of all the nations are none too great for the world's work. The success of art, science, industry and invention is an international asset and a common glory.

"After all, how near one to the other is every part of the world. Modern inventions have brought into close relation widely separated peoples and made them better acquainted. Geographic and political divisions will continue to exist, but distances have been effaced. Swift ships and fast trains are becoming cosmopolitan. They invade fields which a few years ago were impenetrable. The world's products are exchanged as never before, and with increasing transportation facilities come increased knowledge and larger trade. Prices are fixed with mathematical precision by supply and demand. The world's selling prices are regulated by market and crop reports. We travel greater distances in a shorter space of time and with more ease than was ever dreamed of by the fathers. Isolation is no longer possible or desirable. The same important news is read, though in different languages, the same day in all Christendom.

IN CLOSE TOUCH.

"The telegraph keeps us advised of what is occurring everywhere and the press foreshadows, with more or less accuracy, the plans and purposes of the nations. Market prices of products and of securities are hourly known in every commercial mart, and the investments of the people extend beyond their own national boundary into the remotest parts of the earth. Vast transactions are conducted and international exchanges are made by the tick of the cable. Every event of interest is immediately bulletined. The quick gathering and transmission of news, like rapid transit, are of recent origin and are only made possible by the genius of the inventor and the courage of the investor. It took a special messenger of the government, with ever facility known before the time of the rapid travel, nineteen days to go from the city of Washington to New Orleans with a message to General Jackson that the war with England had ceased and a treaty of peace had been signed. How different now.

"We reached General Miles in Porto Rico by cable and he was able through the military telegraph to stop his army on the firing line with the message that the United States and Spain had signed a protocol suspending hostilities. We knew almost instantly of the first shots fired at Santiago, and the subsequent surrender of the Spanish forces was known at Washington within less than an hour of its consummation. The first ship of Cervera's fleet had hardly emerged from that historic harbor when the fact was flashed to our capital and the swift destruction that followed was announced through the wonderful medium of telegraphy. So accustomed are we to safe and easy communication with distant lands that its temporary interruption, even in ordinary times, results in loss and inconvenience.

"We shall never forget the days of anxious waiting and awful suspense when no information was permitted to be sent from Pekin and the diplomatic representatives of the nations in China, cut off from all communication inside and outside of the walled capital, were surrounded by an angry and misguided mob that threatened their lives, nor the joy that thrilled the world when a single message from the government of the United States brought through our minister the first news of the safety of the besieged diplomats.

RAILROAD PROGRESS.

"At the beginning of the nineteenth century there was not a mile of steam railroad on the globe. Now there are enough miles to make its circuit many times. Then there was not a line of electric telegraph; now we have a vast mileage traversing all lands and all seas. God and man linked the nations together. No nation can longer be indifferent to any other. And as we are brought more and more in touch with each other the less occasion is there for misunderstandings and the stronger the disposition, when we have differences, to adjust them in the court of arbitration, which is the noblest forum of the settlement of international disputes.

COUNTRY PROSPEROUS.

"My fellow citizens, trade statistics indicate that this country is in a state of unexampled prosperity. The figures are almost appalling. They show that we are utilizing our fields and forests and mines and that we are furnishing profitable employment to the millions of workingmen throughout the United States, bringing comfort and happiness to their homes and making it possible to lay by savings for old age and disability. That all the people are participating in this great prosperity is seen in every American community and shown by the enormous and unprecedented deposits in our savings banks. Our duty is the care and security of these deposits and their safe investment demands the highest integrity and the best business capacity of those in charge of these depositories of the people's earnings.

"We have a vast and intricate business, built up through years of toil and struggle, in which every part of the country has its stake, which will not permit of either neglect or of undue selfishness. No narrow, sordid policy will subserve it. The greatest skill and wisdom on the part of the manufacturers and producers will be required to hold and increase it. Our industrial enterprises, which have grown to such great proportions, affect the homes and occupations of the people and the welfare of the country. Our capacity to produce has developed so enormously and our products have so multiplied that the problem of more markets requires our urgent and immediate attention.

POLICY MUST BE BROAD.

"Only a broad and enlightened policy will keep what we have. No other policy will get more. In these times of marvelous business energy and gain we ought to be looking to the future, strengthen the weak places in our industrial and commercial systems, that we may be ready for any storm or strain—by sensible trade arrangements which will not interrupt our home production we shall extend the outlets for our increasing surplus.

"A system which provides a mutual exchange of commodities is manifestly essential to the continued and healthful growth of our export trade. We must not repose in fancied security that we can forever sell everything and buy little or nothing. If such a thing were possible it would not be best for us or for those with whom we deal. We should take from our customers such of their products as we can use without harm to our industries and labor. Reciprocity is the natural outgrowth of our wonderful industrial development under the domestic policy now firmly established. What we produce beyond our domestic consumption must have vent abroad. The excess must be relieved through a foreign outlet, and we should sell everywhere we can and buy wherever the buying will enlarge our sales and productions, and thereby make a greater demand for home labor.

THE PRESSING PROBLEM.

"The period of exclusiveness is past. The expansion of our trade commerce is the pressing problem. Commercial wars are unprofitable. A policy of good will and friendly trade relations will prevent reprisals. Reciprocity treaties are in harmony with the spirit of the times; measures of retaliation are not.

"If perchance some of our tariffs are no longer needed for revenue or to encourage and protect our industries at home, why should they not be employed to extend and promote our markets abroad?

"Then, too, we have inadequate steam service. New lines of steamers have already been put in commission between the Pacific coast points of the United States and the western coasts of Mexico and Central and South America. These should be followed up with direct steamship lines between the eastern coast of the United States and South American ports.

"One of the needs of the times is direct commercial lines from our vast fields of production to the fields of consumption that we have but barely touched. Next in advantage to having the thing to sell is to have the convenience to carry it to the buyer. They must be under the American flag, built and manned and owned by Americans. These will not only be profitable in a commercial sense; they will be messengers of peace and amity wherever they go. We must build the Isthmian canal, which will unite the two oceans and give a straight line of water communication with the western coasts of Central and South America and Mexico. The construction of a Pacific cable can not be longer postponed.

PLAY IMPORTANT PART.

"In the future of these objects of national interest and concern you are performing an important part. This exposition would have touched the heart of that American statesman whose mind was ever alert and thought ever constant for a larger commerce and a truer fraternity of the republics of the new world. His broaod American spirit is felt and manifested here. He needs no identification to an assemblage of Americans anywhere, for the name of Blaine is inseparably associated with the Pan-American movement which finds this practical and substantial exposition, and which we all hope will be firmly advanced by the Pan-American congress that assembles this autumn in the capital of Mexico. The good work will go on it cannot be stopped. These buildings will disappear; this creation of art and beauty and industry will perish from sight, but their influence will remain to

"Make it live beyond its too short living
With praises and thanksgiving."

"Who can tell the new thoughts that have been awakened, the ambitions fired and the high achievements that will be wrought through this exposition? Gentlemen, let us ever remember that our interest is in concord, not conflict, and that our real eminence rests in the victories of peace not those of war. We hope that all who are represented here may be moved to higher and nobler effort for their own and the world's good, and that out of this city may come, not only greater commerce and trade for us all, but, more substantial than those, relations of mutual respect, confidence and friendship which will deepen and endure.

"Our earnest prayer is that God will graciously vouchsafe prosperity, happiness and peace to all our neighbors, and like blessings to all the peoples and powers of earth."

FINDS POISON IN THE MILK

SOME DEALERS HAVE BEEN USING PRESERVATIVES.

Health Commissioner Files Affidavits —First Case Comes Up Friday Morning.

For several days City Health Commissioner MacBeth has been making analytical tests of milk taken indiscriminately from various dairy wagons delivering milk in the city. The tests were made a little more severe than usual because the health officer learned that a short time ago an agent for a "milk preservative" had canvassed the dairies in the vicinity and to some of them had sold his preparation. Dr. MacBeth says that any so-called "preservative" must contain either formaldehyde or boracic acid, both of which are poisonous and dangerous.

The analyses were carefully made and the results were surprising. In a sample taken from one wagon unusually large quantities of formaldehyde was found—enough to kill a rat in one bottle. The investigation was conducted quietly, and when approached by the newspaper men yesterday Dr. MacBeth said that he had not yet completed his analysis of all the specimens and samples at hand, and requested that no mention of the fact be made in the evening papers, as it might tend to put other dairymen who were suspected on their guard. The Sentinel respected the health officer's request; some others did not.

Up to noon today five affidavits had been filed, each charging that the defendant had used a poisonous substance in his merchandise. The affidavits are against the following named dairymen: M. Flaugh, boracic acid; Frank Getty, formaldehyde; Frank Fortmeyer, formaldehyde; W. E. Miner, boracic acid; Mrs. Anna Sargent, formaldehyde. Of those named warrants were served on M. Flaugh and Mrs. Anna Sargent, and they appeared in court this morning and gave bond in the sum of $100 each for their appearance. The Flaugh case will be tried tomorrow morning at 8 o'clock and the Sargent case at 9 o'clock on Saturday morning.

In the meantime Judge Louttit ordered the police officers to make the arrests on the other warrents without favor and bring the offenders into court, where their bond would be fixed and a time for trial set. There is every evidence that the dairymen will make a determined fight to beat the cases against them, but will probably find a difficult job in bucking a chemical analysis that can not be refuted. Other affidavits may be filed soon. Dr. MacBeth says further that he has analyzed many other samples from various dairies and finds that some of the dairymen are strictly "on to their job" and use the "preservatives" with so much caution that it is extremely difficult to detect it, and in some cases only the slightest traces are distinguishable. However, the analysis of all the samples will be submitted, and a warm fight is expected; a fight which the health officer says can have but one result.

A TRAVELER'S EXPERIENCE.

Both Sides of the Picture.

Sitting in the rotunda of the Planters' hotel, St. Louis, a gentleman who has traveled for many years as salesman, told, reminiscently, of the trials of one constantly on the move.

To the casual observer it looks easy. The traveler wears good clothes, stays at the best hotels, is always in good spirits (apparently anyway), and is never at a loss for a pleasant word. But the other side of the picture; the loneliness, the nervous tension, the constant mental and physical strain; only the traveler knows that it is not easy to always feel well; that the best of care must be taken of the stomach; that digestion must be perfect or failure is the result.

After trying many methods and remedies, he continued: "I have found that when tired and run down, as the result of indigestion and constipation, nothing helps me so quickly and surely as the Peptorene Health Tablets. Perfect digestion is at once restored and I meet my customers with renewed nerve and vigor. I certainly would not be without a box of this remarkable remedy." Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Michigan.

Sold by Meyer Bros. & Co., Pellens & Polster, A. C. Gocke and Wm. L. Waltemath.

$3.75 Fort Wayne to Cleveland and return Sept. 8th to 12th, inclusive, via Nickel Plate. 4t4

LATEST ENOCH ARDEN.

Argos, Ind., Sept. 5.—Mrs. M. A. Stakmann, wife of a leading contractor of Mishawaka, was startled a few days ago by the return of her first husband, named Markham, who deserted her nearly twenty years ago and who she supposed was dead. Mrs. Stakmann, or Markham, has been twice married since she heard of Markham's death, her second husband having been Oscar Nichols, of Mishawaka, who died four years ago. The divorce court will be asked to straighten out the tangle.

MADE TWO ATTEMPTS.

Chicago, Ill., Sept. 5.—Harry Kearney a colored man, who is being held by the police here on suspicion of having knowledge of the murder of Herbert Noyes in Cleveland a year ago, tried twice unsuccessfully to commit suicide today, once by lighting a fire in his cell and later by hanging himself with shoestrings.

GAVE LECTURE ON TAXATION

PROFESSOR KELSO'S TALK AT TEACHERS' INSTITUTE.

Says Instructors Should Consult County Records—Dr. Calvin on Physiology.

One of the most interesting sessions of the teachers' institute thus far was held this morning. Professor Kelso delivered a very instructive lecture on "Taxation," which was made plain by pertinent illustrations. He spoke of taxation as an application of percentage, and gave a review of the expenses of the president and congressmen, pensions, internal improvements, river and harbor, state government, public school expenses, state charities, county, city and township expenses. After doing this, he said the teacher should go to the officials of the county and get the amount of taxable property and the number of polls, and from these problems find the rate of taxation for various purposes and demonstrate them to the pupil. These are live problems that will interest the pupil and if teachers would follow this plan it would be the making of citizenship. The two problems, direct and indirect taxation, should be explained. In speaking of mathematics in the high school, Professor Kelso said that the pupils first of all should be treated as young ladies and young gentlemen. He outlined the course of study to be pursued, and said that algebra, geometry and trigonometry should be taught, and than the pupil should be given another year of arithmetic and algebra, as the latter subject could be so much better understood after the student has had trigonometry.

Professor McGilvrey read portions of "Thanatopsis," and said he thought that the poem was very generally misunderstood. To understand this poem we must be in sympathy with nature, and especially is this true if we are going to teach it.

Yesterday afternoon Professor Kelso took up the subject of "Mensuration," and gave pertinent illustrations of what is meant by direct and indirect measurement. He explained the advantages to be gained from an understanding of the principles of direct measurement, showing that they were practicable when applied indirectly.

Professor McGilvrey completed his talk on "The Educational Ideal." In talking of school management, he advanced the ideal, yet practical methods of dealing with a child. He is a thorough believer in a constructive management rather than in the repressive. Danger lurks in prohibitory rules and injustice is done the pupils, as the things they are not to do are emphasized before them rather than the things they ought to do. A teacher who sets his will against that of the pupil until the latter feels that it is a personal matter and not a principle involved, is failing in his supposed work of building up character. The right way of managing pupils is of more value to the pupils than the imparting of facts.

Dr. Calvin closed the afternoon with a short talk under the general head of "Physiology."

BUFFALO HOTEL BURNS.

Buffalo, N. Y., Sept. 5.—The Northwestern hotel at Military Road and Lansing street has been destroyed by fire. The loss is estimated at $40,000. Pipeman Frank Fites was buried beneath falling debris and badly injured. Only a few guests were in the hotel when the fire started, and they had no difficulty in getting out.

LANDSLIDE KILLS THREE.

Cleveland, Ohio, Sept. 5.—Three men were killed and three others seriously injured in a landslide at the new Lake Shore bridge over the boulevard entrance to Gordon park. Seven hundred tons of earth, loosened by the flood of Sunday, suddenly slid down the bank, burying a force of laborers working on the bridge. Those who escaped immediately began the work of rescue, but it was nearly three hours before the last body was dug out. The dead: Angelo Donneo, Nick Manico, Antonio Florimond. The injured: Domino Conjolati, Nicola Chedreo, Francisco Florimond.

LOCAL NEWS.

Mrs. J. Webster Bailey and daughters, Jessamine and Irene, are expected home this evening from a visit of several weeks at their former home in Lockport, N. Y.

There will be a meeting of the ladies of the West Jefferson street Church of Christ at the church tomorrow afternoon.

The Ladies' Mite society of Christ's Evangelical Lutheran church will be entertained at the home of Mrs. C. C. Meyer, 186 West Washington street, Friday afternoon and evening.

Mrs. T. L. Staples delightfully entertained Wednesday afternoon at Robison park at a dinner and theater party in honor of Mrs. James Stewart, of Kansas City, and Mrs. Lincoln Wilson, of Chatham, Ont.

A building permit was issued to the Berghoff Brewing company yesterday afternoon to build a brick barn to cost $10,000. The structure will be built at the corner of Wabash avenue and Washington streets, and will be most modern in construction, and will be equipped with every convenience known to the horse world. Mrs. B. Babcock was also granted a permit to erect a house on Michigan avenue at a cost of $1,400.

KRAUSE'S HEADACHE CAPSULES

Are unlike anything prepared in America. They were first prescribed by Dr. Krause, Germany's famous court physician, long before antipyrine was discovered, and are almost marvelous, so speedily do they cure the most distressing cases. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

$3.75 Fort Wayne to Cleveland and return Sept. 8th to 12th, inclusive, via Nickel Plate. 5t3

The Epworth league of the Wayne street M. E. church will give a social Friday evening at the home of Mrs. E. D. Gallegher, 62 Wilt street.

HEART TROUBLE.

Thousands Unduly Alarmed About That Dreaded Heart Disease.

Americans in their mad struggle for wealth or position—scheming, planning, executing or toiling, seldom give a thought to the great sacrifice they are making of their health. A gradual feeling of exhaustion comes on, the appetite fails, sleeplessness follows, then the blood is giving out, the memory becomes treacherous. At times the head becomes dizzy, the heart palpitates, burns, feels dull and sore. Don't make the hasty conclusion that you have heart disease—it's your stomach. The heart and stomach are controlled by the same great nerves—the sympathetic and pneumogastric. One form of poor digestion causes a gas and fermentation of half digested food—hence palpitation and short breath. The blood becomes thin and watery, irritating and weakening the heart. The surest, quickest way to relieve such trouble is to make perfect digestion with regular doses at meal times of Dr. Caldwell's Syrup Pepsin, which can be had at most druggists in 50 cent and $1 bottles. (It's economy to buy the dollar size). Dr. Caldwell's Syrup Pepsin will cure any form of stomach trouble (except cancer of the stomach). It is pleasant to take and in causing perfect assimilation of the food cures constipation (not by irritation) but by removing the cause. Book and sample for the asking. Pepsin Syrup Co., Monticello, Ills., U. S. A.

Defiance College
Defiance, Ohio.

Fourteenth year begins Aug. 27, 1901. All departments open to students of either sex of good moral character. Matthews	54	64	.458
Marion	48	73	.397
Columbus	41	80	.339

Fort Wayne started out well yesterday afternoon to make a good showing on the final series of games at home by trimming Pat Wright's crowd from Marion in most exquisite style. The crowd to see the game was not a large one, but it was enthusiastic and was well repaid for its enthusiasm. Mullin pitched for the locals and held the visitors down to three stingy hits which should have netted nothing. The Glassmakers made their only run on an error, a wild pitch and a passed ball, a combination that certainly deserved to get something. The features of the game were Frank Miller's batting, he making five of the sixteen hits credited to Fort Wayne, one of them being a three-bagger; Miller also played a superb fielding game, accepting seven chances and assisting in a double play. Nattress made the only two errors charged to Fort Wayne. Ames pitched for the visitors and was found freely throughout the game, everybody except G. Miller getting from one to five hits off his delivery. Meaney, the star batter of the association, failed to get a hit and Truby fared likewise, both being considered sure stickers. Old Pap Wright got one of the three hits, and Quinn, who has not been hitting the ball this season, got another, while Byers got the third. Today there will be a howling crowd on the grounds as all the schoolboys of the town will be present on invitation of the Journal-Gazette to see the game. Tomorrow will be seen the last game of professional ball in Fort Wayne this year. Following is yesterday's score:

FORT WAYNE.

	A.B.	R.	H.	P.O.	A.	E.
Nattress, ss.	5	1	1	2	2	2

Earned runs—Fort Wayne, 5. Two-base hit—McCann. Three-base hit—F. Miller. Sacrifice hits—McCann, Thornton, Beecher. Stolen bases—Nattress, Babb, Bevans, F Miller, Mullin. First base on balls—Off Mullin, 2; off Ames, 2. Hit by pitched ball—By Ames, 1. Struck out—By Mullin, 3. Wild pitch—Mullin. Passed balls—Fuller, 2. Double play—F. Miller to Thornton to Nattress. Umpire—Latham. Time—1:30. Attendance—200.

OTHER ASSOCIATION GAMES

DAYTON, 2; GRAND RAPIDS, 0.

Dayton, O., Sept. 5.—Grand Rapids was beaten yesterday in a game fight, the result being due to a home run by Grosart in the fourth and Gochenauer's trick in the eighth when he worked Bailey for a pass and was followed by Wheeler, who split the cover for three bases. This was the second game within a week in which Wright held the opposing team down without a hit or a run. Score:

Dayton	0	0	0	1	0	0	0	1		2
G. Rapids	0	0	0	0	0	0	0	0	0	0

Batteries—Wright and Cross; Bailey and Zalusky. Hits—Dayton, 5. Errors—Dayton, 1. Umpire—McLaughlin. Attendance—400

COLUMBUS, 5; MATTHEWS, 6.

Columbus, O., Sept. 5.—Columbus opened here yesterday by dropping a dopy game to Matthews. Grant's work was a feature. Score:

Columbus	0	0	3	0	0	0	0	2	0	5
Matthews	0	0	0	2	0	0	4	0	0	6

Batteries—McMackin and Zinram; Gatz and Williams. Hits—Columbus, 12; Matthews, 7. Errors—Columbus, 2; Matthews, 4. Attendance—287.

FORFEITED TO WHEELING.

Wheeling, W. Va., Sept. 5.—Umpire Hornung declared both of yesterday afternoon's Wheeling-Toledo games forfeited to Wheeling, 9 to 0. Toledo arrived half an hour late for the first game, which had been forfeited before their arrival, and upon Toledo's refusal to begin the second within the usual time, fifteen minutes, the second game was likewise forfeited to Wheeling by the usual score.

GAMES TODAY.

Marion at Fort Wayne.
Toledo at Wheeling.
Matthews at Columbus.
Grand Rapids at Dayton.

BASE BALL NOTES.

The Shamrocks will play the Kewanna team at Pierceton next Tuesday afternoon.

Shortstop Jack Smith, of Defiance, spent yesterday in the city, the guest of his parents.

Rube Waddell has resigned from the pitching staff of the Chicago team and will enter the saloon business.

Toledo's aspirations for pennant honors received a rude jar at Wheeling yesterday when both games were forfeited to the Stogies.

Frank Bevans made his first appearance on the coaching lines yesterday, and his voice was heard by the fans for the first time this season.

Iron Man McGinnity has been reinstated by President Johnson on condition that he apologize to Umpire Conolly, whom he assaulted several weeks ago.

Pitcher Wright, of Dayton, let Grand Rapids down yesterday afternoon without a hit or a run. This is his second performance of the kind in a week.

Only one more game of association ball this season unless the Wheeling games are transferred. There should be a big crowd tomorrow to give the boys a send-off.

Everybody hit the ball yesterday excepting "Doggie" Miller. Frank Miller was the star batter of the day, with five hits, Bevans, Mullin, McCann and Thornton getting two hits each.

Robbins and Tieman, of the Shamrocks, are playing with the Antwerp team today, and Collars and Cherry, of the Shamrocks, are with Payne, Ohio. The game is the last of the season in the County league and both teams strengthened for the occasion.

LICHTY'S CELERY NERVE COMPOUND

For all nervous diseases, neuralgia, rheumatism, nervous debility, paralysis, biliousness, dyspepsia, costiveness, piles, liver complaint, kidney troubles and female complaints. It goes to the seat of the disease and cures thoroughly and speedily. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

BASE BALL TOMORROW.

Marion vs. Fort Wayne. Game called at 3:30.

Go to northern Michigan on G. R & I. annual excursion. 17-19t

THE MARKETS.

Chicago, Sept. 5.—Wheat was dull and featureless today. Indifferent cables and heavy northwest receipts caused some liquidation. December opened unchanged to a shade lower at 71¼@71⅜c to 71⅜c, declined to 71⅛@71¼c and rallied to 71⅜@71⅝c. The rally was on reports of too much rain in the northwest. Minneapolis and Duluth reported receipts of 870 cars against 660 cars last week and 508 cars a year ago. Local receipts were 211 cars, with only 1 of contract grade.

Strength continued during the remainder of the session and after selling at 71¾@71⅞c December closed firm and ⅝c higher at 71¾c.

Corn opened steady on better cables. Some apprehension was caused among traders by reports of low temperatures throughout the northwest and the crowd bought freely. December opened unchanged to ⅛@¼c lower at 56⅜@56¼c to 56⅝c and advanced to 57c. Receipts were 251 cars with 5 cars of contract grade.

Covering helped along the early advance and December advanced to 57⅞@58c, closing 1¼c higher at 57⅞c.

Dullness prevailed in oats. December opened unchanged to a shade lower at 34¾c to 34¾@34⅞c and advanced to 34⅞@35c. Receipts were 141 cars.

Provisions were dull but slightly firmer, January pork opening 5c higher at $15.60; January lard was 2½@5c higher at $8.95; ribs were 5c higher at $8.02½@8.05.

THE CLOSE.

Prices at the close were as follows:

Wheat—Sept., 69⅜c; Oct., 70¼c; Dec., 71¾c; May, 75⅝@75½c.

Corn—Sept., 55¾c; Oct., 56⅜c; Dec., 57⅞c; May, 59⅞c.

Oats—Sept., 33¾c; Oct., 34⅜@34½c; Dec., 35⅜c; May, 37⅝@37⅞c.

Pork — Sept., $14.47½; Oct., $14.62½; Jan., $15.67½.

Lard—Sept., $9.30; Oct., $9.30; Nov., $9.27½; Dec., $9.12½; Jan., $9.05.

Ribs—Sept., $8.45; Oct., $8.55; Jan., $8.07½.

Flax—Cash N. W., $1.40; No 1, $1.40; No. 1 S. W., $1.38; Sept., $1.37½; Oct., $1.35.

CHICAGO LIVE STOCK.

Chicago, Sept. 5.—Cattle—Receipts, 9,000, including 500 Texans and 2,500 westerns; market 10c higher; butchers' stock firm; Texans strong. Good to prime steers, $5 60 @6.45; poor to medium, $4.00@5.50; stockers and feeders, $2.25@4.20; cows, $2.55@4.70; heifers, $2.55@5.00; canners, $1.50@2.50; bulls, $2.25@4.50; calves, $3.00@5.85; Texas steers, $3.30@5.10; western steers, $3.75@5.35.

Hogs—Receipts today, 21,000; tomorrow, 20,000; left over, 4,262. Market 5c higher. Mixed and butchers, $6.00@6.85; good to choice heavy, $6.40@6.92½; rough heavy, $5.95@6.30; light, $5.95@6.75; bulk of sales, $6.20@6.55.

BUTTER, CHEESE AND EGGS.

Chicago, Sept. 5.—Butter—Market firm; creameries, 14½@20c; dairies, 13@17c

Cheese—Market firm; twins, 9¾@10c; young Americas, 10½@10¾c; daisies, 10¾c.

Eggs—Market firmer, 14½@15c.

THE TOLEDO MARKETS.

Toledo, O., Sept. 5.—Wheat—Market quiet and steady; cash and Sept., 72¾c; Dec., 74⅛c.

Corn—Market quiet; Sept., 57½c; Dec., 57⅞c.

Rye—Market active, 53c.

Oats—Market dull; Sept., 36c; Dec., 36½c.

Cloverseed—Market fairly active; prime, $5.55.

Oil—Market unchanged.

NEW YORK MARKETS.

New York, Sept. 5.—Flour—Receipts, 34,145 bbls; sales, 3,840 pkgs; state and western market steady with fair trade.

Wheat—Receipts, 78,850 bu; sales, 1,975,000 bu; market quiet and steady all the morning, influenced by steady cables, light local offerings and strength of corn. Sept., 74⅞@75 1-16c; Oct., 75⅛c; Dec., 76 11-16@76 15-16c; May, 79 13-16@80c.

Rye—Market firm; state, 55@56c, c. i. f. New York car lots; No. 2 western, 61c, f. o. b. afloat.

Corn—Receipts, 31,000 bu; sales, 135,000 bu; market firm and higher on strength west, covering by shorts and a bullish Illinois state report. Oct., 61⅛@61¼c; Dec., 61⅝@62c; May, 62¾@63c.

Oats—Receipts, 121,500 bu; market firmer with corn; track white, 38½@47c.

Beef—Market firm.

Pork—Market firm.

Lard—Market strong; prime western, steamed, $9.45.

Butter—Receipts, 5,985 pkgs; market firm; state dairy, 14@19c; creamery, 16@20c; June packed, factory, 14½@15½c.

Cheese—Receipts, 4,937 pkgs, market dull and weak; fancy large colored, 9c; fancy large white, 9c; fancy small colored, 9½c; fancy small white, 9¼c.

Eggs—Receipts, 11,269 pkgs; market steady; state and Pennsylvania, 16@20c; western, candled, 17@18c; western, uncandled, 14@17c.

Sugar—Raw, dull and easy; fair refining, 3¼c; centrifugal, 96 test, 3¾c; molasses sugar, 3c; refined, steady; crushed, $5.75; powdered, $5.35; granulated, $5.25.

Coffee—Market dull; No. 7 Rio, 5⅝c.

EAST BUFAFLO MARKETS.

East Buffalo, N. Y., Sept. 5.—Cattle—Receipts, 112 cars; all sold at former prices.

Veals and calves—Receipts, 60 head; market active and strong; tops sold at $7.50@7.75; good to choice, $6.75@7.25; calves, $5.00@6.00.

Hogs—Receipts, 20 cars; market fairly steady to firm.

Sheep and Lambs—Receipts, 18 cars; market 15 to 25c lower for lambs; sheep also about 10c to 15c lower; handy wethers sheep steady; spring lambs, $5.65@5.90; handy wethers sheep, $3.75@4.00; choice to extra yearling lambs, $4.25@4.40.

THE DAY ON WALL STREET.

New York, Sept. 5.—United States Steel and Kansas and Texas preferred, with gains of ⅝, and Erie second preferred, with a loss of 2⅞ were the only stocks on the list whose opening changes exceeded ½. Gains predominated in the general list, but there was a fair sprinkling of declines among prominent stocks and others opened unchanged.

A drive against the short interests in Sugar lifted that stock 2 points and later buying of the Coalers started the entire market upward on large dealings. Erie common and second preferred, Reading, Union Pacific, Chicago Great Western and other active stocks rose about a point, and New Jersey Central and Glucose Sugar 3 and 1½ respectively. Trading was dull again at 11 o'clock and the market was irregular.

Speculative interest shifted into stocks not usually active, and some of those advanced between 1 and 2 points, notably American Linseed preferred and Colorado Fuel. The bituminous coal road stocks were marked up, led by Norfolk and Western and Chesapeake and Ohio. Renewed demand for currency from the interior induced selling of stocks. Brooklyn Transit lost 1⅞. Atchison, St. Paul, Union Pacific, Southern Pacific and Sugar fell a point from the best.

Bonds were steady.

The market steadied, but there was no demand of any account at the rally. Denver and Rio Grande recovered 1¼, Pacific Mail advanced 2 and Chicago Terminal preferred a point. Lackawanna fell 3 and Rubber goods 1⅝ and American Linseed preferred reacted 2.

Brooklyn Transit developed weakness again and fell 3½ points below yesterday's close. Other prominent stocks yielded in sympathy and touched the loest point of the day. Evansville and Terre Haute advanced 3¼ with some large blocks changing hands.

A rally of a point in Brooklyn Transit checked the fall in prices, but offerings increased on the rally and prices were lower than before. Atchison, St. Paul and Union Pacific bore the brunt of this selling and were forced 2 to 2¼ under the high level. Room shorts covered, but the rally did not hold. Missouri Pacific dropped 2½ from the highest. The closing was dull and weak.

WINONA HAD A FINE SEASON

ASSEMBLY ASSOCIATION IN EXCELLENT SHAPE.

Marked Increase in Receipts During Past Two Years—Officers Elected Wednesday.

Warsaw, Ind., Sept. 5.—At a meeting of the directors of Winona Assembly association yesterday Winona's financial condition was shown to be the best in its history. Its receipts this season were $129,000, as against 96,000 last year, and $54,000 in 1899.

At the annual meeting of the stockholders Thomas Kane, of Chicago, was re-elected president; H. P. Townley, of Terre Haute, treasurer, and Dr. Sol Dickey, of Indianapolis, secretary and general manager. Dr. Dickey was also chosen president of the Winona summer school.

PHOTOGRAPHERS WILL BUY.

Winona Lake, Ind., Sept. 5.—The Indiana Photographers' association will negotiate for the purchase of the Cyclorama building and make it a summer home and display gallery. The building is 100 feet in diameter and seventy-five feet high.

BOLD SWINDLE ATTEMPTED.

An attempt to swindle Jesse Brosius, of this city, out of $75 this week, was frustrated by the sagacity of ex-Sheriff Melching, who is now in the undertaking business. On Monday, Michael Cunningham, 129 West Third street, received a telegram from Fort Smith, Ark., which stated that his son, John, was dead in that town and asked that $75 be telegraphed for his remains. It was signed by J. D. Degarmo. The matter was placed in the hands of Klaehn & Melching, undertakers, who thought it might be an attempted swindle and telegraphed an undertaker at Fort Smith to send the remains C. O. D. No reply was received to this and a telegram to the chief of police brought the answer, "Degarmo cannot be found; evidently left the city." Later information was to the same effect, with the additional statement that John Cunningham is alive.

J. Y. SHOAFF & CO. SELL.

The J. Y. Shoaff & Co. retail furniture and house furnishing store at 135 Calhoun street, was this morning sold to the Indiana Furniture company, which will move the stock to its own place of business and close the room. Mr. Shoaff will leave the city for awhile and does not yet know what line of business he will take up when he returns. The Shoaff store was established about six years ago.

The Misses Lena Kentner, of Wapakoneta, Ohio, and Edith Weimer, of St. Mary's, Ohio, have returned home after a visit with Mrs. Will Hammett, of Holman street.

A PUZZLE PICTURE.

Miss Florence Quivey is visiting friends in Chicago.

Between Seasons Garments.

For a period of several weeks, twice a year the Top Coat furnishes a peculiar comfort and satisfaction. Good dressers regard it as a very necessary garment, some indifferent ones get along without it. For health's sake—for appearance's sake—and because it's right and proper you should always own a Top Coat rightly tailored. That's Mautner's kind.

LOCAL LINES.

Mr. and Mrs. John Vordemark are visitng friends in Chicago.

George Loesch has gone to Lake George to spend a few days.

C. A. Newton, of Toledo, visited friends in the city yesterday.

J. W. White returned from a business trip to New York today.

Emil Kettler has returned to Lima, Ohio, after a visit here.

Miss Ida McIntosh, of Hoagland, is visiting Miss Laura Peltier.

J. M. Haley has been appointed trustee in bankruptcy in the case of John Figel.

Mr. and Mrs. W. D. Miller, of Arlington, Neb., are the guests of Mrs. N. A. Huston.

Reuben Reid, of Greenville, Ohio, is spending a few days in the city, visiting friends.

Mr. and Mrs. Gus Jackson and William Smiler have gone to Lake George for several days' outing.

Mrs. Henry Smith, of 106 West DeWald street, has returned home after a visit with her daughter in Logansport.

Frank Harber, of Southbridge, Mass., who has been visiting his parents on West DeWald street, has returned home.

A council of the Knights of Columbus will be instituted at Anderson September 22 and a number of knights from this city will attend.

A surprise party was given for Miss Lizzie Crow last evening at her home, 224 East Wayne street. It was the occasion of her sixteenth birthday anniversary and a number of her friends were present to help celebrate the event.

W. P. Breen and John Morris, jr., have returned from Denver, Col., where they attended the sessions of the American Bar association. The attorneys report a most enjoyable time and they are enthusiastic in their praise of the wonders of the west.

Muncie Herald: "Edward Manok is in Fort Wayne, where he attended the wedding of his sister, Miss Julia Manok, to Jocab Stieb. The wedding occurred in St. Paul's church Tuesday morning. Miss Manok is the daughter of Mrs. Crescentia Manok, of East Jackson street, this city, and is quite a well known and popular young lady."

The members of the Eintracht Singing society surprised George Strodel Wednesday evening in honor of his fifty-sixth birthday anniversary. Mr. Strodel has been a resident of this city since 1857 and was at one time the proprietor of Nimrod hall, a popular German resort. Mr. Strodel was for a number of years a member of the volunteer fire department, making many a run with the boys of the Alert company.

WONDERFUL BARGAINS IN JARDINIERS.

Saturday we will place on sale 500 Beautiful Glazed and Painted Jardinieres. These goods usually sell at 15c to 25c each.

In order to close them out at once, we will sell them at the low price of 5c, 7c and 10c each.

This is cheaper than plain flower pots. Don't miss this sale.

WHITE FRUIT HOUSE.

MOTHERS.

What adds to your boy's appearance more than a neat hair cut? Send them to the Wayne. Everything sterilized that touches them. Nine first-class hair cutters. m&th-tf

BOOKKEEPER WANTED.

MUST BE EXPERIENCED and fully able to take charge of set of books. Best of references required with application. No. 10, Sentinel. 5t2

Miss Ethel Mossman is home from a visit in Lafayette.

Frank Wilkerson, of Huntington, was a visitor in the city yesterday.

Miss Blanche Jones, of 116 Force street, is visiting her grandmother in Bucyrus, Ohio.

Miss Clara Zimmerman, stenographer at the Wayne Knitting mills, and Miss Lulu Bird, of Auburn, Ind., have returned from the Pan-American exposition.

Huntington Herald: "Miss Katie Wilhelm, cashier at the Globe, has gone to Fort Wayne to visit friends several days.—An affidavit has been filed for a change of court in the case of John Nieman vs. the Fort Wayne Gas company, venued to this county from Allen county."

Bluffton Banner: Miss Thamer Clark, of Fort Wayne, is here visiting Mrs. Sol Nelson for a few days.—Jim Clark came home this morning after a week's visit with relatives in Fort Wayne.—Mrs. Barney Wisemantle and daughter, of Fort Wayne, are visiting Lew Starr and family.—Arch Gorden went to Fort Wayne today to sell some road horses.—Mrs. John Painter spent the day with Fort Wayne friends.

Huntington News-Democrat: "A delegation of Reformed church people will attend the orphans' anniversary at the church orphanage in Fort Wayne Thursday.—Chris Felger has returned to Fort Wayne after two weeks' visit with the G. W. Stahl family.—Miss Lena Allman will return home from Fort Wayne this evening.—Mrs. J. W. Younge and daughter, of Fort Wayne, were callers in the city today.—Machinist Turner, of Bass works, Fort Wayne, began work in the shops this morning."

GIRL IS DETERMINED TO DIE

EMMA KAISER PERSISTS IN ATTEMPTS AT SUICIDE.

Hamilton, Ohio, Officers Ask Sheriff Stout to Come and Take Her in Charge.

Emma Kaiser, the Fort Wayne girl who has been keeping officers in Ohio, Indiana and Kentucky busy during the last year trying to prevent her from committing suicide, has broken into prominence again. This morning Sheriff Stout received a letter from Edward A. Jones, judge of the probate court at Hamilton, O., stating that this girl, giving her residence as Fort Wayne, Ind., has been incarcerated in the jail at that place since August 26 and that during her incarceration she gave indications of strong suicidal tendencies.

She was on Tuesday turned over to the care of the Young Men's Christian association of Hamilton for safe keeping, but yesterday she was again found on the streets headed for the river where she said she would put an end to all her troubles. She was intercepted and again locked up. Judge Jones said that a week ago a telegram was sent to Charles Kaiser, her father, on Hoagland avenue, informing him of her presence and condition and asking him to come on and take care of her. To this telegram no reply was received and the judge asks the sheriff to come to Hamilton and take care of her.

Sheriff Stout is investigating the matter, but has come to the conclusion that the girl having been in Hamilton, off and on, for over a year, she has earned her residence there, and that as the girl's father has taken no action she is a charge on the Hamilton officers and not on the Fort Wayne officers. It will be remembered that the girl tried to commit suicide at Hamilton about a year ago, later tried to jump off the bridge at Covington, Ky., and about two weeks ago tried to do a similar stunt at Richmond, Ind., from which place she went to Hamilton. The Hamilton judge says that there is no doubt but that she is insane.

CORN PROSPECTS IMPROVED

ALLEN COUNTY PROMISES FAIRLY GOOD CROP.

Indications Point to Three-Fourths Usual Yield—The Situation Elsewhere.

Reports from the country districts this week are to the effect that Allen county farms this fall will yield from 75 to 80 per cent of the usual corn crop, and that there will be an abundance of late vegetables, such as tomatoes, cucumbers, sweet corn and melons.

The late rains which it was thought came after the corn was gone and would entirely ruin the crop, saved the most of it, and in the lowlands the yield will be even larger than last year. On the highlands the most damage was wrought by the drought and the crop is a partial failure. Charles Branstrattor and other prominent farmers in the low country west of Fort Wayne, were in the city today, and said that their corn is better this year than last.

G. Max Hoffman has brought in samples of corn from his fields near Alexandria, which, he says, will yield from thirty-eight to seventy bushels to the acre. The average acreage will be about fifty bushels. North of Huntertown the crop is extraordinarily good, and around Syracuse and Albion much better than was expected a week ago. The frost remaining off the ground and the weather continuing favorable has caused a large increase in the yield of late farm products of all kinds.

NEW OFFICERS ELECTED.

The following officers have been elected by the Library Hall Athletic association: Spiritual directors, Rev. P. J. O'Reilley and Rev. James Fitzpatrick; president, Charles J. Ryan; first vice president, F. J. Murphy; second vice president, F. A. Biemer; secretary, Edward Remmert; treasurer, Joseph Dolan; house committee, T. J. O'Dowd, Fred Stahl, E. J. Barry; board of directors, Cathedral, A. K. Baker and P. J. Moran; St. Patrick's, J. E. Ford; St. Paul's, J. H. Strang; Precious Blood, James McVey; St. Mary's, Peter Lauer; entertainment committee, P. E. Bresnahan.

All persons desiring to consult the principal of the high school in regard to school work for the current year are requested to call at his office in the high school building between 9 and 12 o'clock Saturday, Sept. 7th.

Ed. Schele's Fine Window

The finest cigar display ever witnessed in Fort Wayne is at the present time on exhibition in the show window of Ed Schele's popular cigar stand.

The cigars on display are manufactured by William Steckbeck, namely the "Havana Seal."

The display shows the "Havana Seal" in all of its stages, from the seed that is placed in the ground to the ashes that fall from the cigar.

The "Havana Seal" is one of the very finest 5c cigars manufactured, and its popular manufacturer, Mr. Steckbeck, has spared neither time or expense in perfecting this brand.

If you want the finest smoke in the city for 5c try the "Havana Seal."

A CLAIM PROMPTLY PAID.

FORT WAYNE, Sept. 4, 1901.

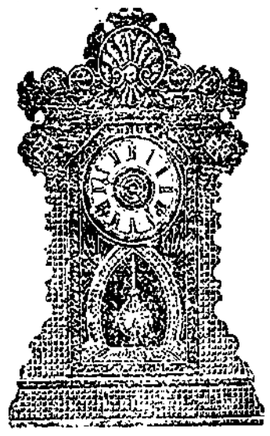

We desire to express our appreciation for the promptness and the satisfactory manner in which claim has this day been adjusted in the "Prudential Insurance Company of America" on the life of Mrs. Johnson, living at No. 60 Maumee avenue. Amount of policy was paid eight hours after death, together with additional dividends of $5.55, which was more than our policy contract called for. This payment was voluntary upon the part of the company, and I heartily thank the company through their representative for the kindness shown me in this adjustment, and I can cheerfully recommend to the insuring public the Prudential Insurance company who desire to avail themselves of substantial insurance. Again thanking you, I remain very respectfully.

MARY UMSTEAD,
OTA JOHNSON.

PRESIDENT'S DAY AT BUFFALO

McKinley the Guest of Honor at the Pan-American ---Received With Great Enthusiasm and Delivers an Address.

Buffalo, N. Y., Sept. 5.—President's day at the Pan-American exposition dawned bright and clear, with the temperature sufficiently low to make the day all that could be desired.

It was evident from the crowds on the streets early in the morning that the attendance would be large. Business houses and private residences were gaily decorated with flags and bunting and banners were

PRESIDENT M'KINLEY.

Guest of Honor at the Pan-American Exposition Today.

stretched from windows and across streets, bearing words of welcome to the president and expressive of the sentiment which the great fair is designed to foster, "Peace to Pan-America."

Although the time announced for the departure of the president from the home of Mr. Milburn, in Delaware avenue, was 10 o'clock, crowds began to assemble in front of the house as early as 9 o'clock. A detail of police kept the crowd back from the sidewalk in front of the house, but those most eager to catch a glimpse of the president and Mrs. McKinley indiscriminately invaded the beautiful lawns of the adjoining residences and some went so far as to climb upon the verandas.

GREETED BY CHEERS.

Promptly at 10 o'clock the president emerged from the home of Mr. Milburn, Mrs. McKinley accompanying him, walking by his side without assistance. A great burst of cheers greeted them, which the president acknowledged by bowing and raising his hat.

The president and Mrs. McKinley entered the first carriage and Mr. Milburn, president of the exposition, and Mrs. William Hamlin, of the board of woman managers, the second. An escort of twenty mounted police and twenty members of the signal corps surrounded the two carriages and the cavalcade set out at a brisk trot for the Lincoln Park way entrance to the exposition grounds. The two carriages were followed by a number of carriages and tally-hos, their occupants blowing fanfares and adding animation to the scene.

At the entrance to the exposition

(Continued on Fifth Page.)

TRIED TO ROAST HIMSELF TO DEATH

New York, Sept. 5.—Frederick Ring, awaiting trial for highway robbery, attempted today to roast himself to death by setting fire to his bed in the Essex county jail in Newark. He is now in the jail hospital under close guard. The prisoner, who is known as a desperado, had received a visit from his mother. During the interview he had wept bitterly. Shortly after she left and before his attempt at self-destruction Ring sat down and wrote out a long letter of confession. This was found today by the warden when he searched Ring's cell. In the letter Ring confessed to having committed a murder in South Jersey about two years ago. Since then, he declared, the fear of arrest and hanging made his life a torment.

MANY SOLDIERS POISONED

FORT M'PHERSON HOSPITAL HAS 226 CASES.

Illness Caused By Ptomaine Poisoning in Food—Col. French Orders Investigation.

Atlanta, Ga., Sept. 5—Two hundred and twenty-six enlisted men of the Twenty-seventh infantry, stationed at Fort McPherson, are in the post hospital on account of illness, caused, presumably, by ptomaine poisoning. Of the 416 men enrolled in Companies A, B, C and D only 190 were on duty today. The physicians say the sickness was caused by ptomaine poisoning in the food served Tuesday evening. The cooks say nothing was prepared and left standing over night for breakfast and attribute the trouble to the ice. The cooks also claim that no canned goods have been used for six months and that nothing has been cooked in copper since last March.

Col. J. W. French, of the Eleventh infantry, post commander, has ordered a rigid investigation.

WELL KNOWN LAWYER DEAD.

Cleveland, Ohio, Sept. 5.—Major Emerson H. Eggleston, a well known lawyer, died today as the result of a surgical operation. He was sixty-two years old and had served a term as United States district attorney.

Arwid Polster has returned from an outing at Lake George.

WERE CAPTIVES ON BARREN ISLE

Abducted Leaders of Tampa Strikers Make Their Escape and Return With Startling Story of Hardship and Cruelty.

New York, Sept. 5.—A special to the Herald from Key West says:

The thirteen abducted leaders of the striking cigarmakers of Tampa, Fla., have returned from exile. The men who composed the central committee of Resistencia union, of Tampa, arrived here on a small fruit schooner, the Gertrude, of this port. Marooned on a barren, uninhabited isle off the coast of Honduras, they had, by an unexpected turn of fortune, escaped death from exposure and starvation and made their way to civilization and safety.

They believe it was the intention of their captors that they should never return from exile. The authorities of Washington have instructed the United States district attorney at Jacksonville, Fla., to make an investigation of the matter. Sworn depositions of the men taken before federal officials have been mailed to Washington.

EVIDENCE OF HARDSHIP.

The party consisted of six Spaniards, six Cubans and one Englishman. The Cubans and the Englishman, however, are naturalized American citizens. The men all bear evidence of the hardships encountered during their forced exile and present a pitiful appearance. The stories they tell are substantially the same, differing only in minor details as to the violence resorted to by their abductors. One of the men, Luis Barcia, who was taken at midnight from the bedside of his wife, whose accouchment had taken place three days before, and whose death has since been reported as a result of the shock incident to her husband's disappearance, says he was forced into a closed carriage and taken to the railroad station, where he was put into an electric car, of which the lights were out, the current having been shut off. Eight of his comrades, who had been similarly captured, were put with himself into the rear compartment of the car and taken to Ballast Point, a few miles west of Tampa, on Hillsborough bay.

Four other members of Resistencia union had previously been taken through the woods in a wagon to the same place, where a tug was steamed up awaiting them. Several of the guards on the car, the men say, were prominent citizens of Tampa and well known to them. After a brief conference at Ballast Point the thirteen men were dragged aboard the tug and the start was made, amid derisive farewells from the abductors on the dock. The tug headed for the schoner Marie Cooper, which was riding at anchor in the stream with all sails set. The men were transferred to the schooner under heavy guard. This was on Tuesday night, Aug. 6.

KEPT IN IGNORANCE.

A stiff breeze soon carried them down the bay and out to sea. As day followed day in dull monotony, without any indication that a landing was contemplated, the kidnaped men, who had been kept in ignorance, not only of their fate, but of their probable destination, became uneasy and requested to know where they were being taken. They were told they would be landed on English soil, far enough away to prevent a return to the United States for a long time. On the seventh day land was sighted and the captives were informed that their destination had been reached. Nearer approach revealed a long, low

(Continued on Second Page.)

THOUSANDS IN ATTENDANCE

PICNIC AT REFORMED CHURCH ORPHANS' HOME.

Eighteenth Anniversary of the Institution is Celebrated—Many Visitors There.

The annual picnic of the orphans' home of the Reformed church is being held this afternoon on the grounds of the home east of the city, and the crowd in attendance is the largest in the history of the institution. Since early morning incoming trains have brought delegations from surrounding cities, and a conservative estimate this afternoon placed the number of people on the grounds at over 3,000.

The program of the day commenced at 2:30 o'clock with an address in English by Rev. S. Mayers, of Youngstown, Ohio, after which Rev. J. Bachmann, D. D., of New Knoxville, Ohio, president of the home, delivered an address in German. Other speakers who were to make addresses were Rev. J. F. Winter, of Terre Haute; Rev. A. Becker, of Cleveland, Ohio; Rev. John Bosch, pastor of St. John's Reformed church, this city and treasurer of the home, and Supt. B. Ruf.

A special car service was put on the Spy Run avenue and Driving park lines this afternoon, and every car carried a full quota of passengers. At the Driving park the cars were met by buses and wagons and the passengers conveyed to the grounds. During the afternoon the Golden Eagle band gave a concert, and they will give another program this evening.

The orphans' home in this city is supported by all the Reformed churches in the United States, and at present there are nearly a hundred inmates. The home is a model in every way and the fine farms around it, cultivated by the inmates, are among the best in the county. Many improvements have been made at the institution within the past year, bringing it up in the front rank of institutions of the kind in the United States.

HERE TO SEE COURT HOUSE.

George Little, Henry Barber, A. Wickershop, John Fudge, John B. Stevenson, W. Ferguson and Lewis Smith, of Xenia, O., and A. A. Ohmer, a furniture manufacturer of Dayton, O., are in the city taking a look at the Allen county court house. They come as a committee to see the latest thing in court houses and court house furnishings with a view of recommending something to the people of their own town. They were shown about the county building by Custodian Scherer and were received and entertained by the board of commissioners. Like all other official visitors they say without reserve that Fort Wayne has the finest county building they have ever seen.

THERE WILL BE A CROWD.

At noon today the Journal-Gazette had given out over 3,000 tickets to today's ball game at League park. As early as 1 o'clock streams of boys were seen flowing toward the ball grounds, and the outlying districts had not yet been heard from. The parochial schools mostly closed at noon, although some of them remained in session until 3 o'clock, still giving the boys plenty of time to get to the grounds.

OLD BOAT CHOSEN

COLUMBIA WILL AGAIN DEFEND AMERICA'S CUP.

CONSTITUTION IS OUT OF IT

MANAGER DUNCAN IS BADLY DISAPPOINTED.

RACING AT NEWPORT ENDED

ENGLISH BY NO MEANS SURE OF WINNING CUP.

Newport, R. I., Sept. 5.—The yacht Columbia, champion of 1899, has been chosen to race against the Shamrock II. in defense of the America's cup. This decision was reached today after a conference, lasting two hours, between the members of the challenge committee. All the committee were present. Commodore Lewis Cass Ledyard presided.

The discussion was exhaustive. The performances of the two boats were gone over systematically and critically compared. The conclusion was that the behavior of the Columbia was far more consistent than that of the Constitution and that under the circumstances there was no alternative but to name her as the defender of the cup. It was held that, while the decision might be disappointing to the syndicate which owns the Constitution, the committee was compelled to choose the Columbia, whose races have shown none of the erratic form manifested by her rival.

The formal notice announcing the selection of the Columbia was posted at the yacht club station shortly after 12 o'clock. It read as follows:

"At a meeting of the committee on challenge of the Royal Ulster Yacht club, held on the flagship at 11:30 a. m., the Columbia was selected to represent the New York Yacht club.

"J. S. V. Oddie, Secretary."

DUNCAN DISAPPOINTED.

W. Butler Duncan, jr., manager of the Constitution, expressed disappointment that his boat had not been selected as the cup defender. He said everything possible had been done to get the best speed out of her and he had no fault to find with the officers or crew. He said that Captain Rhodes had been both skillful and faithful.

Mr. Duncan laid much blame on the sails of the boat for her erratic racing. He said that it was a mistake to change the first mainsail while she was doing such good work in her early performances.

The announcement of the selection of the Columbia was received here with expressions of approval among yachtsmen. She has shown herself such a reliable all-around yacht that the decision of the challenge committee is held to be strictly just and impartial.

As interested yachtsmen view the situation the Columbia has tuned up to the point of perfection. Her crew are enthusiastic believers in her capabilities. Their drill and discipline are beyond praise and nobody who has watched them has any doubt that they will make a gallant defense of the cup.

At the same time it is pointed out that Mr. Duncan, manager of the Constitution, has had a great deal to contend with. It is the opinion of many of his friends that if Nat Herreshoff had not been confined to his room by illness he could have remedied the faults of the Constitution and brought her out a winner.

After the challenge committee's meeting today it was learned that there will be no more racing for the ninety-footers at Newport. The time between now and the international cup race at Sandy Hook on September 21 will be spent in putting the Columbia in the best possible condition to defend the cup.

BETTING STORY A FAKE.

New York, Sept. 5.—The Evening World prints an interview with Walter J. Kingsley, the alleged commissioner for an English betting syndicate, to the effect that the story of wagers between him and Pittsburg capitalists, aggregating $400,000, was a skillfully devised "fake." Kingsley, according to the Evening World, said that he merely acted the part of a press agent, for which service he was paid.

ENGLISH NOT SO SURE.

London, Sept. 5.—While a section of the English press has been printing sensational New York specials lately, representing that all America despairs of keeping the America's cup and that even the New York club managers are betting on the Shamrock II., the stories give little real encouragement in English yachting circles. The feeling there is reflected by the Yachtsman, which says today:

"Why the fears of our cousins should be excited or the hopes of Sir Thomas Lipton's friends be raised by the turn of events, is not very easy to see. Of course, if the Columbia has been consistently beaten by the Constitution all through the season we should know that Herreshoff had improved on his design, but the fact that this is not proved to be the case indicates that the old design is perfect.

"It simply shows that the Columbia is a very difficult boat to beat, and anyone who has seen her will be quite prepared to admit that fact. Of one thing we are quite certain, and that is that whatever boat may be selected as the defender, the chances are altogether in her favor, though the Shamrock may make a close fight for the cup."

MEETING AFTER MANY YEARS

BRITISH NAVAL OFFICER ARRIVES IN THE CITY.

Harry Geake is the Guest of His Cousin, Contractor William Geake —A Long Separation.

William Geake, the contractor, this afternoon received as his guest Harry Geake, of the British navy, a first cousin, whom he has not seen for over forty-two years. Mr. Geake and his cousin were boys together in Bristol, England, and shortly after Mr. Geake's parents moved to America his cousin's folks moved to Australia. From Australia Harry Geake entered the service of her majesty in the navy department, where he has been for the past twenty-six years, but in the meantime all communication between the two families was lost. Several years ago Mr. Geake visited England and among other places, his old home, Bristol, and Brighton. At the latter place, through accident, he learned of the whereabouts of his cousin, Harry, who was then and now is stationed at Vancouver, B. C., being an officer in the engineer's department of the British navy. On his return home Mr. Geake opened a correspondence with his cousin, which has been kept up ever since. The cousin, Harry Geake, has just received a three months' leave of absence to visit England, and William Geake persuaded him to come by way of Fort Wayne, en route to New York, from where he will sail for England on the steamer Majestic, next Wednesday. The gentleman arrived in the city this afternoon, via the Nickel Plate, at 3 o'clock, and will be the guest of his cousin until probably about Sunday night.

COTTAGERS' TRAIN TO QUIT.

One week hence the cottagers' train, which has been in service between Fort Wayne and Rome City, will be taken off until next year. The final run will be made Thursday morning, September 12.

OFFICIALS HERE.

Officials of the Fort Wayne and Southwestern Traction company arrived in the city at noon today for a business meeting and an inspection of the territory. In the party were Sumner Wallace, of New Hampshire; G. E. Macomber, of Maine; W. B. McKinley, of Illinois, and General Manager S. L. Nelson, who makes his headquarters in this city. This afternoon the gentlemen are driving over the city to make decisions in regard to the proposed street car line extensions and the new entrance asked for the Fort Wayne and Southwestern road from the west. Nothing will be decided upon until after this inspection is completetd. The party will also drive over the territory adjacent to Fort Wayne with a view of establishing other lines than the one now under construction. Tomorrow morning they will take a trip over the road from here to Huntington, traveling on the steam engine which has been used in the construction of the road, and return in the afternoon. By that time some decision of importance will probably have been reached.

TO OPERATE IN INDIANA.

Dover, Del., Sept. 5.—The Indiana Long Distance Telephone and Telegraph company of Kentucky, with a capital of $1,000,000, was incorporated here today. The company is to construct and operate telegraph and telephone lines in Indiana, Ohio and Kentucky.

STRIKERS' RANKS MELTING AWAY

Increased Numbers Return to Work---Schwab's Demands at Peace Conference Would Reduce Association's Strength One-Half.

Pittsburg, Pa., Sept. 5.—Further breaks in the ranks of the striking steel workers occurred at McKeesport today. Five hundred men, or 100 more than yesterday, went to work at the National Tube company's plant, and nearly 100 men reported for duty at the Demmler Tin Plate works, which was to resume this morning under the protection of deputy sheriffs. A start was not made during the early hours of the day, however, but everything was in readiness for resumption. The fires were lighted in the furnaces and a start was expected before the close of the day.

The mill property was surrounded by a large force of deputies, but there was no disorder, although quite a crowd of strikers were loitering in the vicinity of the plant. The Boston Rolling mill was the scene of great activity this morning, and the strikers are closely watching it, as they fear an attempt is to be made soon to resume operations. A force of men were at work cleaning up and preparing the plant for work.

AGAIN DISCUSS PEACE.

Probable early peace is again being discussed here as the result of yesterday's conference in New York between President C. M. Schwab, of the United States Steel corporation, and members of the National Civic Federation. Hope was revived yesterday afternoon that the meeting might result in something tangible on which to base a settlement proposition, and disappointment was general over the the failure to reach an agreement. The hope was expressed on all sides that the conferees not having left New York, would get together again today and arrange a settlement before final adjournment.

SCHWAB'S STIFF DEMANDS.

The proposition from Mr. Schwab, said to have been communicated to President Shaffer, of the Amalgamated association, through President Gompers, of the American Federation of Labor, virtually demands a concession of the Clark, Painter, Lindsay & McCutcheon and Monessen Hoop mills. The plants were non-union when the strike started, and all are now running partially or in full. The association would also lose by the acceptation of the proposition the Crescent Tin Plate plant at Cleveland, the Star Tin Plate works in this city, the Canal Dover mills, and the works at Demmler. These have been union for a long time.

The tube plants at McKeesport, in this city and at Benwood, W. Va., would also be exempted.

The acceptance of the terms, it is said, would reduce the strength of the Amalgamated association nearly 50 per cent.

BOARD HELD MEETING.

Pittsburg, Sept. 5.—Five members of the advisory board of the Amalgamated association went into session this morning at Amalgamated headquarters, it is said, for the purpose of discussing the proposition received from New York regarding a settle-

(Continued on Second Page.)

ECUADOR MAY MIX IN THE TROUBLE

Washington, Sept. 5.—A cablegram was received here today from an authoritative source in Colombia, near the Ecuadorian border, stating that Ecuador had intervened as against Colombia with an army well equipped and with vessels of war. Under these circumstances the cablegram states that it will be necessary to meet the move of Ecuador by having Colombian war vessels in Pacific waters near the Colombian Ecuador frontier.

The information in the cablegram is considered clear evidence of Ecuador's intention to join forces with the rebellious element on the Isthmus of Panama. Until now Ecuador has maintained strict neutrality, but the cablegram received today indicates that the first overt move against Colombia has been made.

MARRIED THIS MORNING.

Miss Jessie Elizabeth McAllister, daughter of G. W. McAllister, was this morning united in marriage to Dr. Albert M. Shaw, a prominent physician of Ottawa, Ill. The officiating clergyman was Rev. J. Webster Bailey, pastor of Plymouth Congregational church. The ceremony was performed at 10 o'clock, in the presence of about twenty relatives and near friends. There were no attendants. Following the ceremony Caterer Locklin served an elaborate wedding breakfast and at noon Dr. and Mrs. Shaw went to Chicago. They will be at home to friends in Ottawa after October 15th.

DIRECTORS' MEETING.

The regular monthly meeting of the board of directors of the Indiana School for Feeble Minded Youth was held at the home today. No important business was up for consideration and a few minor business matters were disposed of. The plans for the new building for adult females, which were to have been submitted today by the architect, were not forthcoming, and a special meeting will be called later to pass upon the drawings.

WHEELMAN'S NARROW ESCAPE.

Frank Friedman, residing on Holton avenue, while riding on Harrison street, near Main, Wednesday, collided with a team driven by William Preece. Friedman was thrown violently to the ground and badly bruised and cut. His wheel was ruined. Preece was driving on the wrong side of the road and was obliged to settle for the damage.

ADMIRAL SCHLEY SENDS PROTEST

Objects to Navy Department's Course and Wants Available Witnesses Summoned---Capt. Forsyth Squares Himself.

Washington, Sept. 5.—The navy department today received two letters from Admiral Schley, relating to the coming court of inquiry. One of these was in reply to Acting Secretary Hackett's note of yesterday, which stated that if Admiral Schley would furnish a list of the important witnesses he desired to have brought to Washington at once his request would be acceded to as rapidly as the interests of the service would permit, by bringing several of the witnesses at a time. Although the reply of Admiral Schley was not made public it is understood that it is in the nature of a respectful remonstrance against the course suggested, coupled with a specific request that all of the witnesses easily available shall be summoned for purposes of conference. The other communication is understood to relate to a formal detail of the trial.

HEAR FROM FORSYTH.

Washington, Sept. 5.—A reply has been received at the navy department from Captain Forsyth to the letter calling his attention to an alleged interview published on the subject of the Schley court of inquiry. An earlier letter of the department to Captain Forsyth, it appears, did not reach him. The following statement of the character of the reply was made at the department:

"Captain Forsyth, while coming east, was detained over Sunday at Kansas City, Mo. He declined to talk with a reporter. It seems, however, that he fell into private conversation with some person in the hotel, with no idea what he said would be repeated in any form.

"His remarks were distorted and were used to form the substance of the alleged interview. Captain Forsyth has made such disclaimor, and has so frankly avowed his deep regret at any indiscretion in the premises, that the department is satisfied there was no intention on his part of violating the order of the department to refrain from public statement.

"No action will be taken by the department further than to inform Captain Forsyth that his explanation is satisfactory, and that the incident will not be treated as affecting his excellent record."

ASK YOUR NEIGHBOR

HUNDREDS OF FORT WAYNE CITIZENS CAN TELL YOU ALL ABOUT IT.

Home endorsement, the public expression of Fort Wayne people should be evidence beyond dispute for every Fort Wayne reader. Surely the experience of friends and neighbors, cheerfully given by them will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

Doan's Kidney Pills for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases—Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address, Foster-Milburn Co., Buffalo, N. Y.

PEOPLE.....
Who Want Money
Should Read This

This company is organized for the special purpose of loaning money to persons momentarily embarrassed and who wish to avoid delay in obtaining a loan.

We advance you $10, $15, $25, $75, or any amount on your furniture, piano, horses and wagons, warehouse receipts or any like personal security. All property is left in your possession and you have the use of both the money and the goods.

Don't go to your friends—be independent and come to us, then your affairs are sure to be kept private. All our business is strictly confidential.

You can have from 1 month to 1 year to repay your loan. By borrowing here you save money. Full particulars given by calling at our office.

Indiana Mortgage Loan Co.,
Room 3, Arcade, upstairs. Home 'phone 995.

PIONEER WOMAN IS CALLED

MRS. MARY G. BUETER GOES TO HER REWARD.

Death Came Suddenly as a Result of Paralysis—Other Mortuary Matters.

Mrs. Mary G. Bueter, one of the pioneer women of Allen county, died at the home of her daughter, Mrs. Milla J. Violand, 160 East Washington street, Wednesday afternoon. She was nearly seventy-seven years old, and enjoyed rugged health up to Monday night, when she suffered a stroke of paralysis, which resulted fatally. She was able to be about every morning to attend religious services at St. Mary's Catholic church. Monday morning she attended mass as usual and later in the day stood on the sidewalk while watching the Labor day parade. No ill effects of the exertion were felt until Monday evening, when she was suddenly stricken.

Mrs. Bueter was born at Meppin, Hanover, Germany, and had she lived until next Sunday she would have been seventy-seven years old. Her maiden name was Abeln. She came to America in 1849, being one of a party of seven persons who left their birthplace and came to Fort Wayne. They landed in New York in April after a nine weeks' voyage, and started for Fort Wayne by way of Albany, Buffalo and Toledo. From Toledo they were brought here on the Wabash and Erie canal, arriving on July 5. Of the seven who formed that party but one is now living, H. H. Schnelker, of New Haven, who was then a little child. Two weeks ago Mrs. Bueter attended the annual reunion of the family at the Sunflower club house on Herman Bueter's farm near New Haven. Mrs. Bueter was married on April 2, 1852, to Bernard H. Bueter in the St. Augustine's Catholic church that stood on the present site of the Cathedral. For ten years they lived at the corner of Washington and Clay streets, and then moved to a farm in Adams township, where there children were reared. Bernard Bueter died eight years ago and then the widow came to live with her daughter, Mrs. Violand. Four children survive her; Barney Bueter, trustee of Adams township; Frank H. Bueter, a merchant at New Haven; Herman Bueter, of Adams township, and Mrs. Violand. There are twenty-two grandchildren, one of whom is Deputy County Clerk John Bueter. Henry Schone, the funeral director, is a nephew. Mrs. Bueter was the last of a family of six children. She was one of the founders of the St. Mary's church, and her husband helped to build the first church, which was destroyed by an explosion in 1886. She was a member of the rosary society, the Altar society and the school society, to which she gave much of her time.

The funeral will be held Saturday morning at 9 o'clock from the residence, and at 9:30 from the St. Mary's church. Rev. J. H. Oechtering will officiate.

The pall bearers will be the grandsons and nephews of the deceased.

BLEKE.

Edward Bleke died Wednesday afternoon at the residence of his brother, in Marion township, with whom he had made his home for a long time. Death was due to a complication of diseases with which he had been a sufferer for months. He was a member of the Lutheran church on the Piqua road. Surviving him are one brother, Charles Bleke, and two sisters, Mrs. John Schwehn, of New Haven, and Mrs. Samuel Heiber, of Adams township.

The time of the funeral will be announced later.

The funeral services will be held Saturday morning at 9:30 o'clock from the residence, and at 10 o'clock from Franke's Lutheran church, on the Piqua road.

STOUT.

Mrs. Elizabeth Stout died at her home in Wells county Tuesday morning of paralysis. She was the mother of Mrs. Alice Masterson, of Fort Wayne.

WELLMAN.

Edward Wellman died at noon Wednesday at the home of his sister, in Knoxville, Tenn., of consumption, at the age of 21 years. He was born and reared in Fort Wayne and was compelled to leave here about a year and a half ago on account of failing health. Previous to that time he was employed as a clerk at the wholesale iron house of Edwin M. Coombs. After giving up his work, Mr. Wellman went to Colorado, and not finding relief there, went to Knoxville, Tenn., where he made his home with his sister until his death. While a boy he was a carrier for The Sentinel. He leaves a sister, Mrs. John Myers, of Knoxville, Tenn., and two brothers, Fred, of the Fort Wayne Electric works, and Theodore. Mr. Wellman's parents are dead. The remains will arrive here Friday afternoon at 4 o'clock and be taken to the residence of his uncle, Henry Wellman, 237 Broadway, where the funeral will be held Saturday afternoon at 2 o'clock. Rev. Wambsganss will officiate. The pall bearers will be Herman Kraft, Brown Wood, Ed Mannock, Gust Strieder, Harry Pranger and George Bitiler.

FUNERAL ANNOUNCEMENTS.

Johnston.—The remains of Mrs. Johanna Johnston will be shipped to Roanoke for interment tomorrow morning. There will be a funeral service at 8:30 a. m., conducted by Rev. J. W. Lake.

WERE CAPTIVES ON BARREN ISLE

(Continued from First Page.)

stretch of sand beach, without sign of human habitation. The men were landed at night, each one receiving $5. A box of soda crackers, two small hams, three cans of beef and about a gallon of water were placed on the beach. The boats then returned to the schooner, which immediately set sail and disappeared in the distance.

PROVISIONS GAVE OUT.

For days they wandered along the beach, husbanding their meagre supplies, and without encountering a human being or sighting a sail. The small supply of provisions finally gave out, the water supply was exhausted, their hands and faces were burned by the tropical sun and their feet blistered by long marches. They began to despair of ever reaching home and had almost given up the fight, when they were discovered by an Indian. He brought aid, took them to the mainland and guided them to a plantation of a Mr. Bruno, where they were well received. Their immediate wants were supplied and they procured a small boat to take them to Truxillo.

They were told by Mr. Bruno that from the description they gave of the island they had evidently been landed near the mouth of Plantation river. At Truxillo they had the good fortune to meet two Cubans, formerly residents of Florida, and now engaged in fruit culture there, who supplied funds and hired a schooner to take them to Bonaccion, where they were equally fortunate to find the schooner Gertrude seeking a cargo of fruit for this market. They chartered her and sailed for Key West.

IN THE JUSTICES' COURTS.

The provoke case filed by Paul Kirbach against his brother Frank was dismissed by Justice Huser Wednesday before it was fairly under way. The justice said that he saw the suit was a simple case of getting even and that he did not propose to have his court made a vehicle for such proceedings.

Julia Scott today filed an affidavit for assault and battery against John A. Scott. The affidavit was filed in Huser's court, and Mr. Scott, through his attorney, at once moved for a change of venue. Before the affidavit was completed Attorney J. R. Bittenger, representing the state, dismissed the case, saying he would refile it in the municipal court, from which court no change of venue could be taken, saying as he did so that he believed the venue was asked for simply to harrass and embarrass the prosecuting witness.

Justice Bullermann this morning performed a marriage ceremony in his office with much eclat and other customary trimmings. The high contracting parties were Louis and Mary Guillaume, not related, but both highly respected citizens of St. Joseph township.

ABOUT THE CITY HALL.

The board of works will meet this evening in regular session, when the confirmation of the assessment rolls for the pavements on Hanna street and Fairfield avenue will come up and will be the principal item of business. So far as now known there will be few objections to the assessments as they have been made out.

City Attorney Shambaugh and wife left last night for a ten days' vacation, to be spent at Petoskey.

The clerks in the engineer's office at the city hall are engaged now in filling out the notices to property owners notifying them of the change in the street numbers on their properties, to conform to the new system just completed. The work is an arduous job and with the present force will require a month or two for completion.

C. F. Pfeiffer has filed a plat for a sub-division of Lillie's out-lot No. 25, abutting Hayden street. The board of works will consider the matter at tonight's meeting.

Mrs. Barney Weismantle and daughter are visiting friends in Bluffton.

ROBBERY CASE IS CLEARED

DETECTIVE COLING NABS MAN WHO CONFESSES.

Boys Suspected of Petty Thieving Are Released—Other Doings in Police Circles.

Several days ago D. N. Foster reported to the police department that several mattresses had been stolen from his factory and he asked the assistance of the department in locating the thief. Detective Coling went to work on the case and this morning arrested Charles Trowbridge for the theft, secured his confession and recovered the stolen property. Trowbridge is a driver of Foster's delivery wagon, and when Mr. Foster was notified he said he did not care to prosecute the offender if the goods were returned. Trowbridge was once before in the employ of Mr. Foster and stole a lot of property for which theft he was sent to the penitentiary. After he returned from the prison north Mr. Foster again employed him and he repaid his benefactor by stealing again. Some time ago while delivering a load of goods to a private residence he stole $3 from a pocketbook which he found on a dressing case in a room where he delivered part of his load. He was nabbed by Coling, but the fellow begged so piteously and returning the money there was no prosecution in that case.

BOYS ARE RELEASED.

At police court this morning Judge Louttit had a ticklish proposition to unravel. Yesterday afternoon Detective Coling arrested three boys, John, Bennett and Jesse Downey, lads aged 14, 11 and 9 respectively, for the alleged burglary of the residence of Frank K. Safford at 450 Fairfield avenue. Articles of only nominal value were taken, but the house was turned upside down from cellar to garret on the inside. The boys are the smoothest lot of youngsters that have ever been in police court and they told a story so smooth that it was difficult to catch them on any question. Although the stolen property, or at least a part of it, was found in their possession, they accounted for it by saying that some boy whom they do not know, had given it to them. It could not be proven that they had actually entered the house, although the circumstances pointed to them as the marauders without any question. The mother of the children was there and pleaded for them in tears. The boys are evidently bad, but Judge Louttit was loath to send them to jail and proposed first to send them to the circuit court to be dealt with by Judge O'Rourke, and possibly be sent to the reform school. After consultation with the prosecutor, Judge Louttit concluded to continue the hearing of the case until Saturday and in the meantime keep the boys locked up in the police station in separate cells, and then on Staurday dismiss them with a reprimand, considering their punishment by that time would have been sufficient. It was then learned that there was no funds to feed the lads and finally after the mother and father both promised to endeavor to take better care of the children in the future they were allowed to go.

MINOR POLICE NOTES.

A gang of tramps congregated near Lindenwood cemetery was reported to police headquarters last night. Several officers and deputy sheriffs went to the place in the patrol wagon, but when they arrived the gang had dispersed, evidently having received a tip from some source.

The patrol wagon was called to the corner of Sixth and Cass streets last night to quell a family disturbance. When the wagon arrived the white-winged dove of peace had spread her wings and no arrests were made.

A new saloon was opened in Bloomingdale on Wells street last Saturday night and last night had its first exciting time. A woman armed with a club appeared at the place and threatened to Carrie Nationize the store unless her husband was delivered to her forthwith. The husband objected to the delivery, but being assured that he would not be trounced if he went home at once the incident was closed by the woman walking off with her better half in triumph.

It was reported at the city hall this morning that Deel's saloon at Williamsport, this county, was destroyed by fire on Monday night. Whether by accident or incendiary is not known.

A stray boy 4 years old was quartered at Hattendorf's grocery at the corner of Wallace and Hanna streets for several hours last night. The parents finally got track of their youngster and took him home to bed.

POWERS OUT OF DANGER.

Frankfort, Ky., Sept. 5.—Former Secretary of State Caleb Powers, one of the men in jail here, in connection with the shooting of Governor Goebel and who was hit with an iron inkstand last night by James Howard, another Goebel prisoner, was slightly improved today and is believed to be out of danger. Howard today expressed great sorrow over his display of temper.

STRIKERS' RANKS MELTING AWAY

(Continued From First Page.)

ment of the strike.

There were present President T. J. Shaffer, Secretary John Williams, Business Manager Benjamin I. Davis, Assistant Secretary M. F. Tighe and Trustee John Pierce.

The absentees were Trustees John H. Morgan and Elias Jenkins. Morgan is in Niles, Ohio, at work, and Jenkins is at Youngstown.

Trustee Pierce, when seen during the morning said that the officials could not agree to the proposition submitted by the corporation. A note was sent to President Shaffer, but he announced that he had nothing to say.

It was reported about headquarters that a counter proposition was in preparation, which would be referred to the corporation, but this could not be confirmed.

It was also said that Trustees Morgan and Jenkins had been sent for and might be here later in the day.

Manager Lauck, of the Demmler plant, announced this afternoon that work would not be resumed before tomorrow.

The strikers claim that the reason for the delay in starting is that the management was disappointed in the number of men reporting for work.

The advisory board adjourned for lunch about 1 o'clock and an hour later resumed the conference. None of the officials would talk except Trustee Pierce, who reiterated his previous statement that they would not accept the proposition made by the United States Steel corporation, adding that no counter proposition had been made and while they still insist on the terms made, they were willing to arbitrate the differences. The committee that visited President Schwab, he said, had no authority from the Amalgamated association to settle the dispute and the strike was in the same position today as it was before the conference.

WERE SOME LIVELY SCENES

IN LONDON CONFERENCE OF METHODISTS TODAY.

Progress of Methodism in America Occupied Much Time—American Ministers Speak.

London, Sept. 5.—The Ecumenical Methodist conference today unanimously declined to hear the secretary read the message of Archbishop Canterbury in which he expressed a hope that some day the Methodists would be united with the Episcopalians.

Bishop Hartzell, missionary bishop of the Methodist Episcopal church in Africa, said the present time was the beginning of another empire of Anglo-Saxon civilization. The war was merely an incident.

Dr. Leonard, of New York, tanked God for what Great Britain was doing in South Africa and expressed the hope that the war would soon end with the Union Jack floating.

Most of the time of today's conference was taken up by reports on the progress of Methodism in the United States, Canada, Mexico and South America. The proceedings were enlivened by an ardent pro-English speech delivered by Rev. Joseph Gibson, of Ingersoll, Canada, who defended the action of the British in South Africa. Frequent interruptions arose from the English delegates, one of whom finally declared that if Mr. Gibson proceeded he would have to be answered in a controversial strain, as he was voicing sentiments by no means shared by many present, whereupon the chairman ruled Mr. Gibson out of order.

Rev. J. F. Goucher, of Baltimore, read a paper on "The Present Position of Methodism in the Western Section." Rev. J. D. Hammond, of Nashville, Tenn., reported on Methodism in the south, and Rev. Johnson, of Bellville, reported for Canada. Among the other speakers were Rev. J. P. Brushingham, of Chicago, and J. W. Butler, of Mexico City.

A picnic given at Parnin's grove, four and a half miles northeast of Monroeville, by Father Dandurand's congregation, of Monroeville, was largely attended by Fort Wayne people. Ed Nicodemus, Joe Mason, Mike Walsh and a number of other candidates for office next year were present in force.

The People's Store.

Our Advanace Showing Of....

New Fall Goods

Is attracting everybody's attention. For the past few weeks there has been a constant incoming of everything that is new aand desirable in fall and winter merchandise, and we extend to one and all a cordial invitation to call and inspect the LARGEST, BEST and MOST COMPLETE EXHIBIT of seasonable merchandise ever shown in this locality. CASH OR CREDIT.

J. Y. Shoaff & Co.,
135 CALHOUN STREET.

CALL AROUND AND BRING YOUR WIFE

if you are thinking of purchasing a home or building lot, for I know I can offer you something choice and desirable at prices and terms that will enable you to secure real estate with little cash. There is nothing in this section that is worth showing that isn't on my books.

Louis F. Curdes,
PIXLEY-LONG BLOCK.

DIRT CLEARANCE.

IT is a good plan for every bather to know something of the soap he uses. There is a well-founded objection to using a floor-cleaning soap upon the human body. Ivory Soap is the bather's soap. It costs more than common soaps, but the difference is in the ingredients and making. Why not treat yourself with a little respect. Is not the human skin with its marvellous delicacy entitled to pure soap? Ivory Soap—it floats.

COPYRIGHTED BY THE PROCTER & GAMBLE CO. CINCINNATI

PRINCIPLE IS NEW.

(The Motor Age.)

Franz Burger, of Fort Wayne, Ind., a man who has done a vast amount of gasoline engine work, has lately designed one which is based on quite different principles from those in general use. In this new engine compression of the vapor in the usual way is shunted. An air tank is provided in which air is compressed to about 100 pounds pressure.

The plan of the designer is to admit air and gasoline vapor during about two-thirds of the stroke, and to consume them in the cylinder, obtaining power by comparatively gradual expansion of the air rather than by the sudden explosion which commonly occurs. The application of the motor to automobiles is among the remote possibilities.

SPICES!

Don't expect to get the best spices for the least money. By buying the best you get the most for your money. Ceylon cinnamon has an exquisite flavor, which is three times as strong as that of Cassia, ordinarily sold for cinnamon.

We carry a full stock of the best whole and ground spices. Let us prove to you the advantage of buying a good article.

FREE BLOOD CURE.

We recommend Botanic Blood Balm (B. B. B.) for all blood troubles, such as ulcers, eating sores, scrofula, eczema, itching humors, pimples, boils, carbuncles, blood poison, aching bones, festering sores, cancer, catarrh, rheumatism. Botanic Blood Balm cures all malignant blood or skin diseases, especially advised for old, deep-seated cases. It cures when all else fails. Heals every sore or pimple, stops all aches and pains by giving a healthy blood supply. Thoroughly tested for 30 years. Thousands cured. At drug stores, $1 per large bottle. Our readers will receive a trial treatment free by writing Dr. Gillam, 213 Mitchel St., Atlanta, Ga. Describe trouble and free medical advice given. Medicine sent at once, prepaid. Sold by Ranke & Nusbaum, 88 Calhoun St.

Mr. Clyde F. Bowman, formerly of the Hoosier Shoe Store, has accepted a position with the N. O. Stone Shoe House, of Cleveland, Ohio. Mr. Bowman has a host of friends here who will be glad to hear of his success. The N. O. Stone shoe firm is one of the largest and most popular retailers in America and have found in Mr. Bowman a most competent, faithful young man.

LOCAL NEWS.

Miss Lizzie Auman has returned from a visit in Toledo.

Born, to Mr. and Mrs. Botton, of 48 Center street—a daughter.

Mr. and Mrs. Charles Muellering have returned from Chicago.

Mrs. J. B. Stearn has gone to Chicago for a week's visit with relatives.

Mrs. Keefer, of St. George, Ont., is the guest of Dr. and Mrs. Thomas Hicks.

Norman Olds leaves the latter part of next week to enter Princeton university.

Mrs. Dr. Dunfee, of Etna Green, is visiting her uncle, D. H. Short, of Elm street.

S. C. Heaton and Miss Luella Heaton have returned from an outing at Clear Lake.

Fred Buhr, the East Wayne street grocer, is lying ill at his home on Oaks street.

Mrs. M. L. Cosper has returned from a visit with friends in Lagrange, Ind.

Mrs. Edward Pfeiffer and daughter, Miss Mabel, have returned from a visit in Buffalo.

W. R. Geesey, of Altoona, Pa., will be the guest of Mr. and Mrs. Thoman Hall for a few days.

Miss Pearl Gay, of Marion, Ind., is the guest of her sister, Mrs. Chas. Keller, of 36 Edgerton street.

E. R. Sweet and Bert Benner left today for Odon, Mich., where they will camp out at Cricket lake.

Mrs. J. S. Fratis and niece, Miss Lily Weber, leave next Wednesday for a ten days' visit at the Pan-American exposition.

A steam pipe at the sewer engine house on Fox street burst yesterday and created considerable excitement in that neighborhood.

At their regular meeting on Saturday evening the Rathbone Sisters will have several candidates, and will also serve a banquet.

The Misses Nora and Mollie Shreve and Grace Liggett have returned from visits in Toronto and other eastern points of interest.

The ladies of Allen lodge No. 29, Degree of Honor, will have a dance in their hall in the Elektron building next Tuesday evening.

The Young Men's society of Emmaus Lutheran church will give an entertainment for members of the church next Friday evening.

Johnny Strawbridge, of 355 East Wayne street, has returned from Bucyrus, Ohio, where he spent several weeks with his grandmother.

Friday evening Mad Anthony tent, Knights of the Maccabees, will initiate a class of candidates and a smoker will follow the degree work.

Miss Bertha Hall, of Cedar Rapids, Iowa, who has been appointed assistant instructor in drawing in the public schools, has arrived in the city.

Robert Meyers, for the past thirteen years with the Thieme tailoring establishment, has resigned to take a position as cutter with I. Mautner & Co.

John Wessel, Howard Muhler, Michael Shea, John Sullivan and Paul Welch leave Monday to resume their studies at St. Joseph college, Rensselaer.

Miss Hattie LaMar has resigned her position in the Home telephone offices. Miss LaMar is visiting her sister, Mrs. Percy Osborn, in Grand Rapids.

Nattie and Clara Bendure, the son and daughter of Mr. and Mrs. W. H. Bendure, of East Wayne street, went to Bellevue, Ohio, last night to visit Mr. and Mrs. C. W. Zeigler a few days.

Columbia City Post: "Hon. James M. Robinson, congressman of this district, drove to this city last evening from Fort Wayne to attend to some business matters and shake hands with his many friends."

Mr. and Mrs. Wells, of Garrett, Ind., who have been the guests of Mr. and Mrs. William Sargent, of East Wayne street, have returned home. Mr. Wells is a conductor on the Baltimore and Ohio railroad.

Columbia City Post: "Dr. Alice Williams accompanied Mrs. Anna Manor and her two-year-old son, who reside in Noble county north of Loon lake, to Fort Wayne Wednesday noon. Some four months ago the child drank some ash lye and since then has been unable to retain food on its stomach. They went to the Summit City with the expectation of entering a hospital so that an operation could be performed."

Columbia City Post: "Marion Kaufman, of Jefferson township, who has been shipping stock from Whitley county over the Nickel Plate road ever since it was first built, is shipping regularly from Raber, Dunfee and Prairie Switch. Mr. Kaufman has moved his family to Fort Wayne for the winter to give his children a chance to go to school. Mr. Kaufman's brother, Web, remains here to look after the Whitley county trade."

Miss Lizzie Crow, of East Wayne street, was pleasantly surprised by a company of friends last evening in honor of her birthday anniversary. Progressive pedro and music were the features of the evening and in the games first prizes were won by Miss Anna Ray and Will Webber, while the consolations went to Miss Mary Palmer and Joe Raby. Miss Crow received a number of beautiful presents and at a late hour an elaborate luncheon was served.

Ask Him

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows the formula, so ask him if there is anything better for purifying the blood, strengthening the digestion, and building up the nerves. Follow his advice, whatever it may be.

"I have taken Ayer's Sarsaparilla every spring since 1848. As a blood-purifying and nerve-strengthening medicine it cannot be equalled."

S. T. Jones, Wichita, Kans.

$1. All druggists. J. C. AYER CO., Lowell, Mass.

LOCAL LINES.

Bishop Alerding is transacting business in Chicago.

Mrs. John Davey, of Toledo, is visiting the Misses Geake.

Miss Alice Hall has returned from an extended visit in Chicago.

Mr. and Mrs. J. B. Pellens and children have gone to Petoskey.

Rev. John Noll, of Kendallville, was a visitor in the city yesterday.

A. J. Detzer and family leave this evening for a three weeks' visit in Leland, Mich.

Miss Ethel Hanna and brother, Charles Hanna, left last evening for visits in the north.

Mr. and Mrs. I. M. Van Slyke and daughters have left for visits in Conneaut, Ohio, and Buffalo.

The nurses and patients of Hope hospital received handsome floral gifts yesterday from Miss Flick.

Mr. and Mrs. William Lawson and Mr. and Mrs. G. H. Waterman have left for a tour in northern Michigan.

Miss Mabel Hime, of England, will arrive here soon to take a position as instructor in the European School of Music.

Mrs. Gottlieb Strieder and Miss Clara Strieder have returned from visits in Detroit, Mich., and Cleveland and Akron, Ohio.

A NEW SUPERINTENDENT.

C. M. Armstrong, of Cleveland, O., has been appointed to the superintendency of the branch offices of the International Correspondence schools of Scranton, Pa., in this city; to succeed Mr. Harris, who has returned to Buffalo. Mr. Armstrong is a man of ability and energy and will push the interests of the schools in this vicinity. Offices have been opened in room 1, Arcade.

THE JEWISH NEW YEAR.

The Jewish New Year begins on Friday evening, Sept. 13th, and special services will be held in Achduth Veshalom temple, this city, in observation of the day. Rabbi Cohn will preach special sermons on Friday evening and on Saturday, and the church choir will render a special musical program. According to the Jewish calculation, September 13th will begin the year 5,662, reckoning from the time of the creation of the world. Yom Kippur will be celebrated commencing Sunday evening, Sept. 22, and continuing over Monday.

WORK GOES RAPIDLY.

Work on the Fort Wayne and Southwestern at the Huntington end of the line is being pushed rapidly. The Huntington Herald says: "Men are engaged in stringing the cross wires on the trolley poles in the city. The steel poles are originally set so they can be sprung somewhat when the crosswire is attached and the spring thus afforded will always keep a good tension in the wire. The poles and wire will soon be ready. The track is the next essential."

UNNATURAL FLESH.

Reduced by Leaving Off Coffee and Using Postum Food Coffee.

"I have used coffee many years; in fact, ever since I was a child, until a few months ago I became satisfied that it hurt me—caused the miserable drowsy feeling and the bloated condition of my body. I was very fleshy all the time, unnaturally fleshy.

Since I left off drinking coffee and use Postum Food Coffee the effect has been wonderful. I feel like a different person. The bloating has all gone. I am very much thinner and more natural in shape, have a better appetite and do not feel sleepy and drowsy as before. I shall never use any more regular coffee.

When I first tried Postum I was not satisfied with it, but decided that the fault must be my own, for so many people used Postum and liked it that I knew there was some trouble in my preparation of it, so I examined the directions carefully and found that I should boil it long enough to bring out the flavor and the food value. When I prepared it right, it was elegant and I am more than pleased with the delicious beverage I have for breakfast every morning." Mrs. E. M. Pope, 1158 23d St., Detroit, Mich.

Life's Period.

Old Age is Robbed

of its terrors, and renewed youth and regal figure are gained through

MOTHER'S FRIEND.

There is no reason in the world why every woman should not be pleasant to look upon. A famous woman once said: "There are no ugly women; there are only women who do not understand how to make themselves beautiful."

Mother's Friend is a valuable aid to any wife. It is a liniment for external application, and relieves all suffering due to pregnancy. Morning sickness is prevented if this remedy is rubbed into the skin throughout the whole period of pregnancy.

Women never get old or lose their shape from child-bearing if Mother's Friend is regularly applied. The child too, is beneficially influenced by its use, and usually health and vigor are characteristic of both mother and child at birth. Get a bottle of your druggist for $1.00, and write to us for our free booklet, "Motherhood."

Roosevelt declines to talk politics and politicians retaliate by a manifest indisposition to talk Roosevelt.

If in response to Turkey's appeal Germany should suggest the unusual experiment of paying the claims, the "Sick Man" is due to have a severe relapse.

If Abdul Hamid gets into a fight and has to pay damages, he must not look to Uncle Sam to go on his indemnity bond. Abdul is not in good standing at the treasury department.

As an evidence that Mr. Cleveland is not an avaricious man who exacts every penny due him, there still is due to him at the treasury of the United States an unpaid balance of one cent.

When various politicians are unanimous in declaring each that he does not know anything about the political situation, the public begins to suspect that they may all be telling the truth.

So many senators and representatives spent their vacation abroad this year that at the next session of congress the country may expect to hear a great deal about how things are done in foreign parts.

Galveston has had a great business year in spite of the calamity of September, 1900. Its cotton receipts have been 467,720 bales greater than they were last year and its bank clearances increased from $339,000,000 to $360,000,000. In its commerce Galveston has gone ahead of former figures, regardless of the hurricane that in a city of less vitality might have been an overwhelming blow. But the chief port of Texas and the southwest recuperated with wonderful rapidity. More than one-fourth of the cotton crop of the country passed through the port this season.

National spites and enmities are usually short-lived so far as their effects upon business are concerned. There is very little sentiment or patriotism in commercialism. People make their purchases wherever they can do so to the best advantage, and they sell their own goods wherever they can. As a rule this is proper. Probably no people in recent times ever hated another more bitterly than the Spaniards did the Americans for a time prior to the late war and for a considerable period after the conflict was over. Our late antagonists do not love us much yet. But they are trading with us just the same, the trade being reported as normal, both as to exports and imports.

President McKinley made a good speech at Buffalo today. It is not only entertaining, but very interesting, showing the wonderful growth and prosperity of our country. It will be found in full in our telegraph columns, and should be carefully read by all our readers.

The crop movement from the west is now well under way and more money than usual is being put into circulation. The authorities at Washington report that shipments of money from the treasury to the south and west for the movement of crops have been much heavier this season than ever before. And the cash sent from the treasury is but a small portion of the total used in this manner. The funds supplied by local banks and from private sources swell the aggregate to enormous proportions.

All that the people ask of Mayor Berghoff, the board of works and the city council in their dealings with the Fort Wayne Traction company is to treat them in a fair and honorable manner. It will not pay the city to load upon this company a burden too heavy to bear. Neither should the traction company ask the city to grant them privileges that would in any manner be unfair to the city or interfere in any way with the prosperity and growth of the many interurban railway companies that are so earnestly knocking at our gates for admission. Let the proper persons get together at once and come to some fair conclusion. Only a broad and liberal policy will keep our city going forward.

COMMITTEE MAKES PROGRESS

REV. DR. MOFFAT TALKS TO NEW YORK REPORTER.

Churchmen Who Are to Revise Westminster Confession Will Meet in Washington.

The committee appointed by the last general assembly of the Presbyterian church to revise the Westminster confession of faith will meet at Washington in December. A session of the committee, of which Rev. Dr. W. D. Moffat, of this city, is a member, was held a few days ago at Saratoga, N. Y., and in an interview in the New York Sun Dr. Moffat is quoted as follows:

"All I am authorized to say is that the committee made progress and will meet in Washington on December 4. It has been decided that nothing will be given out for publication at this time. We came to this decision because we didn't want the report of what we had done distorted in the newspapers."

"Were the sessions of the committee harmonious?" Dr. Moffat was asked.

"It all depends on what you mean by harmonious," was the reply. "There were no fights, but if it had been supposed for a moment that we would all have been of one mind on the question of revision, there would have been no use of appointing more than one on the committee. There was no fighting, no fighters."

"But some Presbyterians hold that there is no need of revision, that in fact it would be almost a breach of faith to revise the confession. Was any such motion expressed at meetings of the committee?"

"I would like to tell you," said Dr. Moffat, "but I am not authorized to do so, nor is any other member of the committee. There were no fights. You'd better just say that the committee made progress and may have something to make public after the meeting next December."

A REMEDY FROM NATURE'S LABORATORY.

Lichty's Celery Nerve Compound is a scientific combination of nature's health restorers, celery, cocoa cascara, sagrada, hops, dandelion, buchu, mandrake, sarsaparilla and chamomile. Sickly children, weary women and tired and broken down men find in this great compound health, strength and happiness. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Two Trains for Rome City, Commencing Sunday, June 23rd, at 6;30 and 8:30 a. m. Returning leave Rome City at 7:00 p. m. Sunday and 7:00 a. m. Monday.

KILLED AT A FAIR

ANDERSON MAN MEETS DEATH ON RACE TRACK.

KOKOMO THUG VICTIM DIES

YORKTOWN POSSE GOES AFTER FOUR DESERTERS.

AGED COUPLE ELOPES TO WED

VARIED GRIST OF HAPPENINGS IN HOOSIERDOM.

Anderson, Ind., Sept. 5.—Slavin Graham, aged sixty years, a farmer who lived south of the city, was killed on the race track at the fair grounds yesterday afternoon. While crossing the track at the quarter turn he was struck by a running horse ridden by Jocky Horn. Graham's leg was broken and his skull fractured. He was taken to the hospital unconscious and died about 6 o'clock in the evening. Horn was exercising his horse when the accident occurred.

HER HOME WAS GONE.

Hartford City, Ind., Sept. 5.—Mrs. Emmanuel Tipple, of this city, who deserted her family and eloped with Isaac Boyle, has returned to the city, Boyle having deserted her at Sandusky, Ohio. Her husband, when he learned of the elopement, immediately started out on foot to overtake the pair. Letters have been received from him at various points in Ohio, stating that he was close on their trail. Mrs. Tipple returned to find two of her children in the feeble minded school at Fort Wayne, her husband gone and the house in which they lived torn down. Only a small payment had been made on the lot, and the house, which was ill constructed, was removed soon after the elopement.

ROBBED IN A HOTEL.

Valparaiso, Ind., Sept. 5.—W. C. Carleton, of this city, while returning to his work at Bourbon last evening, was followed by two men. Carleton went to the hotel early in the morning and was suddenly awakened by two men who pointed revolvers at him and demanded his money. Carleton had about $125 with which to pay some railroad employes, and this the robbers obtained. The men then escaped through the window, where they had entered by means of ropes and pulleys. Carleton describes them as one tall and the other short. It is presumed they are men discharged by Carleton, as he has a number of men in his employ and is forced to make changes often.

ROPE CUT HIS THROAT.

Winchester, Ind., Sept. 5.—Frank Hart, living northeast of Spartansburg, this county, is lying at his home in an unconscious condition from what is likely to prove a fatal accident. In the morning he drove out to a clover field with his team and a mower for the purpose of harvesting his seed clover. A few hours later he was found near his barn, his throat cut from ear to ear, it is thought from the action of a rope which must have become fastened in some manner about his neck. His team had made its way back to the barn lot with the machine.

INSANE MAN IS CAPTURED.

Huntington, Ind., Sept. 5.—James McCune, giving Port Huron, Mich., as his home, carrying a heavy stone in each hand and imagining that men are pursuing him, was overcome by officers in a cornfield east of the city yesterday. His frantic actions and his wild ravings had terrified people in that neighborhood several hours. How he reached the county is a mystery. He is being confined in the county jail awaiting developments.

FRANCHISE GRANTED.

Winchester, Ind., Sept. 5.—The county commissioners were in session yesterday and granted the franchise to the Eastern Indiana Traction company for the right-of-way through the county for the proposed line between Richmond and Portland. The commissioners met with no opposition. Work will begin on the line at once.

DOTTERER IS DEAD.

Kokomo, Ind., Sept. 5.—Benjamin Dotterer, who was assaulted and shot last Monday midnight by a gang of robbers, in his own home, six miles north of this city, died yesterday. Dotterer and his wife spent Labor day in this city, and while here sold a piece of land, for which he received $600 in part payment. It is thought that the burglars were after this money. There is not the slightest clew to the identity of Dotterer's assailants, but it is believed that they live in this city and had knowledge of the land transaction following the Dotterers to their home. There is great indignation in Howard county because of the crime, and summary vengeance may be dealt to the scoundrels if they are captured. Sheriff Harness and Police Superintendent Taylor, accompanied by a posse, have scoured the country in every direction, but they have no trace of the murderers.

HUNTERS GET PERMITS.

Columbus, Ind., Sept. 5.—State Fish Commissioner Sweeney is issuing permits to Indiana hunters for killing squirrels, ducks and other game between October 1 and November 10. About 1,000 permits have been issued and several hundred are on file. The commissioner is buried under the mass of inquiries as to the new hunting laws. He says twenty-five dynamiters will be tried in the courts this fall. He thinks the new laws are working well and gaining in favor with the people.

WOOD ADVANCES IN PRICE.

North Manchester, Ind., Sept. 5.—The scarcity of firewood in northern Indiana was illustrated at a public sale near here, where a quantity of fifty cords or more of ordinary stove wood sold to the highest bidder for $2.15 a cord on the ground, the purchaser doing the hauling. This price is about double what has been charged heretofore.

TEACHERS IN SESSION.

Lagrange, Ind., Sept. 5.—The county teachers' institute is in session here, with a good attendance. The instructors are J. C. Hartzler, of Newark, Ohio, and Miss Adelaide S. Daylor, of Wabash.

MEND OSTRICH'S NECK.

Indianapolis, Sept. 5.—Two local physicians performed an unusual surgical operation yesterday with great difficulty. A giant ostrich, one of a carload of fifteen birds en route from the east to Hot Springs, injured its neck and was threatened with death. The doctors were called and hurried to the Big Four freight yards at Brightwood. A professional wrestler, the two physicians and a keeper, after a hard fight, overpowered the injured bird, threw it to the floor of the freight car and the wound was stitched. When the bird was allowed to rise it sent out a foot with such force as to tear the trousers of the wrestler, whose leg was severely lacerated.

POSSE SEEKS DESERTERS.

Muncie, Ind., Sept. 5.—Claude McDowell, who has escaped from the military authorities three times after being arrested for deserting from Philippine army service, is hiding in the woods between Yorktown and Gilman. A posse of farmers will try to run him down. He has ventured out of his hiding place a few times to see friends at Yorktown. The posse will be headed by Samuel Leonard, marshal of Yorktown, and will be prepared for resistance. With McDowell are said to be three other deserters who escaped with him from Fort Thomas.

OLD COUPLE ELOPES TO WED.

Mishawaka, Ind., Sept. 5.—Albert L. Zimmerman, aged 75 years, a prominent citizen of Goshen, and Mrs. E. H. Chamberlain, a wealthy widow of Bristol, Ind., came here yesterday and were married. The bride is nearly 80. The couple left for a bridal tour in the east. It is alleged the pair came to Mishawaka to thwart the opposition of relatives.

DIES IN LOVER'S ARMS.

Brazil, Ind., Sept. 5.—Mrs. William Jameson, residing near Ehrmanndale, Tuesday purchased a wedding outfit for her daughter, Ella, and aided in selecting the furniture, as her daughter was to have been married this evening. The bride-elect ate what she supposed were mushrooms for supper Tuesday evening and a few hours later was taken violently ill, dying in the arms of her lover yesterday. The physicians think she ate toadstools instead of mushrooms.

BOTH WILL DIE.

Muncie, Ind., Sept. 5.—There was a fierce riot at Daleville last night. William Leonard, of Muncie, and Sims Steers, of Daleville, were mortally wounded. Steers was attacked by Leonard with a butcher knife, which was plunged into his back repeatedly. Leonard was shot in turn by Steers and Sheriff Paschal in effecting his capture. Both men will die.

OFFER REWARD FOR SLAYER.

Laporte, Ind., Sept. 5.—Sheriff Elliott, of Elkhart county, is in the city working on clews which may solve the mystery surrounding the murder of Rufus Hulwick, the Goshen saloonkeeper whose body was found in a Lake Shore gondola car near Toledo Saturday. There is an entire absence of motive for the crime. Hulwick left for Chicago Friday and was seen alive near Chesterton. The body was stripped of its clothing, slashed in a dozen different places and then thrown into the car. A reward of $200 has been offered for evidence which will uncover the murderer.

SUES HIS MOTHER-IN-LAW.

Wabash, Ind., Sept. 5.—Stephen Kemp, for some years manager of the Tremont house, yesterday afternoon begun an action for $20,000 damages against Mrs. Mary Newman, proprietress of the hotel and among the wealthiest residents of Wabash. The basis of action is interference in the relations between him and his wife, Katherine, daughter of Mrs. Newman. For the last two years Kemp has not been connected with the hotel on account of differences with his wife's relatives. Recently Mrs. Kemp commenced divorce proceedings against him, charging him with failure to provide and cruelty. He decided to oppose the suit. Mrs. Newman asserts that Kemp was so offensive that she could not tolerate him around the house. There are two paragraphs to Kemp's complaint, one reciting that Mrs. Newman estranged the pair and the other that she is harboring Mrs. Kemp and will not permit her to return to her husband.

LOOKING INWARD

COULD YOU LOOK INSIDE YOURSELF YOU WOULD SEE WHY THE NERVES HAVE SUCH A WIDE INFLUENCE OVER HEALTH.

The influence of Nerve Control over health was never so fully recognized as now. It is clearly illustrated in the thousands of cures made by Dr. A. W. Chase's Nerve Pills—a medicine that has leaped into public favor solely on its wonderful Nerve restoring properties. The reason Nerve Pills break down the barriers of ill health, is because they restore Nerve Energy—the main spring of Health. They supply the something that is wanting which makes the human machinery run smoothly, they act through that great network of human organism, reaching every part of the body—the Nerves. Dr. A. W. Chase's Nerve Pills do not act as a momentary stimulant that excites and whips up the Nerves for the time being only—they first stop the wasting process and then build up Nerve Energy by replacing Nerve waste with active, responsible tissue—the kind that vibrates health to mind and muscle.

Mrs. E. Shadle, of No. 34 Baker street, Fort Wayne, Ind., says: "I think A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s Drug Store No. 14 Calhoun street, are an excellent nerve tonic, I found them capable of making my nerves strong and of giving me good sound natural sleep—two things I lacked, consequently I am pleased with the medicine."

Dr. A. W. Chase's Nerve Pills, 50 cents a box at druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Absolutely Harmless. Cures on the Spot.

Chemical Cathartics.

Scrape, Irritate and Derange the Stomach and Intestines.

The most expert chemists in the world can at best do no more than imitate nature and in most cases even these painstaking scientists make a very crude job of it.

In a state of nature man goes to nature herself for his medicines. Roots and herbs and the waters of different springs provide him with his tonics and laxatives, his curatives and correctives.

But most of us live very far away from a state of nature and in trying to prepare substitutes for her remedies we very seldom catch her formulas.

With laxatives and tonics we are all very apt to go wrong. We can, of course, remove dirt from our skin by scraping it off with a knife, but we know that soap and water are vastly better. We can also scrape out our stomach and bowels by means of chemical cathartics—pills, tablets, powders, etc.—but the effect is even worse than scraping off the dirt from the skin with a knife; and you can never remove all the dirt with either method.

Nature, in her own way, deep down in the earth, stored up centuries ago all the elements needed by humanity for the preservation of health and the elimination of disease. Many years ago the storehouse of health was discovered, more than half a mile below the surface at Alma, Mich., and the water coming from this wonderful spring has been used for more than ten years in thousands of different cases at the Alma Sanitarium—or which everyone knows the name. From this water by means of evaporation alone, are produced Alma-Bromo Salts in just the form which nature intended her remedy to be used. Effervescent, cooling, pleasing to the taste, Alma-Bromo Salt acts as a gentle laxative, thoroughly cleansing the stomach and bowels, increasing the action of the liver and the kidneys and toning up the whole nervous system through the form of bromide which it contains.

Cures Indigestion and Constipation; gives a healthy appetite.

The D. D. D Remedy

Read what the most prominent Attorney of Rush Co., Indiana, says of it:

RUSHVILLE, Ind., July 21, 1901.

D. D. D. Co., Chicago, Ill.:

For eight or ten years I suffered the most excruciating torture from what my physicians said was incurable, "Salt rheum, Eczema, that's the combination name. I consulted Allopaths, Homeopaths, Christian Science, Faith Curists, Rachel's Old Women and Cranks, took all their doses from "Soda to Hue" but still kept scratching, itching and suffering. I was a solid sore. In March, 1898, whilst being blistered with a mud bath at West Baden, I was recommended to try the three D's. I had no faith that anything but death would relieve me, but I had so far tried everything suggested and I ordered a bottle; the first application allayed the pain and I supplemented my order with six more bottles as there was considerable territory to cover, and Eczema and I parted forever. I have since recommended the remedy to twenty or more of my friends and a cure has been effected in every case. Yours truly,

BEN L. SMITH.

PRESIDENT'S DAY AT BUFFALO

(Continued From First Page.)

grounds the president was met by detachments of the United States marines and the sea coast artillery, and the Sixty-fifth and Seventy-fourth New York national guard regiments under Gen. S. M. Wech.

CROWD WAS QUIET.

A president's salute of twenty-one guns was fired. The president was at once escorted to the stand erected in the Esplanade, where probably the greatest crowd ever assembled there greeted him with ringing cheers. The vast assemblage overflowed to the Court of Fountains. In the stand on each side of the president were seated many distinguished men and women, among them representatives of most of the South American republics.

There was almost absolute quiet when President Milburn arose and introduced the president as follows:

"Ladies and Gentlemen—The president."

The great audience then broke out with a mighty cheer, which continued as President McKinley arose, and it was some minutes before he was able to proceed. When quiet was restored the president spoke as follows:

PRESIDENT'S ADDRESS.

"President Milburn, Director General Buchanan, Commissioners, Ladies and Gentlemen: I am glad to be again in the city of Buffalo and exchange greetings with her people, to whose generous hospitality I am not a stranger and with whose good will I have been repeatedly and signally honored. Today I have additional satisfaction in meeting and giving welcome to the foreign representatives assembled here, whose presence and participation in this exposition have contributed in so marked a degree to its interests and success. To the commissioner of the dominion of Canada and to the British colonies, the French colonies, the republics of Mexico and of Central and South America, and the commissioners of Cuba and Porto Rico, who share with us in this undertaking, we give the hand of fellowship and felicitate with them upon the triumphs of art, science, education and manufacture which the old has bequeathed to the new century.

TIMEKEEPERS OF PROGRESS.

Expositions are the timekeepers of progress. They record the world's advancement. They stimulate the energy, enterprise and intellect of the people and quicken human genius. They go into the home. They broaden and brighten the daily life of the people. They open mighty storehouses of information to the student. Every exposition, great or small, has helped to some onward step. Comparison of ideas is always educational, and as such instructs the brain and hand of man. Friendly rivalry follows, which is the spur to industrial improvement, the inspiration to useful invention and to high endeavor in all departments of human activity.

"It exacts a study of the wants, comforts and even the whims of the people and recognizes the efficacy of high quality and new prizes to win their favor. The quest for trade is an incentive to men of business to devise, invent, improve and economize in the cost of production. Business life, whether among ourselves or with other people, is ever a sharp struggle for success. It will be none the less so in the future. Without competition we would be clinging to the clumsy and antiquated processes of farming and manufacture and the methods of business of long ago and the twentieth would be no further advanced than the eighteenth century. But though commercial competitors we are, commercial enemies we must not be. The Pan-American exposition has done its work thoroughly, presenting in its exhibits evidences of the highest skill and illustrating the progress of the human family in the western hemisphere. This portion of the earth has no cause for humiliation for the part it has performed in the march of civilization.

AMERICAN ACCOMPLISHMENT.

"It has not accomplished everything; far from it. It has simply done its best and without vanity or boastfulness, and recognizing the manifold achievements of others, it invites the friendly rivalry of all the powers in the peaceful pursuits of trade and commerce and will co-operate with all in advancing the highest and best interests of humanity. The wisdom and energy of all the nations are none too great for the world's work. The success of art, science, industry and invention is an international asset and a common glory.

"After all, how near one to the other is every part of the world. Modern inventions have brought into close relation widely separated peoples and made them better acquainted. Geographic and political divisions will continue to exist, but distances have been effaced. Swift ships and fast trains are becoming cosmopolitan. They invade fields which a few years ago were impenetrable. The world's products are exchanged as never before, and with increasing transportation facilities come increased knowledge and larger trade. Prices are fixed with mathematical precision by supply and demand. The world's selling prices are regulated by market and crop reports. We travel greater distances in a shorter space of time and with more ease than was ever dreamed of by the fathers. Isolation is no longer possible or desirable. The same important news is read, though in different languages, the same day in all Christendom.

IN CLOSE TOUCH.

"The telegraph keeps us advised of what is occurring everywhere and the press foreshadows, with more or less accuracy, the plans and purposes of the nations. Market prices of products and of securities are hourly known in every commercial mart, and the investments of the people extend beyond their own national boundary into the remotest parts of the earth. Vast transactions are conducted and international exchanges are made by the tick of the cable. Every event of interest is immediately bulletined. The quick gathering and transmission of news, like rapid transit, are of recent origin and are only made possible by the genius of the inventor and the courage of the investor. It took a special messenger of the government, with ever facility known before the time of the rapid travel, nineteen days to go from the city of Washington to New Orleans with a message to General Jackson that the war with England had ceased and a treaty of peace had been signed. How different now.

"We reached General Miles in Porto Rico by cable and he was able through the military telegraph to stop his army on the firing line with the message that the United States and Spain had signed a protocol suspending hostilities. We knew almost instantly of the first shots fired at Santiago, and the subsequent surrender of the Spanish forces was known at Washington within less than an hour of its consummation. The first ship of Cervera's fleet had hardly emerged from that historic harbor when the fact was flashed to our capital and the swift destruction that followed was announced through the wonderful medium of telegraphy. So accustomed are we to safe and easy communication with distant lands that its temporary interruption, even in ordinary times, results in loss and inconvenience.

"We shall never forget the days of anxious waiting and awful suspense when no information was permitted to be sent from Pekin and the diplomatic representatives of the nations in China, cut off from all communication inside and outside of the walled capital, were surrounded by an angry and misguided mob that threatened their lives, nor the joy that thrilled the world when a single message from the government of the United States brought through our minister the first news of the safety of the besieged diplomats.

RAILROAD PROGRESS.

"At the beginning of the nineteenth century there was not a mile of steam railroad on the globe. Now there are enough miles to make its circuit many times. Then there was not a line of electric telegraph; now we have a vast mileage traversing all lands and all seas. God and man linked the nations together. No nation can longer be indifferent to any other. And as we are brought more and more in touch with each other the less occasion is there for misunderstandings and the stronger the disposition, when we have differences, to adjust them in the court of arbitration, which is the noblest forum of the settlement of international disputes.

COUNTRY PROSPEROUS.

"My fellow citizens, trade statistics indicate that this country is in a state of unexampled prosperity. The figures are almost appalling. They show that we are utilizing our fields and forests and mines and that we are furnishing profitable employment to the millions of workingmen throughout the United States, bringing comfort and happiness to their homes and making it possible to lay by savings for old age and disability. That all the people are participating in this great prosperity is seen in every American community and shown by the enormous and unprecedented deposits in our savings banks. Our duty is the care and security of these deposits and their safe investment demands the highest integrity and the best business capacity of those in charge of these depositories of the people's earnings.

"We have a vast and intricate business, built up through years of toil and struggle, in which every part of the country has its stake, which will not permit of either neglect or of undue selfishness. No narrow, sordid policy will subserve it. The greatest skill and wisdom on the part of the manufacturers and producers will be required to hold and increase it. Our industrial enterprises, which have grown to such great proportions, affect the homes and occupations of the people and the welfare of the country. Our capacity to produce has developed so enormously and our products have so multiplied that the problem of more markets requires our urgent and immediate attention.

POLICY MUST BE BROAD.

"Only a broad and enlightened policy will keep what we have. No other policy will get more. In these times of marvelous business energy and gain we ought to be looking to the future, strengthen the weak places in our industrial and commercial systems, that we may be ready for any storm or strain—by sensible trade arrangements which will not interrupt our home production we shall extend the outlets for our increasing surplus.

"A system which provides a mutual exchange of commodities is manifestly essential to the continued and healthful growth of our export trade. We must not repose in fancied security that we can forever sell everything and buy little or nothing. If such a thing were possible it would not be best for us or for those with whom we deal. We should take from our customers such of their products as we can use without harm to our industries and labor. Reciprocity is the natural outgrowth of our wonderful industrial development under the domestic policy now firmly established. What we produce beyond our domestic consumption must have vent abroad. The excess must be relieved through a foreign outlet, and we should sell everywhere we can and buy wherever the buying will enlarge our sales and productions, and thereby make a greater demand for home labor.

THE PRESSING PROBLEM.

"The period of exclusiveness is past. The expansion of our trade commerce is the pressing problem. Commercial wars are unprofitable. A policy of good will and friendly trade relations will prevent reprisals. Reciprocity treaties are in harmony with the spirit of the times; measures of retaliation are not.

"If perchance some of our tariffs are no longer needed for revenue or to encourage and protect our industries at home, why should they not be employed to extend and promote our markets abroad?

"Then, too, we have inadequate steam service. New lines of steamers have already been put in commission between the Pacific coast points of the United States and the western coasts of Mexico and Central and South America. These should be followed up with direct steamship lines between the eastern coast of the United States and South American ports.

"One of the needs of the times is direct commercial lines from our vast fields of production to the fields of consumption that we have but barely touched. Next in advantage to having the thing to sell is to have the convenience to carry it to the buyer. They must be under the American flag, built and manned and owned by Americans. These will not only be profitable in a commercial sense; they will be messengers of peace and amity wherever they go. We must build the Isthmian canal, which will unite the two oceans and give a straight line of water communication with the western coasts of Central and South America and Mexico. The construction of a Pacific cable can not be longer postponed.

PLAY IMPORTANT PART.

"In the future of these objects of national interest and concern you are performing an important part. This exposition would have touched the heart of that American statesman whose mind was ever alert and thought ever constant for a larger commerce and a truer fraternity of the republics of the new world. His broad American spirit is felt and manifested here. He needs no identification to an assemblage of Americans anywhere, for the name of Blaine is inseparably associated with the Pan-American movement which finds this practical and substantial exposition, and which we all hope will be firmly advanced by the Pan-American congress that assembles this autumn in the capital of Mexico. The good work will go on it cannot be stopped. These buildings will disappear; this creation of art and beauty and industry will perish from sight, but their influence will remain to

"Make it live beyond its too short living
With praises and thanksgiving."

"Who can tell the new thoughts that have been awakened, the ambitions fired and the high achievements that will be wrought through this exposition? Gentlemen, let us ever remember that our interest is in concord, not conflict, and that our real eminence rests in the victories of peace not those of war. We hope that all who are represented here may be moved to higher and nobler effort for their own and the world's good, and that out of this city may come, not only greater commerce and trade for us all, but, more substantial than these, relations of mutual respect, confidence and friendship which will deepen and endure.

"Our earnest prayer is that God will graciously vouchsafe prosperity, happiness and peace to all our neighbors, and like blessings to all the peoples and powers of earth."

Try The Sentinel Want Column.

FINDS POISON IN THE MILK

SOME DEALERS HAVE BEEN USING PRESERVATIVES.

Health Commissioner Files Affidavits —First Case Comes Up Friday Morning.

For several days City Health Commissioner MacBeth has been making analytical tests of milk taken indiscriminately from various dairy wagons delivering milk in the city. The tests were made a little more severe than usual because the health officer learned that a short time ago an agent for a "milk preservative" had canvassed the dairies in the vicinity and to some of them had sold his preparation. Dr. MacBeth says that any so-called "preservative" must contain either formaldehyde or boracic acid, both of which are poisonous and dangerous.

The analyses were carefully made and the results were surprising. In a sample taken from one wagon unusually large quantities of formaldehyde was found—enough to kill a rat in one bottle. The investigation was conducted quietly, and when approached by the newspaper men yesterday Dr. MacBeth said that he had not yet completed his analysis of all the specimens and samples at hand, and requested that no mention of the fact be made in the evening papers, as it might tend to put other dairymen who were suspected on their guard. The Sentinel respected the health officer's request; some others did not.

Up to noon today five affidavits had been filed, each charging that the defendant had used a poisonous substance in his merchandise. The affidavits are against the following named dairymen: M. Flaugh, boracic acid; Frank Getty, formaldehyde; Frank Fortmeyer, formaldehyde; W. E. Miner, boracic acid; Mrs. Anna Sargent, formaldehyde. Of those named warrants were served on M. Flaugh and Mrs. Anna Sargent, and they appeared in court this morning and gave bond in the sum of $100 each for their appearance. The Flaugh case will be tried tomorrow morning at 8 o'clock and the Sargent case at 9 o'clock on Saturday morning.

In the meantime Judge Louttit ordered the police officers to make the arrests on the other warrants without favor and bring the offenders into court, where their bond would be fixed and a time for trial set. There is every evidence that the dairymen will make a determined fight to beat the cases against them, but will probably find a difficult job in bucking a chemical analysis that can not be refuted. Other affidavits may be filed soon. Dr. MacBeth says further that he has analyzed many other samples from various dairies and finds that some of the dairymen are strictly "on to their job" and use the "preservatives" with so much caution that it is extremely difficult to detect it, and in some cases only the slightest traces are distinguishable. However, the analysis of all the samples will be submitted, and a warm fight is expected; a fight which the health officer says can have but one result.

A TRAVELER'S EXPERIENCE.

Both Sides of the Picture.

Sitting in the rotunda of the Planters' hotel, St. Louis, a gentleman who has traveled for many years as salesman, told, reminiscently, of the trials of one constantly on the move.

To the casual observer it looks easy. The traveler wears good clothes, stays at the best hotels, is always in good spirits (apparently anyway), and is never at a loss for a pleasant word. But the other side of the picture; the loneliness, the nervous tension, the constant mental and physical strain; only the traveler knows that it is not easy to always feel well; that the best of care must be taken of the stomach; that digestion must be perfect or failure is the result.

After trying many methods and remedies, he continued: "I have found that when tired and run down, as the result of indigestion and constipation, nothing helps me so quickly and surely as the Peptorene Health Tablets. Perfect digestion is at once restored and I meet my customers with renewed nerve and vigor. I certainly would not be without a box of this remarkable remedy." Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Michigan.

Sold by Meyer Bros. & Co., Pellens & Polster, A. C. Gocke and Wm. L. Waltemath.

$3.75 Fort Wayne to Cleveland and return Sept. 8th to 12th, inclusive, via Nickel Plate. 4t4

LATEST ENOCH ARDEN.

Argos, Ind., Sept. 5.—Mrs. M. A. Stakmann, wife of a leading contractor of Mishawaka, was startled a few days ago by the return of her first husband, named Markham, who deserted her nearly twenty years ago and who she supposed was dead. Mrs. Stakmann, or Markham, has been twice married since she heard of Markham's death, her second husband having been Oscar Nichols, of Mishawaka, who died four years ago. The divorce court will be asked to straighten out the tangle.

MADE TWO ATTEMPTS.

Chicago, Ill., Sept. 5.—Harry Kearney a colored man, who is being held by the police here on suspicion of having knowledge of the murder of Herbert Noyes in Cleveland a year ago, tried twice unsuccessfully to commit suicide today, once by lighting a fire in his cell and later by hanging himself with shoestrings.

GAVE LECTURE ON TAXATION

PROFESSOR KELSO'S TALK AT TEACHERS' INSTITUTE.

Says Instructors Should Consult County Records—Dr. Calvin on Physiology.

One of the most interesting sessions of the teachers' institute thus far was held this morning. Professor Kelso delivered a very instructive lecture on "Taxation," which was made plain by pertinent illustrations. He spoke of taxation as an application of percentage, and gave a review of the expenses of the president and congressmen, pensions, internal improvements, river and harbor, state government, public school expenses, state charities, county, city and township expenses. After doing this, he said the teacher should go to the officials of the county and get the amount of taxable property and the number of polls, and from these problems find the rate of taxation for various purposes and demonstrate them to the pupil. These are live problems that will interest the pupil and if teachers would follow this plan it would be the making of citizenship. The two problems, direct and indirect taxation, should be explained. In speaking of mathematics in the high school, Professor Kelso said that the pupils first of all should be treated as young ladies and young gentlemen. He outlined the course of study to be pursued, and said that algebra, geometry and trigonometry should be taught, and then the pupil should be given another year of arithmetic and algebra, as the latter subject could be so much better understood after the student has had trigonometry.

Professor McGilvrey read portions of "Phanatopsis," and said he thought that the poem was very generally misunderstood. To understand this poem we must be in sympathy with nature, and especially is this true if we are going to teach it.

Yesterday afternoon Professor Kelso took up the subject of "Mensuration," and gave pertinent illustrations of what is meant by direct and indirect measurement. He explained the advantages to be gained from an understanding of the principles of direct measurement, showing that they were practicable when applied indirectly.

Professor McGilvrey completed his talk on "The Educational Ideal." In talking of school management, he advanced the ideal, yet practical methods of dealing with a child. He is a thorough believer in a constructive management rather than in the repressive. Danger lurks in prohibitory rules and injustice is done the pupils, as the things they are not to do are emphasized before them rather than the things they ought to do. A teacher who sets his will against that of the pupil until the latter feels that it is a personal matter and not a principle involved, is failing in his supposed work of building up character. The right way of managing pupils is of more value to the pupils than the imparting of facts.

Dr. Calvin closed the afternoon with a short talk under the general head of "Physiology."

BUFFALO HOTEL BURNS.

Buffalo, N. Y., Sept. 5.—The Northwestern hotel at Military Road and Lansing street has been destroyed by fire. The loss is estimated at $40,000. Pipeman Frank Fites was buried beneath falling debris and badly injured. Only a few guests were in the hotel when the fire started, and they had no difficulty in getting out.

LANDSLIDE KILLS THREE.

Cleveland, Ohio, Sept. 5.—Three men were killed and three others seriously injured in a landslide at the new Lake Shore bridge over the boulevard entrance to Gordon park. Seven hundred tons of earth, loosened by the flood of Sunday, suddenly slid down the bank, burying a force of laborers working on the bridge. Those who escaped immediately began the work of rescue, but it was nearly three hours before the last body was dug out. The dead: Angelo Donneo, Nick Manico, Antonio Florimond. The injured: Domino Conjolati, Nicola Chedreo, Francisco Florimoud.

LOCAL NEWS.

Mrs. J. Webster Bailey and daughters, Jessamine and Irene, are expected home this evening from a visit of several weeks at their former home in Lockport, N. Y.

There will be a meeting of the ladies of the West Jefferson street Church of Christ at the church tomorrow afternoon.

The Ladies' Mite society of Christ's Evangelical Lutheran church will be entertained at the home of Mrs. C. C. Meyer, 186 West Washington street, Friday afternoon and evening.

Mrs. T. L. Staples delightfully entertained Wednesday afternoon at Robison park at a dinner and theater party in honor of Mrs. James Stewart, of Kansas City, and Mrs. Lincoln Wilson, of Chatham, Ont.

A building permit was issued to the Berghoff Brewing company yesterday afternoon to build a brick barn to cost $10,000. The structure will be built at the corner of Wabash avenue and Washington streets, and will be most modern in construction, and will be equipped with every convenience known to the horse world. Mrs. B. Babcock was also granted a permit to erect a house on Michigan avenue at a cost of $1,400.

KRAUSE'S HEADACHE CAPSULES

Are unlike anything prepared in America. They were first prescribed by Dr. Krause, Germany's famous court physician, long before antipyrine was discovered, and are almost marvelous, so speedily do they cure the most distressing cases. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

$3.75 Fort Wayne to Cleveland and return Sept. 8th to 12th, inclusive, via Nickel Plate. 5t3

The Epworth league of the Wayne street M. E. church will give a social Friday evening at the home of Mrs. E. D. Gallegher, 62 Wilt street.

HEART TROUBLE.

Thousands Unduly Alarmed About That Dreaded Heart Disease.

Americans in their mad struggle for wealth or position—scheming, planning, executing or toiling, seldom give a thought to the great sacrifice they are making of their health. A gradual feeling of exhaustion comes on, the appetite fails, sleeplessness follows, then the blood is giving out, the memory becomes treacherous. At times the head becomes dizzy, the heart palpitates, burns, feels dull and sore. Don't make the hasty conclusion that you have heart disease—it's your stomach. The heart and stomach are controlled by the same great nerves—the sympathetic and pneumogastric. One form of poor digestion causes a gas and fermentation of half digested food—hence palpitation and short breath. The blood becomes thin and watery, irritating and weakening the heart. The surest, quickest way to relieve such trouble is to make perfect digestion with regular doses at meal times of Dr. Caldwell's Syrup Pepsin, which can be had at most druggists in 50 cent and $1 bottles. (It's economy to buy the dollar size). Dr. Caldwell's Syrup Pepsin will cure any form of stomach trouble (except cancer of the stomach). It is pleasant to take and in causing perfect assimilation of the food cures constipation (not by irritation) but by removing the cause. Book and sample for the asking. Pepsin Syrup Co., Monticello, Ills., U. S. A.

Defiance College
Defiance, Ohio.

Fourteenth year begins Aug. 27, 1901. All departments open to students of either sex of preliminary character. Full collegiate and academical courses, departments of pedagogy, business, short hand, oratory, music, fine arts. Academy course prepares for higher university work. Expenses moderate, location healthful, grounds ample, buildings modern. Religious, but non-sectarian.

For catalogue, terms, etc., address JOHN R. H. LATCHAW, A. M., D. D., President, Defiance, Ohio.

Matthews	54	64	.458
Marion	48	73	.397
Columbus	41	80	.339

Fort Wayne started out well yesterday afternoon to make a good showing on the final series of games at home by trimming Pat Wright's crowd from Marion in most exquisite style. The crowd to see the game was not a large one, but it was enthusiastic and was well repaid for its enthusiasm. Mullin pitched for the locals and held the visitors down to three stingy hits which should have netted nothing. The Glassaters made their only run on an error, a wild pitch and a passed ball, a combination that certainly deserved to get something. The features of the game were Frank Miller's batting, he making five of the sixteen hits credited to Fort Wayne, one of them being a three-bagger; Miller also played a superb fielding game, accepting seven chances and assisting in a double play. Nattress made the only two errors charged to Fort Wayne. Ames pitched for the visitors and was found freely throughout the game, everybody except G. Miller getting from one to five hits off his delivery. Meaney, the star batter of the association, failed to get a hit and Truby fared likewise, both being considered sure stickers. Old Pap Wright got one of the three hits, and Quinn, who has not been hitting the ball this season, got another while Byers got the third. Today there will be a howling crowd on the grounds as all the schoolboys of the town will be present on invitation of the Journal-Gazette to see the game. Tomorrow will be seen the last game of professional ball in Fort Wayne this year. Following is yesterday's score:

FORT WAYNE.

	A.B.	R.	H.	P.O.	A.	E.
Nattress, ss.	5	1	1	2	2	2
Babb, 3b.	3	1	1	1	2	0

Earned runs—Fort Wayne, 5. Two-base hit—McCann. Three-base hit—F. Miller. Sacrifice hits—McCann, Thornton, Beecher. Stolen bases—Nattress, Babb, Bevans, F. Miller, Mullin. First base on balls—Off Mullin, 2; off Ames, 2. Hit by pitched ball—By Ames, 1. Struck out—By Mullin, 3. Wild pitch—Mullin. Passed balls—Fuller, 2. Double play—F. Miller to Thornton to Nattress. Umpire—Latham. Time—1:30. Attendance—200.

OTHER ASSOCIATION GAMES

DAYTON, 2; GRAND RAPIDS, 0.

Dayton, O., Sept. 5.—Grand Rapids was beaten yesterday in a game fight, the result being due to a home run by Grosart in the fourth and Gochenauer's trick in the eighth when he worked Bailey for a pass and was followed by Wheeler, who split the cover for three bases. This was the second game within a week in which Wright held the opposing team down without a hit or a run. Score:

Dayton ....0 0 0 1 0 0 0 1 *—2
G. Rapids..0 0 0 0 0 0 0 0 0—0

Batteries—Wright and Cross; Bailey and Zalusky. Hits—Dayton, 5. Errors—Dayton, 1. Umpire—McLaughlin. Attendance—400.

COLUMBUS, 5; MATTHEWS, 6.

Columbus, O., Sept. 5.—Columbus opened here yesterday by dropping a dopy game to Matthews. Grant's work was a feature. Score:

Columbus ..0 0 3 0 0 0 0 2 0—5
Matthews ..0 0 0 2 0 0 4 0 0—6

Batteries—McMackin and Zinram; Gatz and Williams. Hits—Columbus, 12; Matthews, 7. Errors—Columbus, 2; Matthews, 4. Attendance—287.

FORFEITED TO WHEELING.

Wheeling, W. Va., Sept. 5.—Umpire Hornung declared both of yesterday afternoon's Wheeling-Toledo games forfeited to Wheeling, 9 to 0. Toledo arrived half an hour late for the first game, which had been forfeited before their arrival, and upon Toledo's refusal to begin the second within the usual time, fifteen minutes, the second game was likewise forfeited to Wheeling by the usual score.

GAMES TODAY.

Marion at Fort Wayne.
Toledo at Wheeling.
Matthews at Columbus.
Grand Rapids at Dayton.

BASE BALL NOTES.

The Shamrocks will play the Kewanna team at Pierceton next Tuesday afternoon.

Shortstop Jack Smith, of Defiance, spent yesterday in the city, the guest of his parents.

Rube Waddell has resigned from the pitching staff of the Chicago team and will enter the saloon business.

Toledo's aspirations for pennant honors received a rude jar at Wheeling yesterday when both games were forfeited to the Stogies.

Frank Bevans made his first appearance on the coaching lines yesterday, and his voice was heard by the fans for the first time this season.

Iron Man McGinnity has been reinstated by President Johnson on condition that he apologize to Umpire Conolly, whom he assaulted several weeks ago.

Pitcher Wright, of Dayton, let Grand Rapids down yesterday afternoon without a hit or a run. This is his second performance of the kind in a week.

Only one more game of association ball this season unless the Wheeling games are transferred. There should be a big crowd tomorrow to give the boys a send-off.

Everybody hit the ball yesterday excepting "Doggie" Miller. Frank Miller was the star batter of the day, with five hits, Bevans, Mullin, McCann and Thornton getting two hits each.

Robbins and Tieman, of the Shamrocks, are playing with the Antwerp team today, and Collars and Cherry, of the Shamrocks, are with Payne, Ohio. The game is the last of the season in the County league and both teams strengthened for the occasion.

LICHTY'S CELERY NERVE COMPOUND

For all nervous diseases, neuralgia, rheumatism, nervous debility, paralysis, biliousness, dyspepsia, costiveness, piles, liver complaint, kidney troubles and female complaints. It goes to the seat of the disease and cures thoroughly and speedily. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

BASE BALL TOMORROW.

Marion vs. Fort Wayne. Game called at 3:30.

Go to northern Michigan on G. R. & I. annual excursion. 17-19*

THE MARKETS.

Chicago, Sept. 5.—Wheat was dull and featureless today. Indifferent cables and heavy northwest receipts caused some liquidation. December opened unchanged to a shade lower at 71¼@71⅜c to 71⅜c, declined to 71⅛@71¼c and rallied to 71⅜@71½c. The rally was on reports of too much rain in the northwest. Minneapolis and Duluth reported receipts of 870 cars against 660 cars last week and 508 cars a year ago. Local receipts were 211 cars, with only 1 of contract grade.

Strength continued during the remainder of the session and after selling at 71¾@71⅞c December closed firm and ⅜c higher at 71⅞c.

Corn opened steady on better cables. Some apprehension was caused among traders by reports of low temperatures throughout the northwest and the crowd bought freely. December opened unchanged to ⅛@¼c lower at 56⅞@56½c to 56⅝c and advanced to 57c. Receipts were 251 cars with 5 cars of contract grade.

Covering helped along the early advance and December advanced to 57⅞@58c, closing 1¼c higher at 57¾c.

Dullness prevailed in oats. December opened unchanged to a shade lower at 34¾c to 34¾@34⅞c and advanced to 34⅞@35c. Receipts were 141 cars.

Provisions were dull but slightly firmer, January pork opening 5c higher at $15.60; January lard was 2½@5c higher at $8.95; ribs were 5c higher at $8.02½@8.05.

THE CLOSE.

Prices at the close were as follows:
Wheat—Sept., 69⅞c; Oct., 70¼c; Dec., 71¾c; May, 75⅝@75¼c.
Corn—Sept., 55¾c; Oct., 56⅜c; Dec., 57⅞c; May, 59⅞c.
Oats—Sept., 33¾c; Oct., 34⅝@34½c; Dec., 35⅝c; May, 37⅝@37¾c.
Pork — Sept., $14.47½; Oct., $14.62½; Jan., $15.67½.
Lard—Sept., $9.30; Oct., $9.30; Nov., $9.27½; Dec., $9.12½; Jan., $9.05.
Ribs—Sept., $8.45; Oct., $8.55; Jan., $8.07½.
Flax—Cash N. W., $1.40; No 1, $1.40; No. 1 S. W., $1.38; Sept., $1.37½; Oct., $1.35.

CHICAGO LIVE STOCK.

Chicago, Sept. 5.—Cattle—Receipts, 9,000, including 500 Texans and 2,500 westerns; market 10c higher; butchers' stock firm; Texans strong. Good to prime steers, $5 60@6.45; poor to medium, $4.00@5.50; stackers and feeders, $2.25@4.20; cows, $2.55@4.70; heifers, $2.55@5.00; canners, $1.50@2.50; bulls, $2.25@4.50; calves, $3.00@5.85; Texas steers, $3.30@5.10; western steers, $3.75@5.35.

Hogs—Receipts today, 21,000; tomorrow, 20,000; left over, 4,262. Market 5c higher. Mixed and butchers, $6.00@6.85; good to choice heavy, $6.40@6.92½; rough heavy, $5.95@6.30; light, $5.95@6.75; bulk of sales, $6.20@6.55.

BUTTER, CHEESE AND EGGS.

Chicago, Sept. 5.—Butter—Market firm; creameries, 14½@20c; dairies, 13@17c.

Cheese—Market firm; twins, 9¾@10c; young Americas, 10½@10⅞c; daisies, 10¾c.

Eggs—Market firmer, 14½@15c.

THE TOLEDO MARKETS.

Toledo, O., Sept. 5.—Wheat—Market quiet and steady; cash and Sept., 72¾c; Dec., 74½c.

Corn—Market quiet; Sept., 57½c; Dec., 57⅛c.

Rye—Market active, 53c.

Oats—Market dull; Sept., 36c; Dec., 36½c.

Cloverseed—Market fairly active; prime, $5.55.

Oil—Market unchanged.

NEW YORK MARKETS.

New York, Sept. 5.—Flour—Receipts, 34,149 bbls; sales, 3,840 pkgs; state and western market steady with fair trade.

Wheat—Receipts, 78,850 bu; sales, 1,975,000 bu; market quiet and steady all the morning, influenced by steady cables, light local offerings and strength of corn. Sept., 74⅝@75 1-16c; Oct., 75⅛c; Dec., 76 11-16@76 15-16c; May, 79 13-16@80c.

Rye—Market firm; state, 55@56c, c. i. f. New York car lots; No. 2 western, 61c, f. o. b. afloat.

Corn—Receipts, 31,000 bu; sales, 135,000 bu; market firm and higher on strength west, covering by shorts and a bullish Illinois state report. Oct., 61⅛@61¼c; Dec., 61⅝@62c, May, 63⅝@63c.

Oats—Receipts, 121,500 bu; market firmer with corn; track white, 38½@47c.

Beef—Market firm.

Pork—Market firm.

Lard—Market strong; prime western, steamed, $9.45.

Butter—Receipts, 5,985 pkgs; market firm; state dairy, 14@19c; creamery, 16@20c; June packed, factory, 14½@15½c.

Cheese—Receipts, 4,937 pkgs, market dull and weak; fancy large colored, 9c; fancy large white, 9c; fancy small colored, 9¼c; fancy small white, 9¼c.

Eggs—Receipts, 11,269 pkgs; market steady; state and Pennsylvania, 18@20c; western, candled, 17@18c; western, uncandled, 14@17c.

Sugar—Raw, dull and easy; fair refining, 3½c; centrifugal, 96 test, 3¾c; molasses sugar, 3c; refined, steady; crushed, $5.75; powdered, $5.35; granulated, $5.25.

Coffee—Market dull; No. 7 Rio, 5⅝c.

EAST BUFAFLO MARKETS.

East Buffalo, N. Y., Sept. 5.—Cattle—Receipts, 112 cars; all sold at former prices.

Veals and calves—Receipts, 60 head; market active and strong; tops sold at $7.50@7.75; good to choice, $6.75@7.25; calves, $5.00@6.00.

Hogs—Receipts, 20 cars; market fairly steady to firm.

Sheep and Lambs—Receipts, 18 cars; market 15 to 25c lower for lambs; sheep also about 10c to 15c lower; handy wethers sheep steady; spring lambs, $5.65@5.90; handy wethers sheep, $3.75@4.00; choice to extra yearling lambs, $4.25@4.40.

THE DAY ON WALL STREET.

New York, Sept. 5.—United States Steel and Kansas and Texas preferred, with gains of ⅝, and Erie second preferred, with a loss of 2½, were the only stocks on the list whose opening changes exceeded ½. Gains predominated in the general list, but there was a fair sprinkling of declines among prominent stocks and others opened unchanged.

A drive against the short interests in Sugar lifted that stock 2 points and later buying of the Coniers started the entire market upward on large dealings. Erie common and second preferred, Reading, Union Pacific, Chicago Great Western and other active stocks rose about a point, and New Jersey Central and Glucose Sugar 3 and 4½ respectively. Trading was dull again at 11 o'clock and the market was irregular.

Speculative interest shifted into stocks not usually active, and some of those advanced between 1 and 2 points, notably American Linseed preferred and Colorado Fuel. The bituminous coal road stocks were marked up, led by Norfolk and Western and Chesapeake and Ohio. Renewed demand for currency from the interior induced selling of stocks. Brooklyn Transit lost 1⅞. Atchison, St. Paul, Union Pacific, Southern Pacific and Sugar fell a point from the best.

Bonds were steady.

The market steadied, but there was no demand of any account at the rally. Denver and Rio Grande recovered 1½. Pacific Mail advanced 2 and Chicago Terminal preferred a point. Lackawanna fell 3 and Rubber goods 1⅜ and American Linseed preferred reacted 2.

Brooklyn Transit developed weakness again and fell 3⅛ points below yesterday's close. Other prominent stocks yielded in sympathy and touched the loest point of the day. Evansville and Terre Haute advanced 3¼ with some large blocks changing hands.

A rally of a point in Brooklyn Transit checked the fall in prices, but offerings increased on the rally and prices were lower than before. Atchison, St. Paul and Union Pacific bore the brunt of this selling and were forced 2 to 2½ under the high level. Room shorts covered, but the rally did not hold. Missouri Pacific dropped 2⅛ from the highest. The closing was dull and weak.

WINONA HAD A FINE SEASON

ASSEMBLY ASSOCIATION IN EXCELLENT SHAPE.

Marked Increase in Receipts During Past Two Years—Officers Elected Wednesday.

Warsaw, Ind., Sept. 5.—At a meeting of the directors of Winona Assembly association yesterday Winona's financial condition was shown to be the best in its history. Its receipts this season were $129,000, as against 96,000 last year, and $54,000 in 1899.

At the annual meeting of the stockholders Thomas Kane, of Chicago, was re-elected president; H. P. Townley, of Terre Haute, treasurer, and Dr. Sol Dickey, of Indianapolis, secretary and general manager. Dr. Dickey was also chosen president of the Winona summer school.

PHOTOGRAPHERS WILL BUY.

Winona Lake, Ind., Sept. 5.—The Indiana Photographers' association will negotiate for the purchase of the Cyclorama building and make it a summer home and display gallery. The building is 100 feet in diameter and seventy-five feet high.

A PUZZLE PICTURE.

BOLD SWINDLE ATTEMPTED.

An attempt to swindle Jesse Brosius, of this city, out of $75 this week, was frustrated by the sagacity of ex-Sheriff Melching, who is now in the undertaking business. On Monday, Michael Cunningham, 129 West Third street, received a telegram from Fort Smith, Ark., which stated that his son, John, was dead in that town and asked that $75 be telegraphed for his remains. It was signed by J. D. Degarmo. The matter was placed in the hands of Klaehn & Melching, undertakers, who thought it might be an attempted swindle and telegraphed an undertaker at Fort Smith to send the remains C. O. D. No reply was received to this and a telegram to the chief of police brought the answer, "Degarmo cannot be found; evidently left the city." Later information was to the same effect, with the additional statement that John Cunningham is alive.

J. Y. SHOAFF & CO. SELL.

The J. Y. Shoaff & Co. retail furniture and house furnishing store at 135 Calhoun street, was this morning sold to the Indiana Furniture company, which will move the stock to its own place of business and close the room. Mr. Shoaff will leave the city for awhile and does not yet know what line of business he will take up when he returns. The Shoaff store was established about six years ago.

The Misses Lena Kentner, of Wapakoneta, Ohio, and Edith Weimer, of St. Mary's, Ohio, have returned home after a visit with Mrs. Will Hammett, of Holman street.

VALUES GROW BIGGER

Here day by day for shoe buyers, Men's and Ladies' $3.00 Shoes, made in the very latest styles, guaranteed; cut-rate price, $1.95, while they last.

Risking Life

To make a living! And we stand and stare up at the man in the clouds, wondering that any man can be so foolhardy. But what of the business man, who has barely time to snatch a hasty meal, and gulps down a lunch of pie and milk in a few minutes? He too, is risking his life to make a living. Life is sustained by food properly digested and assimilated. The result of hasty eating and irregular meals is "weak" stomach, and a "weak" stomach means a weak man. When the stomach is "weak" the food eaten is not properly digested and cannot be perfectly assimilated, so that there is a daily loss of nutrition, which in time will result in physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the assimilation of all the nutritive values of the food eaten, and so builds up the body into sound health and strength.

Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it till last week, while playing at B. F. Keith's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

SHOP AND RAIL

PENNSYLVANIA INSTALLS IMPROVED SWITCH SYSTEM.

WABASH BREAKS AGREEMENT

CLAIMS WESTERN ROADS HAVE NOT ACTED IN GOOD FAITH.

BIG MICHIGAN EXCURSION

OVER 1,000 HOOSIERS ON A PLEASURE TRIP.

The work of installing a new switch system in place of the "puzzle" switch in the Pittsburg yards between Hanna and Lafayette streets is nearly finished and the switch was placed in operation this morning. By the new method the switch-tender does not have to run about the yards, throwing individual switches by hand; instead, he remains at his shanty and performs the work by manipulating three levers. These three switch stands control the switches leading to the roundhouse, the cinder pit, warehouse, wreck-car tracks and five or six other tracks. Clarence A. Lehneke and M. Bennett have charge of the plant, working alternately day and night.

SHIPPING BOILERS.

The Bass Foundry and Machine company today commenced shipping boilers and boiler paraphernalia to the Henderson Cotton Mills company, Henderson, Ky., where a big plant is to be installed. There will be twelve boilers of 150-horse power capacity each in the plant and four of them will leave the Bass shops today. Each boiler and its trimmings will make a carload.

BIG PETOSKEY EXCURSION.

The Grand Rapids and Indiana company took over 1,000 people out of this territory for Petoskey and Macinac Island today. To handle the crowds No. 7 was run in three sections out of the city, the last two trains being devoted entirely to the excursion business. They carried 375 and 550 passengers, respectively, 150 of them being Fort Wayne people and the others residents of Richmond and the towns north of that city. The bulk of the Fort Wayne people left on the afternoon trains. The Grand Rapids company will have another excursion to Petoskey out of this city next Tuesday.

INCREASED THE FORCE.

William and August R. Klein, Henry Brake and Charles F. Kromm are new names on the Pittsburg shops' pay rolls. They have been assigned to positions as helpers in the blacksmith shop and assumed work this morning. The blacksmith shop is very busy at present and some parts of it are in operation twelve hours per day.

FOUR UNFORTUNATES.

Machinist N. J. Murphy sustained a painful wound to one of his feet Wednesday by stepping upon a nail, which entered the member to a depth of a half inch or more. Charles Baity, also a machinist, was struck in the eye by a chip of steel, which scratched and cut the optic painfully before the metal was removed. A. E. Swayne, an apprentice in the machine shop, bruised his left hand by an accidental blow from a hammer. Henry Koopman, of the boiler shop, had a foot bruised by an iron fall in upon it. All are Wabash employes.

STREET FAIR RATES.

The street and county fair season is approaching and railway companies are being importuned to make special rates to numerous towns where such fairs are to be held. Some of these requests are being granted; others are refused because the business they are likely to furnish will not be sufficient to justify any cut in the rates. Among the towns particularly favored in this way by the Pennsylvania company are Upper Sandusky, where the Jockey club holds races September 11 to 13, inclusive; Ada, Ohio, where a tri-county fair will be held September 17 to 20, inclusive, and Dunkirk, Ohio, where a street fair opened yesterday. The company will also make special rates to Indianapolis September 14 to 21 on the occasion of the meeting of the grand lodge of the I. O. O. F.

COMPLIMENTS FORT WAYNE.

The Pittsburg Post yesterday morning contained the following, which is quite complimentary to the management of the Pittsburg, Fort Wayne and Chicago road, one of the best lines crossing Indiana: "From eight to ten cars are handled on Fort Wayne No. 11, the fast mail, daily. This is a second section of the regular passenger train No. 9, but makes faster time between Pittsburg and Chicago. This mail train with eleven cars recently made the run from Pittsburg to Chicago in eleven hours, the distance being 468 miles. On another occasion when the train left Pittsburg one hour late, lost time was made up before Crestline was reached. They are doing wonderful work on the Fort Wayne main line at present, perhaps better work than is being done on any other main line in the world, considering the schedule requirements and the weight of the trains."

THE LARGEST ON RECORD.

The Wabash earnings for the last ten days of August amounted to $569,301.35, showing an increase of $36,477.74; for the month of August, $1,686,379.40, showing an increase of $159,060.96, compared with the corresponding period of the previous year, and the largest earnings of any month on record.

WABASH TO BUILD NEW DEPOT.

John B. Monning, secretary of the Commercial club, is in receipt of a letter from one of the directors of the Wabash company, in which the statement is made that the company will build a new depot in Fort Wayne next year, the structure to be commensurate with the importance in a business way of this city, which is next to St. Louis in the volume of freight and passenger traffic furnished to the Wabash. The director intimated that the station would be a fine one and would cost $100,000. He also stated that the company had in contemplation some improvements and additions to the shops, which would enable them to increase the working force to 550 men.

WABASH BOLTS AGREEMENT.

St. Louis, Sept. 5.—General Passenger Agent C. S. Crane, of the Wabash, has notified Chairman McLeod, of the Western Passenger association, that the Wabash no longer considers itself bound by the ruling of Arbitrator Martin in the matter of rates to be charged from Kansas City to Buffalo and points east thereof by its fast mail train via Hannibal. The Wabash takes the ground that its competitors have not observed the spirit of that ruling and are not living up to the agreed basis for rates eastbound from Kansas City. In self-protection, therefore, the Wabash will charge the differential rate from Kansas City by its fast short-line to Buffalo and points beyond when the circumstances justify it.

INDUSTRIAL NOTES.

Nickel Plate Fireman F. Fox is off duty on account of sickness.

Engineer and Mrs. Strasser have returned from a visit in Ohio and Michigan.

Engine 150, just out of the Stony Island shops, will go to the eastern division to go into service.

F. M. Enslen, a fireman on the Pittsburg road, has gone to Elida, O., to see his father, who is lying dangerously ill at his home in that city.

Brakemen C. J. Smith, T. H. Gallivan and G. A. Hartwick resumed their duties on the Nickel Plate yesterday. Mr. Smith had been east a week.

Passenger Engineer Peter Reilly, of the Pittsburg, has returned from an eastern jaunt, which included a visit to Washington, New York and Buffalo.

Engineer and Mrs. M. Maroney left yesterday for Petoskey and other northern Michigan resorts, expecting to remain there about three weeks.

Night Yardmaster Dan Conklin, of the Nickel Plate's Bellevue yards, has recovered from a serious illness. He is known to all the trainmen in this city who run into Bellevue.

D. J. Durrell, mechanical engineer of the Panhandle lines, on September 1 assumed the duties of assistant engineer of motive power on the Southwestern system of the Pennsylvania.

Mrs. Thomas McArdle and children returned from a visit in Ohio yesterday. Conductor McArdle was "baching" during the absence of the family and their return was most welcome to him.

Engineers P. Adams and C. A. Barnes have been transferred from Stony Island to Fort Wayne. They are on the Nickel Plate's extra list and find a residence here more convenient than at the Island.

Yesterday Patrolman Rulo, of the Pennsylvania police, returned a purse containing valuable papers and some money to Mrs. Wolf. The lady lost the purse last Sunday on one of the company's trains.

Considerable curiosity attaches to the visit of President Burt, of the Union Pacific, to New York. Before the week closes, it is thought, some important announcements will be made. President Burt passed through Fort Wayne, over the Pennsylvania line, last Sunday morning.

John Smith, a hammersmith at the Wabash shops, is sick and off duty.

Ed D. Challenger, clerk in the Pittsburg shops, is confined to his home by sickness.

H. V. Cole, night caller of Pennsylvania train crews, is taking a few nights' lay off for rest.

Charles Cook, formerly of Dayton, Ohio, has taken a position in the Pittsburg machine shop.

Engineer R. E. Doty, of the Pittsburg, went to Chicago this morning to attend to some private business.

M. R. Hardendorf and Henry Bickness, of the Pittsburg blacksmith shop, are off duty on account of sickness.

Master Mechanic G. S. McKee, of the Wabash, is still bedfast, though there has been a slight improvement in his condition.

Machinist Michael Quinn, of the Wabash, has returned from Chicago, where he was the guest of friends eight or ten days.

Boilermaker Peter Hamilton, who has been off duty for nearly two weeks, is suffering severely from erysipelas of the face.

C. C. Pearson, day caller of engine crews for the Pittsburg, resumed work today, after a ten days' visit with friends in Chicago.

William Freuchnicht, boilermaker, has returned from Peru, where he was engaged upon some special work for the Wabash for a week.

Patrick Maley, boilermaker at the Wabash shops, reported for work this morning, after an absence on account of sickness of four or five days.

The employes of Rhinesmith & Simonson and of the Anthony Wayne Manufacturing company received pay today for services rendered in August.

Foreman J. J. Beugnot, of the Pittsburg car machine shop, has returned from Clear Lake, where he spent three or four days fishing, with very good results.

Mr. and Mrs. J. F. Patterson are mentioned in the Pike's Peak Daily News as visitors at that point last Monday. Mr. and Mrs. Patterson are touring Colorado.

Wayne Templar, a machinist in the Wabash shops, who had an eye injured August 21, has recovered from the accident and this morning resumed his duties.

Machinist Allen Hamilton, of the Pittsburg shops, has taken a vacation for the purpose of visiting Cleveland and Buffalo. He left for the former city this morning.

J. E. Finley, a car builder at the east shops of the Pittsburg, fell from a trestle yesterday and bruised his side so badly that he will not be able to work for a few days.

William H. Noll, a trainman on the Pittsburg road, his wife and children, left today for Muskado, Wis., where they will spend three weeks with relatives and friends.

Ed White resumed his place in the Pittsburg car machine shop this morning, after an eight day's absence. He was attending the Pan-American exposition, accompanied by his wife.

Conductor Ed Ebert and Brakeman A. G. Meyers, of the Pittsburg, are taking a lay off to look after private matters. Brakeman C. S. Orcutt, who was off duty a few days, reported for work this morning.

E. W. Dartnell, clerk in the Pittsburg shops, is able to leave his bed and yesterday came down stairs for the first time since he was taken ill about three weeks ago. He had a severe attack of typhoid-malaria.

Engineers Joseph Leeper and D. P. Eldred are sick and Fireman G. Dill is disabled by a sprained hip. Engineers J. C. McCarthy and Chester Durnell are fishing at Rome City today. All are Pittsburg employes.

J. S. Lee, Nickel Plate engineer, resumed work yesterday after an absence on account of sickness in his family. His wife, who has the inflammatory rheumatism, is better, and his son, who had the scarlet fever, has completely recovered.

W. F. Watterson returned from Chicago last evening and will remain here a few days. He was in Chicago, familiarizing himself with the yards of the Nickel Plate, of which he is soon to be the general yardmaster. The change will take place some time next week.

R. C. Chase, collector for A. G. Porter lodge, Brotherhood of Locomotive Firemen, who, with his family, has been spending two weeks at Rome City, will return home next Saturday and assume his new position in the Novitsky shoe store. Mr. Chase has quit the confectionery business.

Mr. and Mrs. George Plauson went to Stryker, Ohio, today for the purpose of attending a reunion of the Plauson family, which will take place on the homestead a few miles out from that city tomorrow. Mr. Plauson is employed in the office of Shop Clerk J. H. Hobrock at the Pittsburg shops.

Indianapolis Journal: "Twelve hundred shares of Lake Erie and Western preferred stock changed hands on Saturday at 120. This road is coming to the front so rapidly that it is attracting the attention of investors, and its development under the control of the Lake Shore is yet in its infancy. After the improvements to its roadbed and equipment as now planned are perfected the Lake Erie and Western will be a fine road."

The Fort Wayne Electric company will put in a lighting plant for the Ephraim Creek Coal and Coke company, at Stone Creek, W. Va. A 3,000-light dynamo and all the paraphernalia for that purpose left the works this morning. The company also shipped a 240-light generator to the Kelley Foundry and Machine company, of Goshen, Ind., today.

A letter from Master Mechanic C. H. Doebler, of the middle division of the Wabash, in answer to an inquiry concerning the condition of Boilermaker James Fred, of this city, who is in the company's hospital at Springfield, states that the patient is getting along nicely. It was reported here that Mr. Fred was in a dangerous condition. He has a gathering in his head.

Mr. and Mrs. George Lamb, who were here two weeks, the guests of relatives and friends, have returned to their home in Frankfort, Ind., Mr. Lamb is a passenger engineer on the Clover Leaf road. He is an old Fort Wayne boy and before he went to the Clover Leaf he was employed as a fireman on the Pittsburg road. He is familiarly called "Sheep" Lamb by his friends here.

Mr. and Mrs. A. W. Thompson, of 615 South Hanna street, entertained a number of their neighbors and friends last evening. An interesting feature of the evening's amusements was witnessing the unfolding of two magnificent night-blooming cereus plants, which were pronounced the finest the company had ever seen. Mr. Thompson is employed in the Pittsburg blacksmith shop.

The approaching marriage of Miss Edna M. Hale, of Bellevue, and Harry E. Rouzer, of this city, announced in The Sentinel last evening, was an interesting topic for conversation in Nickel Plate circles today. Harry has been employed on that road for a number of years, first in a clerical position in the yard office and later as a passenger brakeman, and no man was ever more popular with his associates than he. Mr. and Mrs. Rouzer will reside in Bellevue.

Saloonkeepers who have recently opened shops at the various divisional headquarters of the Alton road to catch the nickels and dimes of the employes of that system are destined to lose money, says the St. Louis Globe-Democrat. Since this road came under new management the saloon men got the idea that the old rule against the use of intoxicating liquors by Alton employes would not be so strictly enforced. Under the old management the Alton became known as the most "sober" road in the country. The rules of this road went so far as to forbid employes from even entering places where liquor was sold either on or off duty. President Felton recently heard that saloons were again making their appearance near the shops, roundhouses and offices in Bloomington and other headquarters towns. He has issued notices to the effect that the slightest violation of any of the non-drinking orders of this company will be considered as cause for dismissal.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials,

Between Seasons Garments.

For a period of several weeks, twice a year the Top Coat furnishes a peculiar comfort and satisfaction. Good dressers regard it as a very necessary garment, some indifferent ones get along without it. For health's sake—for appearance's sake—and because it's right and proper you should always own a Top Coat rightly tailored. That's Mautner's kind.

LOCAL LINES.

Mr. and Mrs. John Vordemark are visiting friends in Chicago.

George Luesch has gone to Lake George to spend a few days.

C. A. Newton, of Toledo, visited friends in the city yesterday.

J. W. White returned from a business trip to New York today.

Emil Keitler has returned to Lima, Ohio, after a visit here.

Miss Ida McIntosh, of Hoagland, is visiting Miss Laura Peltier.

J. M. Haley has been appointed trustee in bankruptcy in the case of John Figel.

Mr. and Mrs. W. D. Miller, of Arlington, Neb., are the guests of Mrs. N. A. Huston.

Reuben Reid, of Greenville, Ohio, is spending a few days in the city, visiting friends.

Mr. and Mrs. Gus Jackson and William Smiler have gone to Lake George for several days' outing.

Mrs. Henry Smith, of 106 West DeWald street, has returned home after a visit with her daughter in Logansport.

Frank Harber, of Southbridge, Mass., who has been visiting his parents on West DeWald street, has returned home.

A council of the Knights of Columbus will be instituted at Anderson September 22 and a number of knights from this city will attend.

A surprise party was given for Miss Lizzie Crow last evening at her home, 224 East Wayne street. It was the occasion of her sixteenth birthday anniversary and a number of her friends were present to help celebrate the event.

W. P. Breen and John Morris, jr., have returned from Denver, Col., where they attended the sessions of the American Bar association. The attorneys report a most enjoyable time and they are enthusiastic in their praise of the wonders of the west.

Muncie Herald: "Edward Manok is in Fort Wayne, where he attended the wedding of his sister, Miss Julia Manok, to Jocab Stieb. The wedding occurred in St. Paul's church Tuesday morning. Miss Manok is the daughter of Mrs. Crescentia Manok, of East Jackson street, this city, and is quite a well known and popular young lady."

The members of the Eintracht Singing society surprised George Strodel Wednesday evening in honor of his fifty-sixth birthday anniversary. Mr. Strodel has been a resident of this city since 1857 and was at one time the proprietor of Nimrod hall, a popular German resort. Mr. Strodel was for a number of years a member of the volunteer fire department, making many a run with the boys of the Alert company.

Miss Clara Zimmerman, stenographer at the Wayne Knitting mills, and Miss Lulu Bird, of Auburn, Ind., have returned from the Pan-American exposition.

Huntington Herald: "Miss Katie Wilhelm, cashier at the Globe, has gone to Fort Wayne to visit friends several days.—An affidavit has been filed for a change of court in the case of John Nieman vs. the Fort Wayne Gas company, venued to this county from Allen county."

Bluffton Banner: Miss Thamer Clark, of Fort Wayne, is here visiting Mrs. Sol Nelson for a few days.—Jim Clark came home this morning after a week's visit with relatives in Fort Wayne.—Mrs. Barney Wisemantle and daughter, of Fort Wayne, are visiting Lew Starr and family.—Arch Gorden went to Fort Wayne today to sell some road horses.—Mrs. John Painter spent the day with Fort Wayne friends.

Huntington News-Democrat: "A delegation of Reformed church people will attend the orphans' anniversary at the church orphanage in Fort Wayne Thursday. Chris Felger has returned to Fort Wayne after two weeks' visit with the G. W. Stahl family. Miss Lena Allman will return home from Fort Wayne this evening.—Mrs. J. W. Younge and daughter, of Fort Wayne, were callers in the city today.—Machinist Turner, of Bass works, Fort Wayne, began work in the shops this morning."

GIRL IS DETERMINED TO DIE

EMMA KAISER PERSISTS IN ATTEMPTS AT SUICIDE.

Hamilton, Ohio, Officers Ask Sheriff Stout to Come and Take Her in Charge.

Emma Kaiser, the Fort Wayne girl who has been keeping officers in Ohio, Indiana and Kentucky busy during the last year trying to prevent her from committing suicide, has broken into prominence again. This morning Sheriff Stout received a letter from Edward A. Jones, judge of the probate court at Hamilton, O., stating that this girl, giving her residence as Fort Wayne, Ind., has been incarcerated in the jail at that place since August 26 and that during her incarceration she gave indications of strong suicidal tendencies.

She was on Tuesday turned over to the care of the Young Men's Christian association of Hamilton for safe keeping, but yesterday she was again found on the streets headed for the river where she said she would put an end to all her troubles. She was intercepted and again locked up. Judge Jones said that a week ago a telegram was sent to Charles Kaiser, her father, on Hoagland avenue, informing him of her presence and condition and asking him to come on and take care of her. To this telegram no reply was received and the judge asks the sheriff to come to Hamilton and take care of her.

Sheriff Stout is investigating the matter, but has come to the conclusion that the girl having been in Hamilton, off and on, for over a year, she has earned her residence there, and that as the girl's father has taken no action she is a charge on the Hamilton officers and not on the Fort Wayne officers. It will be remembered that the girl tried to commit suicide at Hamilton about a year ago, later tried to jump off the bridge at Covington, Ky., and about two weeks ago tried to do a similar stunt at Richmond, Ind., from which place she went to Hamilton. The Hamilton judge says that there is no doubt but that she is insane.

CORN PROSPECTS IMPROVED

ALLEN COUNTY PROMISES FAIRLY GOOD CROP.

Indications Point to Three-Fourths Usual Yield—The Situation Elsewhere.

Reports from the country districts this week are to the effect that Allen county farms this fall will yield from 75 to 80 per cent of the usual corn crop, and that there will be an abundance of late vegetables, such as tomatoes, cucumbers, sweet corn and melons.

The late rains which it was thought came after the corn was gone and would entirely ruin the crop, saved the most of it, and in the lowlands the yield will be even larger than last year. On the highlands the most damage was wrought by the drought and the crop is a partial failure. Charles Branstrator and other prominent farmers in the low country west of Fort Wayne, were in the city today, and said that their corn is better this year than last.

G. Max Hoffman has brought in samples of corn from his fields near Alexandria, which, he says, will yield from thirty-eight to seventy bushels to the acre. The average acreage will be about fifty bushels. North of Huntertown the crop is extraordinarily good, and around Syracuse and Albion much better than was expected a week ago. The frost remaining off the ground and the weather continuing favorable has caused a large increase in the yield of late farm products of all kinds.

NEW OFFICERS ELECTED.

The following officers have been elected by the Library Hall Athletic association: Spiritual directors, Rev. P. J. O'Reilley and Rev. James Fitzpatrick; president, Charles J. Ryan; first vice president, F. J. Murphy; second vice president, F. A. Biemer; secretary, Edward Remmert; treasurer, Joseph Dolan; house committee, T. J. O'Dowd, Fred Stahl, E. J. Barry; board of directors, Cathedral, A. K. Baker and P. J. Morna; St. Patrick's, J. E. Ford; St. Paul's, J. H. Strang; Precious Blood, James McVey; St. Mary's, Peter Lauer; entertainment committee, P. E. Brennahan.

All persons desiring to consult the principal of the high school in regard to school work for the current year are requested to call at his office in the high school building between 9 and 12 o'clock Saturday, Sept. 7th.

Ed. Schele's Fine Window

The finest cigar display ever witnessed in Fort Wayne is at the present time on exhibition in the show window of Ed Schele's popular cigar stand.

The cigars on display are manufactured by William Steckbeck, namely the "Havana Seal."

The display shows the "Havana Seal" in all of its stages, from the seed that is placed in the ground to the ashes that fall from the cigar.

The "Havana Seal" is one of the very finest 5c cigars manufactured, and its popular manufacturer, Mr. Steckbeck, has spared neither time or expense in perfecting this brand.

If you want the finest smoke in the city for 5c try the "Havana Seal."

MONDAMIN MEADOWS DAIRY CO

A CLAIM PROMPTLY PAID.

FORT WAYNE, Sept. 4, 1901.

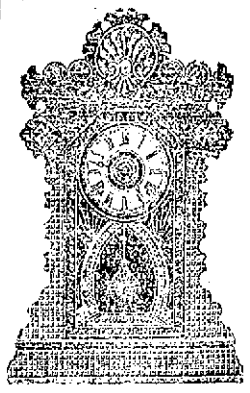

We desire to express our appreciation for the promptness and the satisfactory manner in which claim has this day been adjusted in the "Prudential Insurance Company of America" on the life of Mrs. Johnson, living at No. 60 Maumee avenue. Amount of policy was paid eight hours after death, together with additional dividends of $5.55, which was more than our policy contract called for. This payment was voluntary upon the part of the company, and I heartily thank the company through their representative for the kindness shown me in this adjustment, and I can cheerfully recommend to the insuring public the Prudential Insurance company who desire to avail themselves of substantial insurance. Again thanking you, I remain very respectfully,

MARY UMSTEAD,
OTA JOHNSON.
